

IONE.

(Continued from First Page.)

Mr. and Mrs. Fred Ely of Walla Walla arrived in Ione Sunday and visited briefly with relatives. Mrs. Ely returned to her home Monday but Mr. Ely remained here and will work during harvest for W. F. Palmateer. They were just returning from a trip to Estacada where they had been called by the serious illness of Mrs. Ely's father, John Duddy.

John Young of Hood River was a dinner guest Tuesday at the J. W. Hawk home. Mr. Young was enroute to Lexington on business.

Mr. and Mrs. Elmer Griffith left Tuesday by auto for Eugene to visit Mrs. Griffith's brother, George Goodall. Mrs. Keithley Blake is looking after the Griffith home while they are away.

The Garger brothers have leased land from the O-W-R & N company and are building a platform from which they will unload their wheat directly from the trucks into the cars for shipping, thus saving much expense. They plan on starting harvest operations next Monday and have between 1600 and 1700 acres to cut.

Mrs. George Krebs of Cecil is in Portland for a tonsil operation.

Guests at the Ernest Shipley home from Friday until Sunday were Mrs. Earl Allen of Lostine and Mrs. Lesley Reppinger of Enterprise, mother and sister of Mrs. Shipley.

Mr. and Mrs. Ed Keller moved into their home on Main street on Monday. The Kellers have been living in Pendleton. Their son, Frank, might have the advantage of the high school at that place. Frank finished his high school course in June and is spending this summer on a ranch near Weston.

Mrs. Ed Moore left Monday for Portland where she will visit her daughter, Mrs. Wrex Hicock. Mr. Moore plans on going to the metropolis later and both will remain until after the fourth.

Mrs. John Troedson and son Carl motored to Portland Monday, returning Wednesday. They met Francis Troedson in the city. He is returning from a pleasant stay in California. Miss Linea Troedson remained in the southern state for a more extended visit.

Mrs. F. C. Tews and son, Paul, and daughter, Joan, of Seattle departed Wednesday for Portland where they will be joined by Mr. Tews and will spend several days before continuing their journey to their home city. Mrs. Tews was formerly Miss Elva Troedson, an Ione girl who received her high school education here. During her stay here, she was a guest of honor at several social affairs. Mrs. Henry Smouse entertained for her last Thursday at the Smouse ranch home, and on Sunday a picnic dinner was served at the Emil Swanson home, where Mrs. Tews was again honor guest. At this dinner 34 were present, F. A. Lundell, the Ernest Lundell family, Mr. and Mrs. Frank Lundell and children, the C. W. Swanson family, Mr. and Mrs. Henry Smouse and four children, Mr. and Mrs. Alfred Troedson and daughter, Carl Troedson and the Emil Swanson family. Following the dinner, Mrs. Tews and children, accompanied by Mrs. Emil Swanson, Miss Eva Swanson, Mrs. Ernest Lundell, Mildred and Helen, Mrs. Cleo Drake and Bobby, Mrs. Henry Smouse, Helen and Shirley, motored to the Jesse Warfield home where the regular monthly missionary meeting of the Swedish Lutheran church was being held. Here Mrs. Tews again had the pleasure of greeting many old friends. About forty people were present at this meeting. An interesting program was given at the close and delicious refreshments were served.

Mrs. Ellen Reith returned home recently from a pleasant visit at the home of her brother, Robert Short, who resides at Morsy Rock, Wash.

A grass fire was accidentally started Monday afternoon on the hills south of town. The blaze spread well over the butte and it required lively work on the part of several boys to extinguish it. Last week a grass fire was started on the north side of the highway below town, presumably by a lighted cigarette thrown from a car. Several telephone poles were damaged by the fire, and had to be replaced.

Miss Lucy Montgomery, a former Ione girl, was a guest at the Park hotel Tuesday night and on Wednesday called on a few of her many friends here. She was traveling with her uncle, A. E. Montgomery of Portland, with whom she makes her home. They were en route to Helix where Miss Montgomery will visit for two weeks with her father, R. A. Montgomery, and with her brother, Robert.

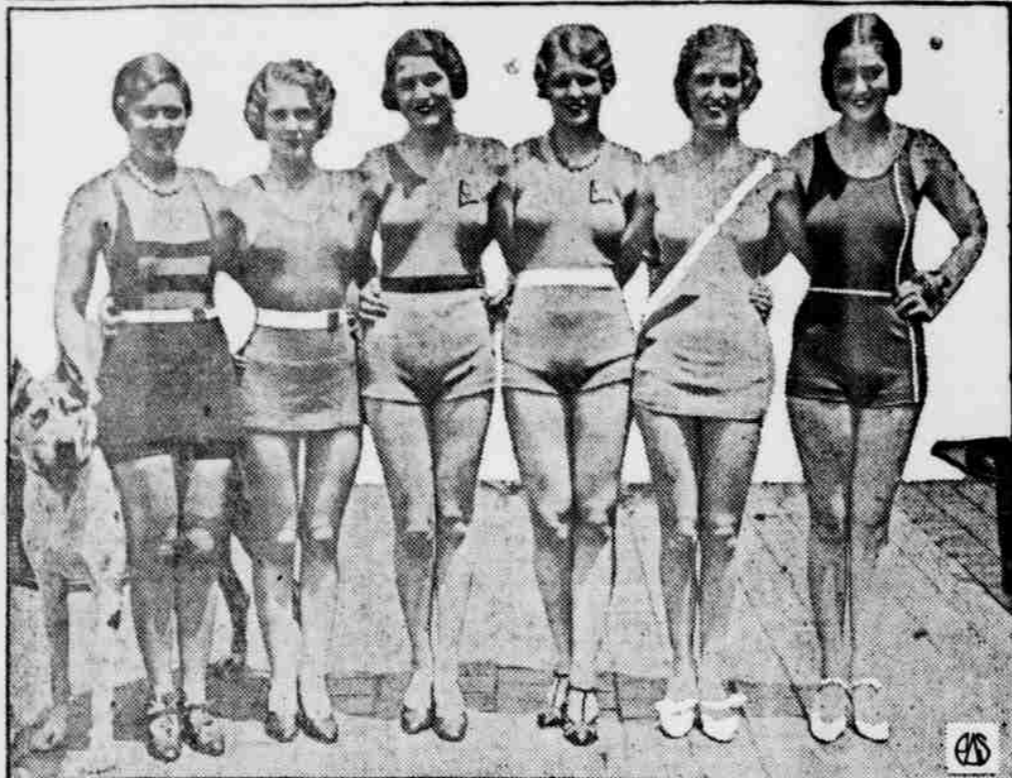

Mark Agee of McMinnville is here for the harvest season. He is at work on the Henry Smouse ranch. On Monday A. T. Odum started delivering 1931 wheat to the Morgan warehouse and by Wednesday had in 500 sacks. It is turkey red, testing 58 1-2. Harvest will be on in earnest next week.

American girls will have to look to their laurels, judging by the looks of six European beauties who have crossed the Atlantic in an effort to become "Miss Universe." The girls are (left to right) Lucienne Nahmais, France; Inga Norberg, Sweden; Gerd Johansen, Norway; Karen Schentz, Denmark; Daisy Friedberg, Germany; and Netta Duchateau, Belgium.

MAKES REPLY TO PRESS COMMENT

Pacific Power & Light Company, Portland, Oregon, June 18, 1931. The Oregon Journal: The article in the Journal of Wednesday, June 17th, concerning the comments of Examiner Harris of the Federal Trade Commission in the investigation of Pacific Power & Light Company, contains the following statement:

"Dividends returned to the American Power & Light Company during twenty years on its investment in Pacific Power & Light Company average 5.38% yearly."

This statement, as shown by Mr. Harris's testimony and his written report to the Federal Trade Commission, does not mean, and was not intended to mean, that the American Power & Light Company has earned this rate of dividend on its common stock in the Pacific Company. It does mean that, according to Mr. Harris's figures of the American Company's original cash investment in this common stock, the American Company has earned only an average of 5.38% per year on its actual cash investment in the common stock over the twenty-year period under investigation. This 5.38% is obviously very much less than the lowest rate anywhere recognized as necessary for a fair return.

The reference in the press report to Mr. Harris's testimony concerning engineering fees is also liable to misinterpretation. During the period referred to in the article, the American Company supplied all of the engineering service for the Pacific Company, and maintained and paid for the engineering departments both in Portland and in New York engaging in investigating, designing, planning and directing all engineering and construction work for the development of the Pacific property.

As compensation or reimbursement for these services and expenses, the American Company received a fee of 10% upon the actual cost of the principal items of new plant additions and improvements, excluding however the cost of meters, automobiles, office equipment and many other items on which the fee was not computed. The amounts paid for these engineering services and expenses have been in line with standard engineering costs throughout the country. In our judgment, the arrangement has been very favorable to the Pacific Power & Light Company and its customers, and it has been so regarded by everyone who has had occasion to make a critical examination of the work, services and

expenses covered by the fee. Another point which should be kept in mind, in reading such statements as reported in Wednesday's article, is that the rates charged by the Pacific Company to its customers has never been based on computed on the amount of bonds and stocks outstanding. Public valuations or appraisals for rate making purposes have disregarded capitalization entirely, and have confined their consideration to the prudent cash investment in the property actually employed in serving the public.

As to the amounts spent by Pacific Company for opposing political measures which it regarded as unwise and against its own and the public interest, the records filed in the Secretary of State's office show these expenditures in complete detail; that they consisted chiefly in advertisements in the newspapers and in printed matter sent out over the signature of the responsible officers of the company, and that not a single dollar was spent for any questionable purpose. None of these expenditures has been charged to the operating expenses of the company, but on the contrary all have been charged against the common stockholders' interests.

C. W. PLATT, Secretary and Treasurer.

PINE CITY Mr. and Mrs. Walt Wigglesworth were visitors at the Burl Wattenburger home Sunday evening.

A party was given by the Misses Lila Bartholomew and Naomi Moore at the Bartholomew home Saturday night. A large number of young people and also several of the parents attended and all reported having a most enjoyable time. The evening was spent in playing games after which delicious refreshments of ice cream and cake were served. The party was given in honor of Miss Helen Jarmon who

was a prisoner of Christ Jesus; just as he was proud to call himself the slave of the Christ. No bond could be called servile, no chain could be burdensome, if only it held him firmly to his Savior.

Christ's prisoners, no matter what their other state may be, rejoice in the liberty wherein Christ has set His followers free. All are life prisoners who follow Christ, and would not have it otherwise, for this sort of imprisonment means LIFE IN-DEED! Eternal life hereafter!

"For this cause I, Paul, the prisoner of Jesus Christ for you Gentiles," Eph. 3-1.

The only service for this coming Lord's Day (account the absence of the minister at the state convention), will be the Bible school, followed by the Communion service. Be here for the Bible school and remain for the spiritual benefit and uplift of the communion at the Lord's table. A full day of services next Lord's Day. You are invited. "O, give thanks unto the Lord; for He is good; for His mercy endureth forever." Psalm 107-1.
