

IONE

(Continued from First Page)

of work, the hostess served delicious ice cream and cake to the following guests: Mrs. E. J. Bristow, Mrs. Ernest Heliker, Mrs. Ernest Lundell, Mrs. C. W. Swanson, Mrs. Lee Howell, Mrs. Blain Blackwell, Miss Norma Swanson and Mrs. J. W. Howk.

The coming event of interest is the high school play, "Kid Colby," to be presented Friday night.

Friday evening about 5:30 o'clock fire broke out in the small building at the rear of Mrs. Helen Farrens' residence on Second street. A hole was burned through the roof, but all the furniture was removed from the building before the water was turned on the fire, so the damage was only slight. The place is being occupied temporarily by Mr. and Mrs. Blain Blackwell.

Arnold Pieper, a candidate for the nomination to the office of county commissioner, was calling on friends in town Sunday.

The Women's Topic club will be host to the Woman's Study club of Heppner Saturday afternoon, May 7. The meeting will be held at 2 p. m. in Masonic hall. Elaborate plans are being made for the entertainment of the sister club.

Mrs. George Frank is at the home of her daughter, Mrs. Robert Helms near Hermiston for medical treatment. Mrs. Frank has been in poor health for some time. Her daughter Hazel is also at the Helms home.

Mr. and Mrs. John Blake who have been spending some time at the home of their son, Earl Blake, departed Sunday for their home at Klamath Falls.

The ladies of the Baptist church are to serve a silver tea at the Kenneth Blake home on Second street Saturday afternoon, April 30. A cordial invitation to attend is extended to all. A short program is being prepared for the entertainment of those who are present.

Ernest Shipley motored over to Lostine Saturday, returning home Sunday accompanied by Mrs. Shipley and Robert, who have been spending several weeks with Mrs. Shipley's parents, Mr. and Mrs. Earl Allen.

Mr. and Mrs. Joseph J. Nys and children of Heppner were Sunday guests at the Omar Rietmann country home.

MARKET GARDENING FOUND PROFITABLE

(Continued from First Page)

Mr. Campbell said, that this produce is brought in from the outside when suitable ground, climate and all is available for raising just as good or better produce here in Morrow county. He recalled days of the past when the Hardman vicinity raised all the potatoes the county could consume and more.

What is needed is to rid the county of potato bug infection, and this can be done, he said.

Mr. Rankin returned to the discussion of asparagus growing, exhibiting two cans of home-grown asparagus which he obtained from the cannery at Hermiston—one a can of tips and the other a can of soup stock. The canning process, he explained, plays an important part in marketing. Good asparagus is cut two months after the peak of the green market season has been reached and this can only be preserved and marketed by canning.

Canning Problem Solved.

At present the Hermiston cannery has facilities for cooking about 200 cans an hour. Mr. and Mrs. Ora L. Barlow, former Morrow county people in charge of the cannery, said the capacity could be doubled at comparatively small expense by installing a second retort. It is expected that the cannery will be enlarged as the volume of produce increases so that the canning problem appears to be taken care of for some time to come.

The local asparagus canned at Hermiston is known as the All Green, said to be the choicest asparagus on the market. The cans were opened and their contents sampled by the Lions, and a crate of the green asparagus was also exhibited.

Mr. Rankin declared that the possibility of increasing the income of project farmers and thus augmenting the prosperity of the entire county is glowing, but that the problems offered require considerable work. He hoped that the Lions club would be able to assist.

Remembrance Is Given.

Mr. Rankin was on the program committee for the day with S. E. Notson, who presided. Next week's program committee will be Paul Marble and W. R. Poulson.

Mrs. W. R. Poulson, who has been accompanist for the group singing for the last two years, was presented with a token of remembrance by Chas. W. Smith, club president, in recognition of her faithful and pleasing services. Mrs. Poulson expects to leave Saturday for California where she will be joined at the end of the school year by Mr. Poulson.

Advertising pamphlets printed in colors were placed at the plates of the Lions for their inspection. A supply of these, printed some years ago by the O.-W. R. & N. company, was said to be available for outside mailing, and might be used by including an additional information slip to bring them up to date. It is expected they will be sent to the Los Angeles office of the Oregon State Chamber of Commerce.

The Lions voted endorsement of the Child Health day exercises being sponsored by the Heppner unit of the Morrow County Public Health association and the Heppner P. T. A., and pledged assistance toward the success of the community luncheon on noon.

Controlling Our Moods. "Be of good cheer." Matt. 9:2. The text is a divine command. And a divine command always implies ability to obey that command. This particular divine command implies ability on our part to control our moods. If we had not the ability to cultivate and maintain a cheerful mood, we would not be commanded to be of good cheer.

And it is especially in times like these; and in times of illness and disappointment; that we need to hear and obey this divine command, and control our moods and BE OF GOOD CHEER.

The fact that we so often give way to our feelings and drop into a low, joyless, dull and despondent mood is due more to a lack of faith and effort, on our part than to any external circumstance. If we but look about us, we shall find on every hand many who are infinitely worse off than we are—and who are still keeping their heads up and controlling their moods—and are being OF GOOD CHEER.

There may be, and there are, hard conditions to face, but if we have the will and the determination to face these conditions with faith and courage, we shall master them. Never forget that. No matter what our trials may be, no matter how depressing our circumstances, we need not and should not, give way to a feeling of despondency and hopelessness. When we find ourselves about to yield to such a mood, when we are tempted to be bitter and hard and sad and melancholy, we ought to remember that we are divinely commanded to be OF GOOD CHEER, and we ought to learn and remember that the ONE who gave this divine command is able to help us in every time of need to be OF GOOD CHEER.

Life has its inevitable trials and sorrows and struggles. But it is possible for us all to face them with courageous buoyancy and cheerfulness. Why and how? Listen. We have the assurance of divine help if we put ourselves in the way of it. What God commands us to do, He pledges Himself to help us do. And remember, too, that God helps those who help themselves.

We can control our moods if we will. It means a battle, and often a hard battle. But the divine assurance is that we shall be more than conquerors if only we will trust God and walk in His ways and make the fight. "Be of good cheer."

Do you have a Church home? If not, then come and worship with us. We invite you to participate with us in the Bible School hour and in the services of worship, and on Thursday evening in our Church Night hour. For the coming Lord's Day the sermon topic for the morning service will be: "Authority in Religion." Our evening service will be given over to the high school Baccalaureate service, in the school gym on next Sunday evening at eight o'clock.

METHODIST CHURCH. GLEN P. WHITE, Pastor. 9:45 a. m., Sunday School. 11:00 a. m., Morning worship hour. Message by Miss Ruth Lontz. 7:00 p. m., Epworth League. No service in itself is small. None great, though earth it fill, But that is small that seeks its own And great that seeks God's will. Then hold my hand, most gracious God, Guide all my goings still, And let it be my life's one aim To know and do Thy will. You are welcome to our services. No evening service on account of the baccalaureate service at the schoolhouse.

"Whoever a man soweth, that shall he also reap." Gal. 6:7.

Northwest Wheat Carry Over Less Than in 1931

Estimated stocks of wheat in interior mills and elevators of the four Pacific northwest states, on April 1, 1932, are only slightly more than one-half of the stocks estimated on hand a year ago, reports the bureau of agricultural economics, U. S. department of agriculture.

Stocks of wheat remaining in interior mills and elevators in Oregon were estimated to have amounted to 2,800,000 bushels on April 1, 1932, representing a decrease of 400,000 bushels during the month from the March 1 estimate. It is believed that this represents almost entirely a movement to terminals for ordinarily very little hauling from farms to warehouses is done until after spring seeding is completed. The current season is so late that movement from farm to warehouse during March was probably less than usual. Stocks on farms March 1st were estimated at 2,473,000 bushels which, although considerably less than the March 1, 1931, estimate was about 15 per cent above the five year average 1924-1929. The movement of wheat to terminals during March this year has been considerably greater than was the case last year when interior elevator stocks were over twice as great. Prospective carryover of the old crop into the new crop season beginning July 1, will be much less than a year ago, the total April first stocks this year amounting to only a little over one third more than the July 1 carryover last year for the four northwest states with three months remaining from the date of these estimates for further disappearance.

HEALTH WORKERS BATTLING DISEASE

Early Diagnosis Campaign Explained by Mrs. Dunbar; Tuberculosis is Germ Malady.

MRS. SADIE ORR DUNBAR, Executive Secretary, Oregon Tuberculosis Association.

It has been only 50 years since Dr. Robert Koch, a cautious, retiring German doctor proved to the world that tuberculosis was caused by a germ. On the basis of his discovery rests all the modern machinery and knowledge for controlling this disease.

Many Oregonians now living grew up in the belief that it was inherited, a family taint, and necessarily fatal. They were told this, and passed the thought on to others. Today, this old-fashioned belief is no longer accepted. The unreasoning fear that was based upon it has largely given place to the understanding that, taken early, tuberculosis is one of the most easily controlled afflictions of mankind, and that it is not inherited.

To further remove the fears and phobias that, for example, cause people to put off having an examination and X-ray, or to change doctors when a diagnosis of tuberculosis has been made, the Oregon Tuberculosis association is conducting, in cooperation with the 2,084 similar agencies in the United States, its fifth annual Early Diagnosis campaign.

Because tuberculosis is caused only by the germ, which Koch first discovered, every case must come from another case. To "find the other case" has therefore been taken by these modern health crusaders as their rallying cry. Physicians, health officers, public health nurses, social workers and all interested citizens throughout the state are being divided to share in this great search. Anyone who suspects he may have the disease will be urged to let his doctor decide.

Speakers are being offered to clubs and organizations, and special literature is being distributed; clinics are being offered to communities organized to receive them.

Those interested in giving impetus to this movement in their own circles are invited to call upon the association, at 310 Fitzpatrick building, for any help desired. Funds secured from the sale of Christmas Seals last December are being used to finance this project.

Judge Calvin week and Dr. Fred Farrior were among those coming over with the Pendleton Masons Monday evening and enjoyed the meeting of the home lodge.

To whom it may concern: Notice is hereby given that I will not be responsible for bills contracted by anyone other than myself. Mrs. Rebecca Penland Baldwin. 5-7

Roy Missildine left Tuesday morning to join his family in Portland after looking after the spring work on the farm here for some time.

George Washington PROGRAM. Auspices Heppner Lodge No. 69, A. F. & A. M. School Gym-Auditorium. Friday Evening, April 29, 1932. OVERTURE HEPPNER SCHOOL BAND. INVOCATION JOEL R. BENTON. SONG, America AUDIENCE. PLEDGE TO THE FLAG (Audience Please Join). I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands; one Nation indivisible, with Liberty and Justice for all. SONG MALE QUARTETTE. ADDRESS JUDGE CALVIN L. SWEET. THE AMERICAN'S CREED (Audience Please Join). I believe in the United States of America as a Government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign States; a perfect union, one and inseparable; established upon those principles of Freedom, Equality, Justice, and Humanity for which American patriots sacrificed their lives and fortunes. I therefore believe it is my duty to my country to love it; to support its Constitution; to obey its Laws; to respect its Flag, and to defend it against all enemies. -William Tyler Page. SONG, The Star Spangled Banner AUDIENCE. BENEDICTION GLEN P. WHITE. GEORGE WASHINGTON. 'Tis splendid to have a record So white and free from stain That, held to the light, it shows no blot, Though tested and tried again; That age to age forever Repeats its story of love, And your birthday lives in a nation's heart All other days above. -Margaret E. Sangster.

Paper Poppy Making Now Major Industry. The making of the paper poppies has assumed the proportions of a major industry in the United States this month as thousands of disabled World War veterans are working to complete a huge supply of the little red memorial flowers for the American Legion Auxiliary "Poppy Day" sale. More than ten million poppies will be made by the disabled men who are being given employment in 58 government hospitals and auxiliary workrooms in 34 different states. Poppies which the women of the local unit will offer to the people of Heppner to be worn in honor of the war dead on "Poppy Day," May 28th, are being made in the U. S. Veteran's hospital, Portland.
