Editorial
Is high school an institution for pleasure only? Should students go to high school merely to have a good time?

These statements are indeed questionable. High school is known to be an institution of education. Teachers are hired and money is spent for the benefit of young people who want to gain through education.

It is known that the good worker is always rewarded properly. Primarily, then, it is up to us people who are students to obtain an education first and if we do that in the right way and with the proper spirit pleasure-time will come with our learning.

Friday's Assembly
Explaining traditions and introducing the student body council for the benefit of new students was the purpose of the first assembly of the year held in the assembly hall last Friday.

The assembly opened with the singing of the school song, Heppner Loyalty, by the student body, accompanied by Miss Leathers at the piano. Mr. Foord announced the probability of a debate team or club to anyone interested in debate. Francis Nickerson, student body president, introduced the student council, discussed the high school traditions and appointed Anabel Turner, Frank Anderson and Armin Wilton to serve on the annual committee for the year.

Matt Kenny and Anabel Turner sang the theme song of last year's opera, which was greatly enjoyed by the audience. Mr. Mabee brought the assembly to a close by explaining the obligations of the student body to the football team.

The annual class rush will be held at 2:30 Thursday afternoon at the Rodeo grounds. The schedule is as follows: parade, putting up goal posts, sophomore stunt, frosh stunt, boys' crab race, girls' dash, boys' dash, girls' nail driving, boys' high jump, girls' baseball throw, boys' sack race, girls' tug of war, boys' tug of war, girls' relay, boys' relay, boys' three-legged race, and field marking.

Loud Socks Day
Gaily colored socks decked the legs of most of the members of the junior class last Friday when they celebrated the traditional "Loud Socks Day." Several failed to appear and as a result their punishment has been decided upon. For a penalty they have to contribute a ten-minute entertainment at the next assembly. These unfortunates are Ed Dick, Irvin Pearberg, Howard Furlong, Floyd Jones and Billy Cochell. Johnnie Hanna will assist them in their act because he broke the tradition that freshmen wear green ribbons.

High School News
The chemistry class hopes to start work on experiments in the laboratory this week.

Those enrolling for post-graduate courses in high school this year are Phyllis Pollock, Viola Brown, Winifred Case and Beulah Eskelson.

Monday evening after school the "H" club held its first meeting for the year. The following officers were elected: President, Roy Gentry; vice-president, Curtis Thomson; secretary and treasurer, Louis Gilliam.

The club is formed by all the boys in Heppner high who have obtained athletic letters. The Ore-

gon system for awarding letters to high school girls was discussed. The commercial department wishes to express its thanks to Steven Wehmeyer and Earl Bundy for the use of their typewriters this year.

Drilling on grammar has been the work of the English VII class for the past week. The English III class is having trouble with various kinds of compositions. The English I class is working on oral compositions, although the freshmen are very bashful about reciting.

The members of the public speaking class are giving oral talks which have proved both interesting and entertaining to the class. Mr. Foord has promised a program from this class to be given in assembly.

As part of the Frosh initiation the freshmen must use the south stairs for entering and leaving the schoolhouse. They are not permitted to use the front stairs. There will be no school Friday due to the teachers' institute which will be held at the Heppner school.

Can you guess—
Why Gerald Cason has been all dressed up this week.
How Bill Schwarz got the finger nail scratch over his right eye.
Why Columbus didn't discover America according to Matt Kenny.
Why Mr. Bloom dislikes Missouri.
Why Johnny Hanna forgot his green ribbon.

Coach Mabee has announced the tentative football schedule for this season to be as follows:
Sept. 30, Athena at Athena.
Oct. 7, Echo at Heppner.
Oct. 14, Condon at Condon.
Oct. 21, Arlington at Heppner.
Oct. 28, Hermiston at Heppner.
Nov. 4, Pendleton at Heppner.
Nov. 11, Hermiston at Arlington.

The traditional Armistice Day game played between Hermiston and Heppner will be held at Arlington as one of the main attractions for the 1933 American Legion celebration to be held there this year.

Mr. Buhman announces that much work is in store for the Heppner school band this year. He says that mastering the many new pieces to be used in the annual concert will compose a large portion of the senior band work. A new junior band is being organized and many students are expected to

take advantage of this opportunity to get into band work.

Just a Re-Check
The freshmen were given a check and double-check to see if they still wore their green ribbons last Friday morning when President Nickerson surprised them by asking them to assemble on the stage for inspection. All present were wearing their ribbons.

Grade School Gym
The physical education classes of the grade school have organized athletic clubs and have started their inter-club games in earnest.

The standings of the baseball clubs of the seventh and eighth grade boys are as follows: 1st, Bronca, 6 points; 2nd, a tie between the Trojans and the Cougars, 3 points; third, Lions, no points.

The seventh and eighth grade girls have four clubs which have been playing baseball and prisoners base. Two of the four teams play baseball while the others play prisoners base. The teams and captains are as follows: Headlights, Rose Cunningham; Shamrocks, Genevieve Hanna; Forty-Niners, Juanita Kirk; the Happy-Go-Luckies, Betty Happold.

The fifth and sixth grade boys have organized four teams and are preparing for a four weeks tournament in baseball. Their teams and captains are: Lions, Douglas Drake; Bulldogs, Richard Hayes; Elks, Hubert Hudson; Beavers, Guy Moore.

Dr. John B. Horner of O.S.C. Called by Death

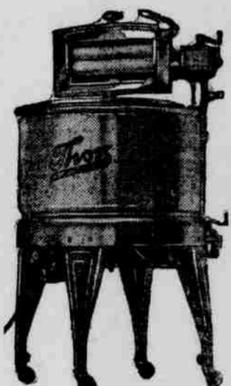

Corvallis—One of Oregon's most widely known historians, authors and educators, Dr. John B. Horner of Oregon State college, died suddenly at his home here Thursday, September 14. His death was caused by a heart attack of which there was no hint the day before.

Dr. Horner was aged 77 years, 42 years of his life having been spent on the staff of Oregon State college, most of the time as head of the history department. He was an authority on Oregon history and author of a widely used text on the subject. Much of the historic and prehistoric lore of the state is the result of his research which he continued to the time of his death.

After retiring from active teaching a year ago, Dr. Horner devoted most of his time to reorganizing and moving the Oregon State college museum, built up largely through his efforts. Dr. Horner attended four of the northwest's pioneer educational institutions—Whitman university, Philomath college, Willamette university and the old Blue Mountain university. His wife, to whom he was married 52 years, and two daughters survive.
