

LEXINGTON

By BEULAH B. NICHOLS.

There was a good attendance at the meeting of Lexington grange Saturday evening. This was the first meeting since July and the members are full of pep and expect to enjoy some lively meetings during the winter months.

The names of James H. Williams and Margaret F. Williams were proposed for membership and will be balloted on at the next meeting. Resignations accepted were those of Clara Nelson from the office of Flora, Helen Martin, lady assistant steward, and Kenneth Smouth, assistant steward. Miss Nelson and Mr. Smouse are going away to school and Mrs. Martin has moved to Moro. Members elected to fill these vacancies were Tena Scott, Flora, Beulah Nichols, lady assistant steward, and Merle Miller, assistant steward. The chairman of the Home Economics committee reported that in addition to the regular meetings of the club in September and October, a special meeting will be held each month to work on articles being made for the bazaar which the club is planning to hold in December. These meetings are scheduled for September 28, October 12 and October 26. Hostesses will be Mrs. Harvey Bauman, Mrs. J. E. Gentry and Mrs. J. G. Johnson, respectively. Bernice Bauman, Beulah Nichols and Orville Cutsforth were appointed as a committee to investigate the advisability of the grange sponsoring a play from Hermiston some time during October. A committee composed of S. G. Devine, O. M. Scott and Mrs. R. E. Rice was appointed to contact the local business houses concerning advertising in the Grange Bulletin in connection with the "Know Your Oregon and the West" contest which is in progress among the granges of the state. After the closing of the grange a social hour was enjoyed with Mrs. J. E. Gentry, Mrs. A. H. Nelson, Mrs. John Miller, Mrs. H. V. Smouse and Mrs. H. M. Miller as hostesses. The next meeting will be Saturday, October 14.

Lexington School Items

This year the Lexington grade school will be using the new music books. Miss McMillan is to conduct department music for all the grades and some nice results are expected. Laurel Beach will conduct the high school glee clubs. More stress will be laid upon music this year than formerly and it is to be expected that some benefits will shortly become evident. Last Thursday Mr. Beach was taken suddenly ill and Mrs. Margaret Williams is conducting his classes for him. It is hoped that he will be well enough to resume his work by the end of the week. Plans for the boys' football team are being formulated. On Tuesday the girls of the high school took their first hike with their gym instructor, Miss Hammel.

Senior Class Notes

The senior class meeting was called to order on September 14th by Garland Thompson. The following officers were elected for this year: Erma Lane, president; Faye Luttrell, vice-president; Tillie Nelson, secretary, and Vester Thornburg, treasurer. This year it was suggested that the seniors have their play early in the year.—Tillie Nelson, secretary.

Junior Class Notes

A meeting of the junior class was held to vote for the class officers. They were elected as follows: President, Alfred Van Winkle; vice-president, Rose Thornburg; secretary and treasurer, Helen Breshers.—Helen Breshers, secretary.

Sophomore Class

The meeting was called to order by Alma Van Winkle. The following officers were elected: President, Alma Van Winkle; vice-president, Doris Burchell; secretary, Alberta Fulgham. We decided to have the freshman initiation two weeks from Friday and to have another meeting next Wednesday.—Alberta Fulgham, secretary.

Freshman Class

The first meeting of the freshman class was held September 14 for the purpose of electing officers. The results of the election showed Bernice Martin, president; Kenneth Palmer, vice-president; Kenneth Peck, secretary; LaVerne Wright, treasurer.—Kenneth Peck, secretary.

A peculiar fact about student body and class officers this year is that the presidents who were recently elected are girls.

The work of moving the science equipment from the basement to its new location on the first floor is progressing nicely. Mr. Williams hopes to have the new laboratory functioning early this week.

The Right Help

"And a certain man was there which had an infirmity thirty and eight years:—Jesus asked him, Wilt thou be made whole?—Then rise, take up thy bed and walk."—John 5:5, 6, 8.

Here was a man who is an exemplification of the human race today. He had had an infirmity for thirty-eight years; and he had spent a long time lying at the edge of the Pool of Bethesda, trying to get some one to help him into the water, when it was troubled, but some one else always was just ahead of him, and so his quest failed. Trying everything but the Right Help!

Then along came Jesus Christ and this man, for thirty-eight years a paralyzed cripple, knew healing; knew again the use of his limbs; knew again a proper activity; knew release from suffering and helplessness. And so, along came Jesus Christ and blind Bartimeus knew the blessedness of seeing; and along came Jesus Christ and the widow's dead son was restored to her arms; along came Jesus Christ and Lazarus walked forth from the imprisonment of death and the tomb.

When we are in the throes of spiritual death or spiritual helplessness, or spiritual blindness, it depends on the sort of help we receive whether we ever live or move or see again. Spiritually. And the world is trying everything in the way of help, but the RIGHT HELP, and that is the help that comes from having the Spirit of Christ in the lives of men. And today, as of old, all along the highways of life, JESUS IS PASSING BY. And we have only to call upon Him as did they of old—avail ourselves of the RIGHT HELP, and we shall live and move and see again, Spiritually. God help us to turn to the Right Help, to Jesus Christ!

If you have not a Church home, come and worship with us; we invite you. For the coming Lord's Day the sermon topics will be: For the morning service, "What Does God See In Us?" For the evening service, "Bidding God Goodbye."

This means that there are only five months of outstanding unpaid warrants. Mr. Harris calls the taxpayers' attention to the fact that though they are unable to pay all their taxes in full they may pay any part of them at any time and designate the part of their tax assessment they wish their payment to cover. If they will make an effort to pay their school tax, at least it will be of great help to the district. There is a provision that does not seem to be generally known.

"Agricultural Workers" Defined by NRA Ruling

The definite ruling of NRA exempting agricultural workers from the requirements of the labor provisions of blanket and specific industrial recovery codes, has been received at Oregon State college by George O. Gatlin, extension economist in marketing, who recently returned from Washington, D. C., where he went as the representative of many northwest agricultural interests.

Following is the definition now accepted for agricultural workers: "Agricultural workers are all those employed by farmers on the farm when they are engaged in growing and preparing for sale the products of the soil and, or, livestock; also, all labor used in growing and preparing perishable agricultural commodities for market in original perishable fresh form. When workers are employed in processing farm products or preparing them for market, beyond the stage customarily performed within the area of production, such workers are not to be deemed agricultural workers."

This subject of exempting agricultural workers from the labor agreements under NRA was an important storm center for many weeks in Washington, Gatlin reports, during which time representatives of agricultural industries pointed out the necessity of such an exemption, particularly in view of the lag in farm prices in the general upswing of commodity levels.
