Free Air

A COLUMN OF FUN AND FACTS (Edited by Dean T. Goodman from his private sanctum down at the Heppner Garage.)

JANUARY 8, 1931.

Well, folks, here we are back on the air again bright as the morning sun and stronger than the proverbial horseradish, ready to knock Old Man Adversity on his ear and lend our moral and mental support to all worthy causes. So bring us your troubles (we specialize in car and tire troubles, you know) and we will soon show you how to remedy them.

What this country needs—More ash cans to throw Christmas ties into.

Pathetic Figures. The little boy who has to wait until his father goes to work so that he can play with the mechanical toys.

DON'T WAIT IF YOU NEED TIRES. WE ARE ESPECIALLY WELL PREPARED TO CARE FOR YOUR NEEDS.

This is the time of the year when an economical bloke can paper his house with the calendars he receives from obliging firms.

As our hair gets scarcer, and we grow more and more sophisticated, we find the old idols are one by one being razed to the ground. One miniature playing golf, and the next miniature put, but that venerable institution—Santa Claus—merely smiles in his whiskers and becomes the more popular.

Nevertheless, usually just before Christmas rolls around each year, it is customary for all adults (adults are people who have stopped growing at the ends and have commenced growing in the middle) to swear a mighty resolve that this year come what may, they are positively going to give to the children only.

"This business of buying expensive gifts for people who are better off than we are is ridiculous," they thunder, and they roundly denounce the practice in those deep, reverberating tones that are supposed to denote determination.

Then, thoroughly convinced of the foolishness of it all they forthwith proceed to take out a second mortgage on their respective home-steads, in order to buy a pedigreed beagle pup for a forty-second cousin in Oshkosh, and a fur-lined radio scarf for the wife's great aunt in Oskaloosa.

If it tires you need you ought to look over our brand new stock of GOODYEARS. We carry the most complete range of sizes in the city in both balloons and high pressures.

Famous Last Words. "It tastes like the real stuff!" "Thirty dollars or ten days!" "Shoot it all!" "Aw, 't ain't loaded!" "I'll beat him across!" "I'll take that dare!" "You're another!" "I believe she'll do seventy!" "Yer discharged!"

"Mother, was your name Pullman before you were married?" "No, dear, why do you ask?" "Well, I just wondered. I see that name on a lot of our towels."

He: "I like any kind of wild game. Do you?" She: "Yes; do you happen to know a good one?"

The next war in this country will be between filling station folks and the pee wee golf folks to see who will get "that" corner.

The next time you're chilled to the bone—put your hat on.

A good resolution to make is to buy only the best tires in 1931 because the best are always the cheapest. GOODYEARS have been the BEST tires for many years—and this year they are better than ever.

And have you ever noticed that a duck walks as if he had just stepped out of an Austin.

"What do you suppose my score was today?" "Double." "Double! What do you mean?" "Well, double what you're going to tell me."

YOURS FOR A GOOD YEAR IN 1931. Vaughn & Goodman (HEPPNER GARAGE) "Where Quality and Service Meet"
