

IONE

(Continued from First Page.)

Little Miss Charlotte Sperry was six years old September 3, and in celebration of the event her mother, Mrs. E. G. Sperry, entertained a party of the young ladies' friends at the home of the grandmother, Mrs. John Lowy, in Ione. The children enjoyed games and did full justice to the delicious ice cream and cake served by Mrs. Sperry. Those present were the honoree, Miss Charlotte, and Helen Blake, George Griffith, June Griffith, Van Rietmann, David Rietmann, Reta King, Iris King, Jimmie Barnett, Mary Barnett, Ernest McCabe, Glen Warfield, Anabelle McCabe, Earline Farris, Eileen Sperry, and Jimmie Cochran of Arlington.

Elmer Griffith and four children motored to Pendleton Friday, returning the same day.

William George, son of Mrs. Charles Battersby, departed last week for Eugene where he will enter the University of Oregon as a student in business administration.

Ione was very quiet during the Rodeo. Everyone who could attend the big show and all report it bigger and better than ever. On every hand we hear words of praise for the parade which was held at 10:30 Saturday morning. The weather man gave us summer weather until the close of the Rodeo. Sun, rain clouds overhead and a touch of autumn in the air. Everyone is wishing for rain. Our drought has been unbroken since June 27—over seventy days ago.

Roland Wade returned Monday to his home at Walla Walla, after a pleasant visit with his sister, Mrs. E. J. Bristow.

Bert Johnson Jr. of Portland has been visiting his father, Bert Johnson, on the ranch north of Ione. The young man was accompanied by a friend, Mr. Jarvis, also of Portland. The two also visited at the Henry Simouse home, and from there took their departure for the city at an early hour Monday morning.

Alfred T. Odum has moved his family from Salem onto the farm which he owns four miles from Morgan. Mr. Odum has been spending some time each year on the ranch, but now has decided to make his home there.

Charley Allinger returned home Sunday morning from a most enjoyable six weeks' trip. While away he visited relatives and friends in the states of Illinois, Indiana, Michigan, Ohio, and Missouri. At Detroit, Mich., he had the privilege of visiting the Ford factory, and from this point made a trip over into Canada. In Indiana, he visited his old home town, Santa Claus. This eighty year old town has won fame by its name, and each Christmas time the postoffice does a rush business. Hundreds of people all over our country receive letters and cards from this office and thus really receive greetings and kind wishes from Santa Claus.

Here Mr. Allinger attended an enthusiastic Methodist camp meeting. At one service 1500 were in attendance. His route home took him through the Royal Gorge and he enjoyed a stop-over in Salt Lake City where he listened to the wonderful organ concert in the Mormon tabernacle and visited the city museum.

Mr. and Mrs. Louis Balsiger made a pleasant week-end trip to Woodburn where they visited Mrs. Balsiger's sister, to Newberg, the home of her parents and to Vancouver, Wash., where Arnold Balsiger, Mr. Balsiger's brother, resides.

Inez and Mary Merritt have gone to Redmond where they will attend school this year, and be near their mother. The two girls have been staying in Ione with their grandmother, Mrs. Inez Freeland.

Charlotte McCabe returned home from Mossy Rock, Wash., in time to enter school. She made the trip over into Washington in company with her brother Clifford, who remained there with relatives. This will be the young man's second year in the Mossy Rock school.

Mr. and Mrs. Paul Balsiger and son Alfred motored to Darrington, Wash., for an over-Sunday visit at the home of their son-in-law and daughter, Mr. and Mrs. Allan Learned.

ACID STOMACH

EXCESS acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention. One spoonful of Phillips Milk of Magnesia neutralizes instantly many times its volume in acid. Harmless, and tasteless, and yet its action is quick. You will never rely on crude methods, once you learn how quickly this method acts. Be sure to get the genuine. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

BWARE OF YOUR FRIENDS!

"A man's foes shall be they of his own household." Matt. 10:36. This applies not only in the family household, but in the household of one's friends. In the household of our friends we often encounter our most dangerous foes. Our out and out enemies can do us but little harm, compared with that which our friends MAY do us. The world discredits what is said and done against us by those who are known to be our enemies. It is expected that they will try and harm us. Besides, being warned against them, we are on our guard. Who makes a man a drunkard? Not his enemies, but those who are popularly termed his friends. It is not his enemy but his friend (?) who slaps him on the back and says, "I know where we can get some real pre-war good stuff; come on and have another drink, one more will not do you any harm; come on and be a good sport for this time."

Beware of your friends. However good their intentions may be, they may unwittingly do you harm untold.

This coming Lord's Day will be a great day in our Bible School and Church worship. If you have not a Church home, we invite you to come and worship with us. Come and join in our great Rally Day program of good things in both Bible School and Church services. The sermon topics for the day are: For the morning service: "Weighed." And for the evening service: "Selling Out."

Come to church! We invite you!

The car of Harvey Meyers of Echo was wrecked Thursday night while coming to band practice. O. F.
