**NOVELTY FEATURES** CHAUTAUQUA PROGRAM

DeWillo Bringing Only Instrument of Its Kind in the World

One of the unique and pleasing features of the coming Chautauqua will be the concert to be given by the DeWillo Concert Company, The Company has been on tour for twenty years and is headed by De-Willo Semerau, who has a wonder-ful Concertina Grande, which is the only instrument of its kind in the world. The Concerting Grande approaches a pipe organ in tone volume and is the equal of a concert band in the difference of tone

DeWillo is the world's recognized master on this instrument. He has been engaged in all lines of professional concert work and many times has taken the place of an en-

Report of grand jury In the Circuit court of the county of Morrow, state of Oregon. To the Hon. D. R. Parker, judge of the above entitled court:

We, the undersigned, duly empaneled as the grand jury for the December term, 1930, of the above entitled court, respectfully report as follows: We have been in session three

days. We have returned two true bills and one not true bill.

We have investigated all matters pertaining to the violation of the criminal statutes of the state of Oregon committed or triable in Morrow county, which have been brought to our attention, or of which we had any knowledge.

We have examined the county offices connected with the administration of justice and find them properly conducted, the officers being courteous and efficient and the records of such officers so far as we can determine, being properly kept.

We have examined the jail and found it in good condition. We also examined the county house and find that part of it is somewhat dilapidated, but that part is unoccupied. We recommend that the premises about the county house be cleaned up and that the dry grass be removed or burned so as to reduce the hazard from fire.

We recommend that the county court take some steps to provide water for irrigating the trees in the grove back of the court house, and would suggest that an effort made to procure water through the old mill flume, if practicable; and if this is not practicable, that the court try to make arrangements with the city of Heppner for pumping water from the city wells at the old power house.

We have investigated as far as we are able to do the methods pursued by the county in distributing gasoline from the county supplies, and we recommend that a closer check be kept upon the distribution of the county gasoline, and that the county furnish no gasoline for any cars or trucks except the county cars and trucks, and that no gasoline be sold by the county to

the general public. recommend that a closer check be kept on the meals furnished at the county road camps to the end that all meals so furnished be dren, until further order of the properly paid for.

We have investigated methods of spending and accounting for monies spent upon the public roads, & Childers, attorneys for defend-and it appears that there has been ants; F. A. McMenamin, attorney negligence on the part of the county court in accounting for the expenditure of such moneys. Money has been transferred from one road to another and repaid without any proper orders of record, in a number of instances. A closer check of such transfers should be kept by hte court and orders entered of record when any transfer is made There should be a system of ac-counting installed whereby it would be possible for anyone desiring in-formation as to the sources of the money and the application thereof to be able to ascertain such infor-

mation readily and accurately. We recommend that private cars and trucks used for county purposes be placed upon a mileage basis, and that the owners of such vehicles bear all the expense in the operation thereof.

We have examined the records pertaining to the expenditure of the prohibition funds by the sheriff and district attorney and find that said funds have been properly expended and accurately accounted

Having completed our labors, we beg to be excused further attend-ance on the court.

Respectfully submitted, Dean T. loodman, foreman; E. L. Groshens, J. O. Hager, Lewis Cason, R. H. Zinter, A. E. Johnson, P. S. Griffin. Mrs. Susie Kistler was appointed court reporter pro tem in the ab-sence of J. S. Beckwith, official court reporter, and entered upon her duties after taking the oath of office.

#### ACID STOMACH

EXCESS acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips Milk of Mag-nesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips Milk of Magnesia neutralizes instantly many times its volume in acid. Harmless, and tasteless, and yet its action is quick. You will never rely on crude methods, once you learn how quickly this method acts.

Be sure to get the genuine. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Philhps Chemical Com-pany and its predecessor Charles H. Phillips since 1875.
