# RODEO GETS BACKING JOHN B. CASON CALLED TO REST OF BUSINESS HOUSES

Plans Laid for Show at Good Meeting Held Last Night.

#### OFFICIALS ELECTED at 8 o'clock Monday morning. Fu-

Dates Not Yet Set; Big Cut in Cost Planned; Admission Charge Expected to be Reduced.

Plans lfor the eleventh annua Heppner Rodeo were laid at a meeting at Elks' club last night. Repre- tiful. sentatives from about twenty business houses were present, and preliminary committees were appointed. Although there was some dif-ference of opinion as to the advisability of holding the show this year, after a thorough discussion the group voted almost unanimous-ly for its continuance. D. A. Wilson who, with Gene Ferguson had interviewed all the business men of the city during the day, presided.

C. W. McNamer, president of the Rodeo association, and L. L. Gilliam, secretary, gave those present figures of cost of previous shows, and pointed out that it would be possible to cut the cost materially without effecting the quality of the show. It was the expression of most of the group that as little money as possible be sent out of town, and that local county people be given preference throughout.

gested that the first week in Sep-tember, the week before the Pendleton Round-Up, be chosen this year. It has always been customary to hold the Heppner show the week following the Round-Up, but this year those dates are taken by the national Legion convention in Port-land, and it was thought inadvisable either to conflict with the con-vention, or to try to hold the show the following week, because of the danger of running into cold weath-The Pendleton and Heppner as sociations have always cooperated in the use of equipment, and it is hoped that similar arrangements can be made this year.

Officers and members of the as sociation were reelected as follows: C. W. McNamer, president; Her-bert French, vice-president; L. L. Gilliam, secretary; J. J. Nys, treas-urer; Chas. Latourell and Bill Kilkenny, directors. A general com-mittee, consisting of W. E. Moore, E. Bisbee, D. A. Wilson and P. W. Mahoney, was appointed to take care of the appointment of the va-

R. B. Ferguson; finance, Al Rankin, chairman, Chas. Thomson, Earl Gordon, J. D. Cash, Gay M. Anderson and E. G. Noble; decoration, John Hiatt, chairman, Art McAtee, Paul Marble, Leonard Schwarz, Art Bibby and Gene Ferguson; adver-Jap Crawford, chairman, Mary Merrill, W. L. Blakely and Henry Aiken. Committees for the administrative detail work will be announced soon.

There will be no carnival for this year's show, it was decided, but W. W. Smead was authorized to make arrangements for one or two rides for the kiddies and he will attempt to secure a merry-go-round and be limited to local people.

A decided cut was suggested in the admission charges for this year and this matetr was left in the houses will do their own decorating, reserving the money customarily expended with outside decorators to help defray the reliminary expenses of the show.

#### CANNING CLUB PLANNED. Al girls over 12 interested in becoming members of a 4-H canning club, are asked to meet in the office of Mrs. Lucy E. Rodgers, county superintendent, on Monday next at 3:00 p. m.

Dan Stalter came in from the Greenhorn mines of Heppner Mining company Monday evening, having received word Sunday very serious illness of his old-time friend, David McCullough, and he remained over for the funeral on Wednesday afternoon.

Monte Hedwall, who has held the position of butter maker in Morrow County creamery here for several years past, has accepted a similar position with a creamery at Burns and will take up his work there the first of August.

David McCullough, aged 67, died it his home in this city Sunday evening after a lingering illness of several months duration, suffering from heart trouble and dropsy. Fu neral services were held from the Christian church Wednesday after-noon, Joel R. Benton, pastor of the church, officiating. Interment was in Masonic cemetery and funeral trangements in charge of Phelps Funeral Home. The services were attended by many friends of the deceased, who had known him for many years.

David McCullough was born in never married.

Cullough are four brothers and two the discussion.

# In Alpine - Echo Section

From Echo News we learn that Arco wheat, a new variety for either fall or spring planting, is being produced this year by Albert Bow-ker, in the Alpine section west of Echo. This grain was developed by the Moro experiment station and is claimed to yield better than turkey red, to be drought resistant and to contain more protein than other wheats. Bowker is the only grower who is bringing the new wheat to Echo. He raised about 800 sacks of Arco this year.

A number of other Morrow county wheat growers have tried this new wheat this season, and so far reports reaching this paper, the ex-periment is not satisfactory, the wheat yielding quite well but fall-ing short in weight. This is owing, no doubt, to the heat wave over the county just when the grain needed ool weather.

### MOUNTAIN CONDITIONS GOOD.

D. B. Stalter, president of Hepper Mining company, in from the excellent this year, with weather ideal. Mr. Stalter was brought to Heppner by a friend residing near the mine and on reaching John Day they spent a few hours while reon to Heppner by way of Heppner-Spray road, which is now in fine pleted.

# DAVE McCULLOUGH LIONS TALK OLEO AT MONDAY MEET

Speakers Stress Need of Support for Dairy Industry.

#### NOT HANDLED HERE

Dairy Industry of Great Importance to State, Needs Protection From Substitutes, Claimed,

Although the men who were to present the program at the Lions Belfast, Ireland, where he lived as meeting Monday noon failed to Belfast, freiand, where he lived as a young man, and he came to Morrow county in the late summer of 1888, living for many years on the ranch of McCullough brothers at program chairman. Oleomargarthe forks of Willow creek, and then making his home in Heppner for the past 16 or 17 years. He was ter, and many facts concerning the Surviving relatives of Mr. Mc- dairy industry were brought out by

sisters: Samuel and Robert of Heppner, Thomas and William of New Zealand and Australia; Mrs. depend for their living upon the Sarah Hulburt of Alko, Nevada, and Mrs. Maggie Mercer of Belfast, Ire-which butter is the principal one, Mrs. Maggie Mercer of Belfast, Ire-land; also one nephew, Paul Hisler, the oleomargarine business emmonth.

Mr. and Mrs. George Kitching of and one niece, Mrs. Ambrose Chaploys in this state less than a score of persons; and that while millions in money is invested in the Arco Wheat Being Tried dairy industry, thousands only are

tied up in oleo production.
While it was pointed out by one speaker that the sale of oleomargarine was greater to producers of butterfat than to anyone else, yet that was due largely to the fact that shortage of money with the dairyman made it necessary for him to save on his cash purchases whereever possible, and that oleo sold for much less than butter. This was given as an argument in favor of taking action to improve the condition of the dairy farmer by making it possible for him to sell his product at a price which would give

him a profit. It was stated that oleo is not being sold in Heppner at this time, and so long as the price of butter remains somewhere near that of the substitute, there would be no mand for oleo
