

Local Happenings

Mrs. James M. Burgess and daughter departed Sunday for Baker to visit a sister of Mrs. Burgess, after spending ten days in Heppner, guests of Mr. and Mrs. W. R. Poulson and Mr. and Mrs. C. W. Smith. During her stay, Mrs. Burgess was honored by several parties. Mrs. Burgess and daughter were taken as far as Pendleton by Mr. and Mrs. Poulson Sunday morning. Mr. Burgess, former superintendent of Heppner schools and now assistant state superintendent of public instruction, has been on a field tour of the state. They make their home in Salem.

Anson Wright was down from his home near Harman on Monday, according to business affairs in this city. Mr. Wright is one of the very early pioneers of Morrow county and he reports the shortage of water in creeks, springs and wells the greatest he has ever known. He feels there must be a heavy precipitation in the mountain section to restore the water supply, the shortage being in both surface and subterranean sources.

John Harbke, president of Wells Springs Oil and Gas company, was in the city Monday in company with Harry Duval of Lexington. Mr. Harbke reported that he had been busily engaged for several weeks travelling about the state on behalf of Governor Meter in the interest of lowering taxes. A new test well is being drilled on the oil and gas company at Wells Springs at the present time.

Game Warden Francis returned from Portland yesterday, having been called to the city in connection with Jimmy McCool's whale. He helped collect evidence to be presented in the case against the men accused of unlawfully slaying the big fish, and also helped to build the embalming tank, which, he said, took about all of the embalming fluid in the city to fill.

Mr. and Mrs. Walter Hayes were visitors here on Wednesday from their home near Lone Rock. Mr. Hayes reports that his part of the country has received a generous portion of moisture lately, grain and grass is coming up well with feed on the range better than it has been for some time past.

L. A. Palmer, farmer of the Lexington district, was in the city on business Monday. Better reports from the wheat market are encouraging, he thought.

John Anglin, manager of the local MacMarr store, is confined at home, suffering with lumbago, and it may be several days before he is on the job again.

Miss Jessie Palmiter visited over Saturday at the home of her parents, Mr. and Mrs. Geo. A. Palmiter, in Portland.

POISON in Your bowels!

Poisons absorbed into the system from souring waste in the bowels, cause that dull, headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied constipation for over forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstore sell.

SOUR STOMACH
JUST a tasteless dose of Phillips Milk of Magnesia in water. That is an alkali, effective yet harmless. It has been the standard antacid for 50 years. One spoonful will neutralize at once many times its volume in acid. It's the right way, the quick, pleasant and efficient way to kill all the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes.
Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips Milk of Magnesia. Be sure to get the genuine.
"Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.
