"You needn't tell me — I know Camel is the fresh cigarette!"

# FRESH

## in nature's way

### CAMELS are never parched or toasted!

**FRESHNESS** and flavor in a cigarette trace right back to natural moisture.

If you overheat or process tobacco so harshly as to dry out all natural moisture you drive out *freshness* and flavor too.

Camel never parches or toasts the fine Turkish and mild Domestic tobaccos it uses—they are *naturally* smooth, cool, mellow, with natural moisture retained.

That's why the Camel Humidor Pack proves such a blessing to Camel smokers—it brings them a fine cigarette *fresh* to start with, and *fresh* to smoke.

If you don't realize what natural moisture means in genuine *freshness* and flavor, switch to Camels and see.

Try this mild, slow-burning, throat-friendly favorite for just one day—then leave it, if you can! R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

## Armistice Day

Again the hands of Time draw nigh that fateful hour of 13 years ago when a war-torn world ceased its hostilities. In commemoration of which sacred event, it is your duty and my duty . . . at 11 a. m., Armistice Day . . . to FACE THE EAST in solemn silence And from the depths of our hearts send up a prayer of undying gratitude to those heroes who gave their all for Humanity's sake.

A salute to them. And a promise that they have not died in vain. No disturbing force, either without or within, shall ever threaten this nation's Peace and Security which their sacrifice gained . . . no power ever undermine our great government and the honor and independence for which it stands. Yes, as a tribute to our hero dead, let us rededicate our lives in defense of those ideals!
