McMinnville—Despite the shortage of cash on farms, Yamhill county growers have fitted an additional 120 acres of land for irrigation this year, reports S. T. White, county agent. New irrigation projects have been established on the farms of R. S. Miller, Williamina; O. R. Dale, Sheridan; A. A. Nichols, Dayton; and Miller brothers.

Born, to Mr. and Mrs. Elza Walker in Heppner, an 8-pound girl, Sunday night.

QUESTIONS AND ANSWERS FOR MOTOR LICENSES

Stopping, Standing and Parking. 63. Is it lawful to park on highways outside of business or residence districts? Ans. No person shall park or leave standing any vehicle upon the paved or main traveled portion of any highway outside of business or residence districts when it is practicable to park such vehicle off the paved or main traveled portion of said highway; provided, in no event shall any person park a vehicle upon any highway unless a clear and unobstructed width of not less than 15 feet opposite such vehicle shall be left for the free passage of other vehicles thereon, nor unless a clear view of such vehicle may be obtained from a distance of 200 feet in

each direction upon such highway. 64. Are there any exceptions to the law against parking on the highway? Ans. Such law shall not apply to the driver of any vehicle which is disabled in such a manner that it is impossible to avoid stopping and temporarily leaving such vehicle on the highway, nor to any emergency vehicles when being operated in any emergency which necessitates a violation of this law. 65. Where is it unlawful to park a car? Ans. (1) Within an intersection; (2) On a crosswalk; (3) Between a safety zone and the adjacent curb or within thirty (30) feet of points on the curb immediately opposite the ends of a safety zone, unless local or traffic authorities shall indicate a different length by signs or markings; (4) Within twenty-five (25) feet from the intersection of curb lines, or, if none, then within fifteen (15) feet of the intersection of property lines at an intersection within a business or residence district, except at alleys; (5) Within thirty (30) feet upon the approach to any official flashing beacon, stop sign or traffic control signal located at the side of the roadway; (6) Within fifteen (15) feet of the driveway entrance to any fire station; (7) Within ten (10) feet of a fire hydrant; (8) In front of a private driveway; (9) On a sidewalk; (10) Alongside or opposite any street or highway excavation or obstruction when such stopping, standing or parking would obstruct traffic; (11) Between the roadway side of any vehicle stopped or parked at the edge of curb or highway; (12) At any place where official traffic signs have been erected prohibiting standing and parking; (13) Within a twenty-five (25) foot radius of the intersection of the center of a highway and a steam or inter-urban railway crossing.

66. What must an operator do when he leaves his motor vehicle unattended in the street? Ans. He must first effectively set the brakes thereon, stop the motor and if on a grade the front wheels must be turned to the curb or side of the highway. 67. What are the restrictions against following or parking near fire apparatus? Ans. It is unlawful for the driver of any vehicle other than one on official business to follow any fire apparatus traveling in response to an alarm closer than 500 feet to or drive or park within the block where fire apparatus has stopped in answer to a fire alarm, or within three blocks of a point where a fire is in progress.

68. What must an operator do before emerging from an alley or private driveway? Ans. The driver of a vehicle within a business or residence district emerging from an alley, driveway or building shall stop such vehicle immediately prior to driving onto a sidewalk or onto the sidewalk area extending across any alleyway. 69. Is it unlawful to pass a street car proceeding in the same direction upon the left? Ans. Yes—unless upon a one-way street. 70. How should you operate when about to pass a street car? Ans. The driver of a vehicle overtaking any street car stopped or about to stop for the purpose of receiving or discharging any passenger shall come to a stop, except where a safety zone has been established, the vehicle may proceed past such car at a speed not greater than is reasonable and proper. 71. Is it unlawful to drive through or over a street car safety zone? Ans. Yes. 72. What is a safety zone? Ans. A section of the street marked off for the protection of pedestrians.

No Question About It

they are Milder!

YOU'RE RIGHT... there's one thing that stands out about Chesterfield. That is... they're Milder.

This means Chesterfields aren't harsh. It means they're not strong or heavy.

Early in the day or late at night you'll find that Chesterfields are always pleasing. They are mild and yet they satisfy.

What's more they taste better, too. That's it... milder and better taste. These are the two outstanding merits of Chesterfield.

Plus... a third important advantage. Chesterfields are as pure as the water you drink... as pure as science can make them.

THEY Taste Better TOO
