The HEHISCH Edited by the Journalism Class of Heppner High School

Change in Staff The usual six weeks' change was made in the personnel of the Hehisch staff as follows: Ralph Breeden, editor; Alice Bleakman, assistant editor; Lora Gilman, Marvin Morgan, Edmond Gonty, Marie Scribner, Billy Thomson, Claire Phelan, Armin Whilon and John Glavey, reporters.

Editorial "Between education and training there is a vast distinction. Education is an intellectual and spiritual process. It has to do with opening the windows of the human mind and the human soul. It involves the effort to understand, to comprehend, to be sensitive to ideas, aspirations, and interests to which the individual might otherwise be indifferent. Not so, training. Training connotes improved ability to do something, without deepened understanding, widened sympathy, or heightened aspirations. One can train a bricklayer to lay three hundred bricks instead of a hundred and fifty. One can train a stenographer to increase her speed and skill. One can train a cook or a butcher. But one educates in the realm of thought, feeling and intelligence. Occasionally, to be sure, training must precede education. One must be trained to read, before one can become educated in literature; one must be trained to add and multiply, before one can be educated in the higher mathematics; one must be trained to use a fever thermometer, before one can be educated as a physician. But all ways training concerns itself with tools and devices, while education concerns itself with something that has intellectual or spiritual content and motive. Training is means; education is end."—Abraham Flexner.

Assembly Held Friday An assembly held last Friday for the purpose of initiating new members of the H club was a howling success. There were three parts. First was a skit by Don Cowdrey and Claire Phelan. It was enacted for the purpose of showing an athlete's sense of humor, no doubt. The second part was a skit by Rees, Burkenbender and Bill Schwarz. The point of the joke was blunt. It's being so old. The last and most convulsing part of the program was a speech on women by Johnnie Hanna. First he spoke of twelve of the world's most famous women, including Margaret Nelson. When told by Roy Gentry, president of the H club, that his speech did not have the right substance, Johnnie cast some insinuating remarks about certain members of the football squad and their "femmes."

"They're all right if you like 'em," said Johnnie, referring to the women.

Demerit System Amended The demerit system, when explained to the student body last Thursday by Beatrice Thomson, student body secretary, met much opposition. The opposers thought a demerit would be given for every little offense; also they thought five demerits were too few for one semester. To compensate the differences, June Anderson appointed a committee from the four classes to meet with the student council. This was affected immediately and the following amendments are the result.

- 1. The person receiving a demerit must be an habitual offender.
2. The teacher must warn the student before giving the first demerit; the offense must be serious.
3. The first demerit given by any teacher won't reduce the exemption grade.

Domestic Art Club Gives Banquet Last Friday evening at the high school basement, the Heppner Domestic Art club gave a banquet for the boys' H club. The waitresses, Viola Brown, Hazel Beymer, Edna Jones, Lydia Ulrich and Irene Killenny, artistically decorated the tables with small football place cards leading into a large football in the center of the table by purple and gold streamers. A large purple and gold H was placed at each end of the table.

At the last club meeting the girls decided to give a Valentine party and a candy sale, but as yet no details have been decided. The committees for these events are: Valentine party, Hazel Beymer, Lydia Ulrich; program committee, Delia Ulrich, Edna Jones, Kathryn Hely; candy sale, Ethel Hughes, Beth Wright and Hazel Beymer.

Heppner Plays Pendleton The Pendleton Bronks gave Heppner their first bad beating of the season at Heppner Saturday by a score of 40-13. The Heppner lineup: forwards, Gentry, Thomson, J. Green and Hotman; guards, Furlong, Hiatt, Peckett, Jones and Ayers; center, E. Green.

Class Notes The sophomore English class is going to prepare six individual newspapers on the story of Silas Marner. Each paper is edited by a staff of three members. The work is so they will have practice in journalism work for the next year and also extra study on the story. The other members of the class shall contribute to any of the six papers they wish.

The Benning Ring has changed its weekly meetings to Thursday evenings instead of Monday. A sophomore class meeting was held yesterday afternoon to decide upon a one act play to be given for their Friday program, April 14. Samples of calling cards to be used for commencement were received from a few companies this week by the senior class.

"Miss Coppock, may I use the new machine, please?" "Oh, I think we should be allowed to take turns,"

"Oh, please let me use it today." These were the comments heard in the typing room when the new L. C. Smith machine arrived.

Grade News The Junior Red Cross of the third grade decided to make a Valentine box for a needy family. Each will bring some one thing for it; it may be an apple, potato or something useful. The Red Cross will also send paper Valentine dolls to the local hospitals.

A new student, Kemp Dick, has enrolled in the fifth grade. The seventh grade has finished their wood cuts and have them on exhibition.

The third grade blackboards have the words of the "Star Spangled Banner" written on them and the students are learning the song.

First graders are also going to have a Valentine box next week. A list is being kept of every library book that each of the first grade students is reading or has read. This was started last week.

Josephine Moyer of the eighth grade is spending a few days in Walla Walla, Wn. LaVerne Van Menter of the 8th grade, has been absent for several days on account of illness.

It was found necessary to amputate Mrs. Charley Allinger's foot and the operation was performed in the Hood River hospital January 30. Before that time two operations had been performed on the foot in an attempt to stop spread of infection. Mrs. Allinger has been a patient in the Hood River hospital for many weeks. She is in a critical condition.

Mrs. Ida Peterson who has been seriously ill for the past two weeks, is slowly improving.

Eight members of the O. E. S. social club enjoyed a pleasant afternoon Tuesday at the home of Mrs. Roy Ljeualien.

Substantial Breakfast Is Important Health Factor Starting the day with a good, substantial breakfast is an important factor in healthful living, according to nutrition specialists. That such a breakfast need not be expensive is a point made by Miss Lucy A. Case, nutrition specialist in the extension service, who has prepared for free distribution a leaflet giving suggestions for inexpensive breakfast dishes. In addition to general suggestions and 11 recipes, two sets of menus are included, one for the outdoor workers and one for indoor workers.

Cereals such as rolled oats, corn meal and coarse graham can be purchased in large quantities, in cloth sacks at a considerable saving, says Miss Case. Wheat and corn in condition as harvested, can be taken to the nearest mill to be cleaned and ground for a small charge. Unground whole wheat has a variety of uses in the home, many of which are noted in the extension bulletin No. 450, "Uses of whole wheat in the home."

Powdered skim milk is an inexpensive substitute for skim milk and can be used in such dishes as cocoa, junket, scalloped vegetables, pudding, ice cream and bread, Miss Case explains. With the addition of a half pound of butter to one pound of dry skim milk, one may obtain the equivalent of five quarts of whole milk. Beet sugar costs slightly less per 100 pounds than cane sugar and has the same food value and uses. Manufacturers' sugar costs even less than beet sugar though it is somewhat coarser.

Where the homemaker's labor has low money value a large saving can be realized by making bread at home, suggests Miss Case. Another money saver is cooperative buying of large quantities of foods which may be handled without waste.

Copies of the leaflet "Suggestions for Inexpensive Breakfast Dishes," may be obtained from the home economics extension service, Corvallis, or from any county extension office.
