POISON in Your bowels!

Poisons absorbed into the system from souring waste in the bowels, cause that dull, headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied constipation for over forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstore sell.

Local Men in Accidents In Wallowa County, Said

Willie Doherty, said to be from Heppner, and Jim McGovern, also Martin Turner (given as Martin Keanier in the Wallowa Sun), were reported as automobile accident victims in last week's Wallowa items in the Enterprise Record-Chief. The items said:

About 7 o'clock Monday evening while rounding the curve at the corner of the Miller hotel on the main highway, a Chevrolet coupe driven by Rev. S. E. Smutz of Joseph, accompanied by Theima Melger of Walla Walla, collided head-on with a Dodge roadster driven by Willie Doherty, a sheep man from Heppner, accompanied by Jim McGovern, another sheep man. All four occupants of the cars were taken to the Wallowa hospital where it was found none were seriously injured altho all were cut more or less with glass as well as bruised. Both cars were badly wrecked. Miss Melger, who has been in poor health, was on her way to Joseph to visit the Smutz family, thinking that a change in altitude would be a benefit to her, and is an old friend of Rev. and Mrs. Smutz. They were able to continue their journey on to Joseph that evening after having their wounds dressed, being taken up by Rev. E. A. Pollock in his car.

Monday afternoon Martin Turner, a sheep man, while passing another car on the highway west of Wallowa, got off in the soft gravel and upset his Ford coupe, badly wrecking it. He was alone in the car, and glass from the broken windshield cut a deep gash in his right wrist, and he was otherwise bruised up, but not seriously. After having his wounds dressed at the hospital he is again able to be around and tend to his business as usual.

Cloudburst in Buttes. What was considered a young cloudburst is reported by B. F. Swaggart to have hit the Swaggart buttes northeast of Lexington last Friday, with more water coming down there than at any other point in the county, he said. Had the water continued coming for five minutes longer it would have floated his barn and probably resulted in considerable property damage. As it was, the water was most welcome, and one or two more little showers will bring the grass along nicely on his place, Mr. Swaggart said, while in town Monday.

Fined for Night Hunting. E. O. Apple and C. Reaney of Salem, and Andrew Baldwin, city, pleaded guilty to charges of night hunting and were fined \$25 before E. R. Huston, justice of the peace, Tuesday. The men remained out later than they thought and did not realize that the time for hunting had passed, they said. Apple also pleaded guilty to hunting without a license.

WHEN FOOD SOURS

ABOUT two hours after eating a many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips Milk of Magnesia—just a tasteless dose in water. It is pleasant, efficient and harmless. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips Milk of Magnesia prescribed by physicians for correcting excess acids. 25c and 50c a bottle—any drugstore. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.
