FAVOR REPLACING INSTITUTE SYSTEM

(Continued from First Page.)

will adequately prepare elementary pupils for graduation and will scientifically determine their readiness to graduate from the elementary schools of the county. It recommends further that this plan when properly approved, supplant, in whole or in part, the state eighth grade examination.

As a measure for better utilization of institute time, the association recommends the abolition of county institute in full favor of attendance at as large an educational convention as is deemed possible by the officers and teachers of the association.

Through a realization of the teachers' opportunities to mould pupil and public opinion in the various communities of this county, the association pledges its members to maintain the highest standards of teachers' service irrespective of the unsettled conditions of financial remuneration. It urges, however, that all possible measures be taken by civil authorities to prevent undue inconvenience and loss of teachers' compensation.

The association reaffirms its support of character education and such training in citizenship as will best fit the pupil of the present day to reduce to a minimum the political, social and economic disturbances of the future.

The association believes that every child is entitled to a thorough program of physical education. It urges its members to make a special effort to place education before the public mind during the week of November 9-15.

The association endorses the plans of the George Washington Bicentennial commission created by congress and urges observance of the two hundredth anniversary of the birth of George Washington to be held in 1932.

The association extends its thanks to County Superintendent Rodgers and President Tucker for the organization of so successful a conference and the choice of such able instructors, to the Heppner Public Schools and to the citizens of Heppner for their hospitality and to all others who aided in any way in making this institute a success.

The resolutions committee was composed of Miss Helen Heath, Miss Dorothy Straugham and L. E. Marschat.

President Hall Brings University Message

neering of the west has memorialized the hardships and privations, which Mr. Barker's idea to create something that would memorialize the accomplishments from the struggle of the pioneers, and it was this idea, combined with the fond memory of his mother and the conception of it moulded in clay through A. Phinister Proctor, New York sculptor, that resulted in the creation of the "Oregon Pioneer Mother," a bronze reproduction of which will be unveiled on the university campus next Mothers' Day.

Before Mr. Barker accepted the piece, he had it criticized by leading sculptors of the world, who proclaimed it, indeed, a masterpiece. A special invitation was extended to parents to attend the dedication ceremony on Mothers' Day.

The memorial was purchased by Mr. Barker with funds from his salary paid by the state, which he had promised to put in trust to expend for a worthwhile contribution to the state's development.

These good people, highly esteemed by all who know them, have lived in our community for twelve years, and have been ever active in church and fraternal circles. We regret to have them leave, but as they still hold an interest in Morrow county land, we feel that they will return often to renew old acquaintances.

At Heppner CHURCHES

CHURCH OF CHRIST.

JOEL R. BENTON, Minister. Mrs. Wm. Poulson, Director of Music. Bible School, 9:45 A. M. Morning Worship, 11 o'clock. Senior and Junior Christian Endeavor, 6:30 P. M. Evening Worship, 7:30 o'clock. Choir rehearsal, Wednesday evening, 7:30 o'clock. Church Night, Thursday evening, 6:30 o'clock.

"FAITH."

"Now Faith is the substance of things hoped for, the EVIDENCE of things not seen." Heb. 11-1. Paul, in the Hebrew letter is here stating what faith is. He is saying that faith is SUBSTANCE, a substantial, enduring, foundationing thing.

Also that faith is EVIDENCE, that which in a court of law is most to be desired at times. If one is accused of a crime or a misdemeanor, one of the things most ardently desired would be EVIDENCE of one's innocence.

Then faith is something still more. Faith is an actual possession. Note the faith, "once delivered to the saints." And what it brought to pass. One might ask how does FAITH come to one?

"So, then, FAITH cometh by hearing, and hearing by the Word of God." Romans 11-17. So we are to read and study God's Word, prayerfully and very carefully, if we would know and believe and have FAITH.

Hall says: "In a perfect FAITH there is no fear. By how much more we fear, by so much less we believe."

Faith and works are as necessary to our Spiritual life as Christians, as soul and body are to our life as human beings; for FAITH is the soul of religion and works, the body. Faith is the hand wherewith we take everlasting life. Let us have FAITH IN GOD!

If you have not a Church home, by all means come and worship with us. You will enjoy the warm, home like atmosphere of this Church. Our Bible School will interest and inspire and inform you; there is a class for you here. The sermon topics for the coming Lord's Day are: For the morning, "Faith." And for the evening, "A Ruined Masterpiece." Again we invite you to come and fellowship with us.

METHODIST CHURCH.

GLEN P. WHITE, Pastor. 9:45 a. m., Sunday School. 11:00 a. m., Morning worship. Message, "Noah's Carpenter."

6:30 p. m., Epworth League. 7:30 p. m., Song service and gospel message, "Love's Long Suffering."

"And now abideth faith, hope, charity, these three, but the greatest of these is charity." I Cor. 13-13.

When you hear our church bell on Sunday, does it remind you of bygone days when you used to attend Sunday School and church. The bell is calling, calling you to come to the Lord's house and worship Him who is worthy to be praised. His name is above every other name. He is the God who hath created you and loves you and gave His Only Begotten Son to die for you. He it is who has brought all good things into your lives. He sends the rain upon the just and unjust. All are recipients of the love and mercy and goodness of the Lord in the land of living. Does it not seem consistent that we should lay aside our worldly cares and cease our daily toil and come to God's house and render thanks to Him?

If your heart is cold toward Him, you need a remedy applied at once. You are on dangerous ground. What shall it profit a man if he gain the whole world and lose his own soul? Or what shall a man give in exchange for his soul? Have you thought about the value of your soul recently? It is worth more than all the world! Come to the Lord's house and hear His gospel preached and apply it to your hearts and see what marvelous things the Lord can do for you. We are looking eagerly for those who have been careless toward their maker to come to our services. We expect God's children to be faithful, too. We will be looking anxiously for the sad and discouraged ones and those laden down with sin. Come!

EDITORIAL. A science note says if you are an average person you inhale about a teaspoonful of dirt a day. And hear about a wagonful. Believe it or not. The Luphr building roof has been completed. The material for this job consisted of 46 sq. Reinforced Asphalt and 1200 lbs. of asphalt. Ed Bucknum is very busy this week plastering the interior of this building. Pat Mollahan has taken advantage of good weather and prepared for bad by putting Hex shingles on his house. This week, and every other week at special, lowest prices in years—good building material and fuel. "I hear you had some words with your wife last night." "Yeah! I had some but I didn't get a chance to use them." Have the recent rains warned you that something must be done about that leaking roof? If so, don't delay; it will surely rain again. S'All. See you next week. EARL ESKELSON.
