Marjory, where the girls attended lodge, and George Ely, Hal Ely, George Chandler and H. E. Cool from Morgan lodge. The gentlemen report a most enjoyable time. Mr. and Mrs. Louis Balsiger returned home Monday accompanied by Mrs. Balsiger's parents, Mr. and Mrs. A. T. McNay of Newberg who plan on spending a week in Ione. Mr. and Mrs. Balsiger were away for some time and while gone visited their son Wendell at Moro, their son-in-law and daughter, Mr. and Mrs. Melvin Kathon at Coquille, the W. E. Bullard family at Gold Beach, relatives at Newberg, Arnold Balsiger at Vancouver, Wash., the Ike Howard family at Molalla, Ted Troge and wife at Clackamas, friends at Woodburn and Eugene, Mr. and Mrs. R. E. Harbison at Cottage Grove and Mr. and Mrs. Charley Nord and others at Portland. Ralph Akers and nephew, Clarence Brenner, returned Saturday from a trip to Portland. Gene Engelman who accompanied them on the down trip remained in the city and has resumed his work in the booking department of the R. K. O. distributors. Mr. and Mrs. John Padberg of Clarks canyon visited Saturday at the John Bryson home, motoring from here to the Louis Padberg country home for a brief visit. Mrs. Fred Mankin, Dorra Mason, Helen Smouse and Hazel Padberg motored to Portland last week, returning Sunday. Mr. and Mrs. Mankin have adopted a sixteen months old boy and when Mrs. Mankin returned home Sunday she brought the young man with her. Mr. and Mrs. Charles Battersby and Mrs. Louis Padberg left Tuesday for the metropolis, making the trip by auto. There is to be a meeting of the Morrow county taxpayers March 12 at Heppner. Everyone is urged to attend. J. A. Harbke and L. H. Estes of Portland were recent business visitors in our town. The Jack Hynd sheep were moved Monday from the winter feed lots on the McMurray creek ranch to the Stanfield camp. Miss Lucy Montgomery was greeting old class mates at the school house last week. She expects to resume her school work at the beginning of the next semester. The Montgomerys are now making their home on their ranch north of town. J. E. Grimes and Clel Ray returned the middle of last week from Trent where they had been at work for several weeks on the Grimes ranch. Miss Norma Swanson came home last Thursday. She had been visiting for some time with relatives in Washington and western Oregon. Gilbert Petteys of Pendleton has been visiting relatives in and near Ione. Miss Geneva Pettijohn is again at her home in Morgan after several months spent at Cottage Grove. Miss Geneva Pelkey, fifth and sixth grade teacher, was quite ill last week, but is again at her desk this week. An epidemic of influenza has been prevalent here, but those who were ill seem now on the road to recovery.

PINE CITY

ALMA NEILL, Correspondent. Mr. and Mrs. A. E. Wattenburger visited at the home of Mrs. Ollie Neill Sunday afternoon. Miss Elsie Strain worked for Mrs. W. D. Neill Sunday. Mrs. Marion Finch and children visited with Mrs. Burl Wattenburger Sunday afternoon. Miss Bernice Neill spent Thursday night and Friday at the Ollie Neill home. The Pine City school teachers, Miss Young, Miss Kononen, Miss Heath and Mr. Atkin, also Miss Tucker of the Pleasant Point school, attended the county institute at Irrigon Friday. They reported enjoying it very much, especially the music furnished by the Irrigon band. The grades sent several things which they had made in school to the exhibit also at Irrigon. Frank Helms and Fred Rauch went to Portland Sunday with a truck load of cattle, pigs and sheep. Mr. Helms expects to make regular trips to Portland every two weeks. Mr. and Mrs. A. E. Wattenburger and Earle attended the show at Hermiston Friday night. Miss Elsie Tucker visited Miss Marie Young Thursday night. Charley Lee, Dick Carlson, Earle Wattenburger, Marion Finch and Burl Wattenburger met at the schoolhouse Sunday afternoon to try to organize a baseball team. They expect to begin practice next Sunday. They will play in the lower end of Roy Neill's ranch. Visitors at the Dee Neill home Sunday were Mrs. F. T. George, Mrs. Frank Irvine, Mrs. Thomson and daughter Betty, all of Echo, Neva Neill, Lila Bartholomew, Mr. and Mrs. Roy Neill and Alma. Marion Finch mawe a business trip to Echo Friday. Mrs. Earl Abbott went to Pilot Rock Saturday where she visited her parents. She returned to the Boylen ranch Monday evening. The sixth, seventh and eighth grades will take the county exams Wednesday and Thursday of this week. This was a surprise to the pupils and also to the teachers who did not expect the exams until next week. Mr. and Mrs. C. F. Morehead and children went to Pendleton Saturday. Mrs. W. D. Neill and Mrs. Earl Abbott made a business trip to Echo and Hermiston Friday afternoon. Will Hynd of Sand Hollow took his sheep home Monday from the Roy Neill ranch where they have been feeding for a couple of weeks. Miss Lila Bartholomew went to Pendleton Saturday with Miss Ruth Thompson, Mrs. Ebert and

At Heppner CHURCHES CHURCH OF CHRIST. JOEL R. BENTON, Minister. Mrs. Wm. Poulson, Director of Music. Bible School, 9:45 A. M. Morning Worship, 11 o'clock. Senior and Junior Christian Endeavor, 6:30 P. M. Evening Worship, 7:30 o'clock. Choir rehearsal, Wednesday evening, 7:30 o'clock. Church Night, Thursday evening, 6:30 o'clock. "Lest We Forget." "But to do good and to communicate, forget not." Heb. 13-16. The story is told of an old man in Scotland who was one day going to mill, with a sack of grain laid over his horse's back. The way was rough, the horse stumbled and the sack fell off. The old man was too feeble to replace it, and he wondered who would help him. Soon a man came in sight whom the old man perceived to be a nobleman and he was disappointed, for how could he ask this nobleman to help him? But the nobleman did not wait to be asked. He at once dismounted and said, "Let me help you, John." When the sack of corn had been once more placed on the back of the horse, the old man said: "Please, your Lordship, how shall I ever thank you for your kindness?" And this was the nobleman's reply: "Whenever you see another man as sorely needing help as you were just now, HELP HIM, and that will be thanking me." And the finest way in which we can show our appreciation for any good fortune which has come to us, is to help another who has been less fortunate than ourselves. A certain man in public life, when asked, "What is the greatest enjoyment you get out of your success?" answered in this wise: "The greatest enjoyment in life for me is to help others." And he said further: "I had a hard struggle getting started, but I had friends who were good enough to help me out, and I feel that the best way of showing my gratitude to them is to help others get started." "But to do good and to communicate, forget not." LEST WE FORGET, let us remember those who were good enough to help us out and let us remember how much we are indebted to them for what we may have and for what we may have achieved. Above all let us remember that the God of heaven is the Author of every good and every perfect gift; and let us be properly grateful to Him for all He has done and planned and prepared for us. And let us show that gratitude by our living. START TO DO THIS NOW. LEST WE FORGET. If you have not now a church home, may we invite you to come and worship with us. We feel sure you will enjoy the warm, friendly spirit and fellowship of this congregation. Come and enjoy our Bible School and all our services of worship. For the coming Lord's Day the sermon topics are: For the morning service, "God's Plan for Man." And for the evening service, "Different?" "Lord God of hosts, be with us yet, lest we forget, lest we forget."

DISEASE POINTERS BY COUNTY AGENT

(Continued from First Page.) ness described elsewhere in this article. In case skim milk is not available then tankage or fish meal can be used to replace it in the ration. Oregon experiment station at Corvallis in Station Bulletin No. 269 tells of the results at the station as follows: "When wheat was fed straight to pigs they gained 120 pounds daily and it took 463 pounds of wheat to produce 100 pounds of pork, while when one part of tankage was added to each 10 parts of wheat the pigs gained 142 pounds daily and it took 330 pounds of wheat and 41 pounds of tankage to produce 100 pounds of pork. This shows that the pigs made a better average daily on wheat and tankage than on wheat alone and that 100 pounds of 60% tankage replaced almost 300 pounds of wheat. In the experiments carried on to learn the value of skim milk in the ration when feeding wheat to pigs it was found that the milk rendered the ration more palatable in inducing greater consumption. When milk was fed at the rate of three or four pounds of milk to each pound of grain it took 292 pounds of wheat and 330 pounds of skim milk to produce 100 pounds of pork." "I am bringing this information to your attention at this time with the hope that if you are raising pigs that you will follow these suggestions and avoid difficulties," says Mr. Smith. "While it is our belief that the yellows can be prevented by feeding a properly balanced ration with minerals, that once the liver goes bad although the pigs may live and get better they will not thrive and gain in weight as rapidly as those that have been fed correctly and kept in good health in the early stages of their growing period. Young pigs running on alfalfa pastures do not need as much supplementary feed as they would otherwise, therefore a safe plan to follow is: "Keep a mineral mixture before your pigs at all times, if you have alfalfa meal feed one part alfalfa meal to fifteen parts ground wheat (a gain of 18% is made by grinding wheat for pigs), if lots of skim milk is available feed three or four pounds milk to each pound of wheat or if you do not have skim milk feed one part tankage or fish meal to seven parts wheat and alfalfa meal mixture. If pigs are running on alfalfa pasture the amount of protein supplements can be reduced at least 50%." "If your lots are infected with round worms wash the sow's udder with hot water and soap and scrub the shed with boiling water just before farrowing, then move to clean grounds until weaning time. When changing lots do not drive pigs or sow on infected grounds."

the chicks are started on scratch feed by scattering some of it over the mash. The scratch feed consists of equal parts of finely cracked wheat and corn, and is kept before them along with the mash as long as the chicks are in the brooder house. Some modifications are advisable when the chicks are put on the range, eliminating 10 pounds of the yellow corn, 5 pounds of the dried milk, and half of the bone meal and oyster shell flour. Ten pounds each of finely ground oats and barley may be added, while the scratch feed may be changed to two parts wheat, two parts corn and one part gray oats. The mash that has proved satisfactory for laying hens is as follows: 320 pounds millrun 400 pounds ground wheat 400 pounds ground yellow corn. 200 pounds ground oats 100 pounds ground barley 200 pounds meat meal 100 pounds fish meal 100 pounds dried milk 80 pounds alfalfa leaf meal 50 pounds bone meal 20 pounds oil meal 20 pounds oyster shell flour 10 pounds salt 2% cod liver oil in winter.
