### WARNS PUBLIC

DR. GRACE KIRKLAND, M. D., well known woman doctor, warns against continued use of drastic purgatives.

"Ten years medical practice has convinced me that persons suffering from functional debility as indicated by pasty complexions, faulty digestion, poor assimilation, chronic or occasional constipation, acidity, gas, unrefreshing sleep, nervousness, biliousness and toxic headaches, should shun the frequent use of calomel, salts, oils or other drastic habit-forming purgative drugs. "After observing the action of Sargon and Sargon Soft Mass Pills in a great many cases I feel free to say I have never seen a formula as uniformly effective as the Sargon treatment for the disorders mentioned above. I have seen countless cases of wonderful results from the use of Sargon, and I consider it a real privilege to recommend this remarkable new treatment." Dr. Kirkland is a resident of Atlanta, Ga.
