We're still dizzy from the drop in building materials. Our loss is your gain. Repair and build now when labor and material are the lowest.

Foreman: "How is it that although you and Jim started digging at the same time he has a bigger pile of dirt than you?"

Sambo: "Why, boss, he's diggin' a bigger hole."

Save money by buying your coal off the car. Order now, we have two cars on the road.

"Dorothy is getting a man's wages now." "Yes, I heard she was married."

It is only a little while until hatching time for chicks. Are you prepared with brooder houses, insulated with Fir-tex? Many places on the farm can be improved with insulation.
