*A friendly Christmas suggestion from Winston-Salem*

**IT IS NOT** the cost of the gift, but the thought that lies behind the giving that warms the cockles of the heart on Christmas morning.

Then, instead of some short-lived trinket, how much nicer to give something that will bring solace and delight for many days after the Christmas tree is gone; until the New Year is on its way.

For the cigarette smoker, man or woman, of course give Camels. A blend of choice Turkish and mild, sun-ripened Domestic tobaccos, they are kept fresh and prime by the Camel Humidor Pack, with their natural moisture unimpaired by parching or toasting.

In appropriate holiday wrapping, Camels come both in attractive Christmas cartons containing ten packages of twenty and in cartons containing four boxes of fifty each.

For the man who smokes a pipe, we suggest either a pound tin or one of those crystal glass humidors of good old PRINCE ALBERT. Here is a present that goes straight as a Christmas carol to a man's heart; P.A., the best loved pipe tobacco in the world, all dressed for the occasion in bright Christmas costume.

What gift can you think of that will be more welcome or give more genuine pleasure and satisfaction?

Don't you hope someone will think of such a friendly gift for you?

We wish you Merry Christmas!
