Rare good fortune it is for a designing hunter to come across a big buck deer asleep, and that only 12 paces away. Tim Rippee, Heppner Flat farmer, had just such an experience shortly before the end of the recent open season.

"The big fellow was just as good as tied up for me," Tim said. A better shot could no man want, and though Mr. Rippee's aim was not altogether to his liking, having hit the animal about an inch lower in the neck than he hoped for, the one shot was sufficient to break its neck and it hardly twitched a muscle. Though the animal was not weighed, Tim said it was guessed at 250 pounds; but whatever the weight, was sure a nice one.

SHRINE HOSPITAL STARTED. Spokane, Wash.—Ground has been broken for the Shriner's new hospital for crippled children, in Spokane. The ceremony was held on the ground of the St. Luke's hospital, where the children's hospital will be built, and the construction will be commenced shortly.

It is for the benefit of this enterprise that the Spokane versus Inland Empire all-star football game will be played at the Gonzaga Stadium, December 5. The Spokane Shriners have set their goal at a profit of

\$15,000 which, if attained, will make immediately available, a bequest of \$10,000 from the Sam. Galland estate, thus augmenting the fund for the new hospital by \$25,000 at one stroke. It is going to be a good game and a great objective.
