OREGON AND IDAHO NRA RECORD GOOD

District Board Meets at Baker; Short Hours Held Violation.

PRICE FIXING HIT

Local Agreements Discouraged Un- til Washington Approval Given; Employment Stimulated.

Baker, Ore., October 3.—(NRA Special)—The Oregon-Idaho District Recovery board, the ranking NRA committee in the two states, met here Thursday, received reports which placed Oregon and Idaho in the forefront of the recovery movement, and censured trade associations which are impeding recovery progress by adopting agreements shortening store hours and fixing minimum prices. "Oregon and Idaho are leading the parade of states in the NRA program," declared W. C. Ruzgaitz, president of the 4-L, who was elected chairman of the district recovery board. "Reports from the various county organizations show that 90 per cent of the employers in the two states are signers of the President's Reemployment agreement, and 95 per cent of the consumers have signed the Blue Eagle pledge."

"No other district can show such a splendid record," Chairman Ruzgaitz continued. "The patriotic citizens who are aiding this recovery program have far exceeded the expectations of Washington executives of the National Recovery Administration. Washington estimated that no more than 30,000 blanks for employers would be needed in the Oregon-Idaho area, but this total has been exceeded, and close to 25,000 employers are displaying the Blue Eagle. It was necessary to requisition additional supplies from adjoining districts to keep pace with the demand for re-employment agreements. This is a remarkable showing."

The board went on record concerning all trade organizations which enter into locally adopted agreements to shorten hours and fix prices. Such practices are serious violations of the Blue Eagle code, and will be dealt with severely by the local compliance boards. Merchants who fail to rescind these agreements will be liable to the loss of their Blue Eagles, with attendant publicity.

"The regulations forbidding price fixing must be obeyed," declared Judge George C. Blakely of the Dalles. "No group is authorized to put price agreements into effect until in formal Washington hearing has approved such a plan. The consumer must be protected by representation at these hearings. To adopt price-fixing agreements without hearings to protect the consumer would open the way to vicious profiteering by mutual agreements. Price-fixing by local groups must stop."

John Hood, Pocatello banker and board member, was equally outspoken in censuring agreements made by merchants to shorten store hours.

"Shortening store hours by agreement to escape paying more men to work is an exceedingly serious violation of the President's Reemployment agreement," said Mr. Hood. "Such agreements must be abolished at once. All stores should maintain the same hours of operation which were in effect June 16, 1933. If stores were allowed to reduce hours of operation, no more men would be put to work, and the whole President Re-employment program would be defeated."

The district recovery board directed county NRA executives to proceed immediately to the formation of local compliance boards. This is the next important step in the NRA program, and the compliance boards will be charged with the grave responsibility of enforcing compliance with the blanket code. The boards will be empowered to call offending employers before a hearing, where evidence will be sifted and recommendations made by the board. In instances of malicious or deliberate chiseling, the compliance board will recommend that the Blue Eagle be removed.

The district recovery board will act as the liaison unit between the local compliance boards and the National Recovery Administration at Washington.

"I cannot stress too strongly the important functions of the local compliance boards," said Will Simons, Boise, who was named vice-chairman of the district board at the Baker meeting. "Upon their fair dealing and searching inquiry will depend the ultimate success of the NRA program. Great care must be exercised in choosing respected community leaders, whose fairness and integrity is unquestioned, for places on the compliance boards."

"The district recovery board authorized a statement congratulating all NRA officials in the two states," said Mr. Messenger. "The untiring and patriotic efforts of the local committees have put the campaign for signed agreements across. I know this same zeal and devotion to the ideals of President Roose-

LEGION, AUXILIARY INSTALL OFFICERS

Harry Tamblin and Mrs. Helen Cash Head Veterans' Organiza- tion for Coming Year.

New officers for Heppner post 87, American Legion and Auxiliary, were inducted into office at the annual installation ceremonies held at the Episcopal Parish house on Tuesday evening, with representatives present from Arlington and Hermiston besides a large number of local members. The festivities started with a dinner at seven o'clock and ended with dancing.

Officers installed by Heppner post were Harry Tamblin, commander, Elbert Cox, vice-commander, and Edward F. Bloom, adjutant and finance officer. Appointive officers will be installed at a later date. Spencer Crawford, 6th district commander, acted as installing officer. Elective Auxiliary officers inducted were Mrs. Helen Cash, president; Mrs. Ethel Smith, 1st vice-president; Mrs. Cyrene Barratt, 2nd vice-president, and Mrs. Etta Parker, secretary. Mrs. Beatrice Christopherson of Hermiston, 6th district president, installed the Auxiliary officers. Following the installation talks were given by several of the visitors.

The local organizations received invitations to attend similar ceremonies at Hermiston tonight and at Arlington next Tuesday evening. It is expected several carloads will attend each meeting.

Famed Cowboy Band Coming Here Saturday

Ivan and Fred Laam once roved the interior country over around Monument and Haystack. They made themselves famous with their comic musical skits. Many old-timers around these parts remember them, and were interested to learn of their success as radio artists with station KGDH, Stockton, Cal.

Ivan and Fred, who now have a full orchestra known as "The Happy Hayseeds," will be in Heppner Saturday night to entertain the crowd at the fair pavilion at another benefit dance, the proceeds above expenses of which will go into the Rodeo fire loss fund. Not only do they play dance music of the highest class, but they are expert entertainers as well, and it is the promise of the committee that their program of entertainment and music will be well worth the admission price. For this occasion the dance admission will be 75c, and spectators will be charged 25c.

The committee, besides promising an evening of enjoyable entertainment, asks that the public treat the benefit in a generous manner, since the proceeds go to make up an unavoidable loss due to the fire which damaged property for which the committee was held responsible. They are attempting to work out the obligation in this way, in a manner that will bring worthwhile entertainment for the money and at the same time not work a hardship on anyone.

Lions District Organizer Addresses Heppner Club

C. P. Mannion, district organizer for Lions International and who organized the local club several years ago, was the principal speaker at the club's Monday noon luncheon. His theme was mainly community service work and the aids available to the local club from Lions International. He expressed pleasure with the substantial growth the Heppner club has made since its organization, and complimented the good attendance.

Edward F. Bloom was named to take charge of the stunt for the Lions to be presented the evening of October 20 as a part of the library benefit. Guests included Vernon Sackett of Salem, and F. A. McMahon, state policeman.

Members of the board met with the Baker NRA executive committee after the board session, and Mr. Messenger was the guest speaker at a civic mass meeting in the evening.

"The board will report the progress of the NRA movement in the two states to Washington," said Mr. Hendricks. "The reports from various counties show that the NRA program really is working. Men are going back to work daily in all trades. Surveys conducted in Pocatello, Moscow, Lewiston, Medford, Salem, Eugene and other key cities in the Oregon-Idaho district show that not less than 20,000 men have been reemployed since the campaign started. This is merely the beginning. When the compliance campaign swings into action, places will be created for yet other thousands."

The date for the next meeting of the district recovery board has not been set.

IONE

By MARGARET BLAKE

Mrs. Smith and Mrs. Rose Campbell of Pendleton and Mr. and Mrs. Clarence Hagen of Alameda, Cal., were in town one day last week. Mrs. Smith is the mother of Walt Smith and the other two ladies are his sisters. They all lived here several years ago and drove over to visit old friends and their old farm home south of Ione. They found the new roads confusing when it came to locating the place and they noted many other changes during the short time they were here.

Bert Mason had the misfortune to have a number of truck tires removed from his store during the wee small hours last Tuesday night. So far no trace of the tires or their present possessor has been found.

Mr. and Mrs. Clive Huston had the misfortune to have their ranch home entirely destroyed by fire a week ago Wednesday. Only one or two things were saved as the fire had evidently been burning for some time when discovered.

Chas. H. Hudson of Pendleton was in Ione several days this week on business. Mr. Hudson owns wheat land on both sides of town and comes over once or twice a year to look over his holdings.

E. G. Frank, our marshal, is moving into the house recently vacated by Mrs. J. W. Christopherson. Mrs. John Farris has returned from a visit with relatives in Portland and Medford.

Miss Mildred Smith, daughter of Mr. and Mrs. Cole Smith, has secured a position as stenographer with Tracy Barton of The Dalles.

Mr. Kramers of Portland has been elected to fill the position in the high school made vacant by the resignation of Miss Madeline Goodall. Mr. Kramers is a graduate of Jefferson high in Portland and is a commerce graduate of O. S. C.

Last Friday evening the freshmen gave the rest of the high school a return party for the reception they were given two weeks ago. The evening was spent in playing games with refreshments served at the close of the party.

The seniors had charge of the program given during the assembly last Friday morning. They put on a very good program, which included a pantomime, group singing, speeches by the freshmen and an original skit by Don Heliker and Bob Borts which was so well received that it will be repeated at the carnival to be given by the high school in the near future.

Considerable interest is being taken in plans for a glee club to be under the direction of Miss Spittle. It is to be hoped that the plans will be carried through. If enough interest is shown a stringed orchestra under the leadership of Miss Pope may be undertaken, also.

On October 13, which will fall on Friday, the high school will stage a carnival at Legion hall. A program which will include among other things a skit, a one-act play, a dialog and an original skit by "Don and Bob" will be followed by a dance. All carnival booths and concessions will be open during the dance. Much time and thought have been given to make the affair a huge success.

More deer ended their careers this last week and several hunters are proudly exhibiting the reward of their hunt. Norman Swanson brought home a nice one from Oriental Basin where he and Harry Yarnell spent several days and the Lundell-Drake party carried out two more.

Willows graze put on a "Booster Night" at their hall in Cecil last Saturday evening of which they may well be proud. A pot luck supper at 6:30 which was well attended.

CONTRACTED LAND HANDLING IS CITED

Control Committee Spikes Rumor That Nothing Can be Grown.

ALLOWS SOME CROPS

Intention of Wheat Plan to Keep Products Off Market; Believe Farmer Well Paid Anyway.

Rumors have been coming to the office of the Morrow County Wheat Production Control association that farmers will not be permitted to grow anything upon the contracted acreage and naturally, this has been causing a great deal of comment and leaves the farmers in a state of doubt. Since the inception of the wheat acreage adjustment plan there has been a great deal of discussion as to what is right and wrong regarding what the contracted acreage can be used for. In the first place the farmer who signs the contract to reduce his acreage is being paid a good rental for the land which he contracts to the government and naturally other commodity groups whose members are in bad financial circumstances are not going to sit by and let the government pay wheat farmers for taking their land out of wheat production and then turn around and grow something on it and sell it and thereby add to the troubles of the other commodity groups. Any farmer who takes his production figures based on the four year average and then takes 5 per cent of it to find out approximately what his allotted number of bushels will be and then figures the benefit payments, will readily see that he is getting a big rental for the acreage which he contracts to keep out of wheat production.

Those in charge of the wheat production control sign-up work in Morrow county have stated at all times that they are only passing on to the growers that information which they have received and that if the wheat section of the Agricultural Adjustment act reverses their decision at any time, they cannot help it; however, they feel it their duty to pass the information along to the growers as soon as it has been received.

Paragraph six of the contract states that "the contracted acreage of 1934 and 1935 shall not be used for the production of any nationally produced agricultural product for sale, but may be used as follows: summer-fallow, planted to soil-improving or erosion-preventing crops, or to food crops for home consumption on the farm, or to feed crops for the production of livestock (or livestock products) for home consumption or use on this farm."

In addition to this when D. C. Mumford of the wheat section met with representatives of each of the grain growing counties in eastern Oregon on September 1 at Pendleton he stated that wheat can be grown on the contracted acreage and turned under as a soil improving crop or can be grown for hay for work stock on the farm provided other acres heretofore used for growing hay for work stock are not released for the production of crops for sale directly or indirectly. In other words, on horse-farmed wheat ranches, where farmers have been feeding chaff and straw, he was of the opinion that they can grow wheat for hay in order that they can feed their work stock a little better.

In a large number of cases the community committees have called upon the farmers and have discussed this matter with them and many have seeded their contracted acreage to wheat for pasture and for hay. Some farmers are now ready to seed and do not know just what they can do. It has been suggested that wherever possible a man who has not seeded his contracted acreage up to the present time, do not seed it at this time but that he wait until his matter is straightened out, thereby saving himself unnecessary expense.

The statement that you cannot grow anything on the contracted acreage for sale directly or indirectly still holds and it is the opinion of those in charge of the work that this is fair and that this particular phase of it will not be changed.

BOOK DRIVE SATURDAY.

At ten o'clock next Saturday, October 7, the Boy Scouts of Heppner will begin their book drive for the benefit of the Heppner Public Library. Some time in the forenoon or early afternoon, the Boy Scouts will call at your home to gather up all books not in use that you wish to donate to the library.

As to the character of the books, the Scouts wish the public to understand that they do not want old books that no one would enjoy, but books for which the owners have no further use and those which they feel would make useful additions to the Heppner library. This is the first community good turn on the schedule of the Boy Scouts for the coming year, and it will only be successful with the cooperation of the general public. Consequently the Scouts will greatly appreciate any help given them.

LEXINGTON

By BEULAH B. NICHOLS.

The Lexington Home Economics club met Thursday afternoon with Mrs. Harvey Bauman as hostess. Seven members and three visitors were present. Those enjoying Mrs. Bauman's hospitality were Mrs. Pearl Devine, Mrs. Emma White, Mrs. Pearl Gentry, Mrs. Laura Rice, Mrs. Ada Eskelson, Mrs. Margaret Phelps, Mrs. Anna Smouse, Mrs. Margaret Williams and Mrs. Bertha Dinges. The next meeting of the club will be at the home of Mrs. Gentry on Thursday afternoon, October 12. For roll call each lady will be expected to answer with a household suggestion which she has found useful.

Edward Burchell returned Friday morning from a visit with relatives and friends in Portland and Corvallis.

Vivian White killed a four-point buck deer while on a hunting trip last week end.

Don Pointer left Friday night to attend the Century of Progress exposition at Chicago. At Arlington he met his brother Fred who was on his way from Salem and the two will make the trip together. They plan to be gone about four weeks.

Ernest Frederickson, who has been working near here during the summer, left Wednesday for his home at Salem. He was accompanied by Mrs. Wm. Van Winkle who will visit with relatives in Salem.

Mrs. Bernice Bauman, lecturer of Lexington grange, is busy getting together material for a program to be presented at the next grange meeting Saturday, October 14. This program will begin at eight o'clock and will be open to the public. Come and bring your friends.

The Misses Alice Palmer and Laura Agnes Eskelson have gone to Portland to spend a week. Friends here have learned of the death of Mrs. Allie Fisher, 63, wife of George Fisher, at her home in Walla Walla, Wash., on September 27, following a long illness. She was born Sept. 8, 1870, in Ohio and came west with her parents, Mr. and Mrs. G. W. Smith, when she was twelve years of age and settled on a ranch near Lexington. Her husband survives her as do a brother, Frank M. Smith, and three nephews, all of Walla Walla. Funeral services were held Friday at 2:00 p. m., from Marshall, Calloway and Hennessy funeral home in Walla Walla with the Rev. Leonard E. Brough officiating. Interment was in Mountain View cemetery.

Mrs. Ed Burchell returned Monday night from Wenatchee, Wash., where she was called last week by the death of her father, B. Y. Reaney.

It has been reported that several gas tanks were drained here Sunday night.

The Rally Day program at the Church of Christ Sunday was well attended. An interesting program was presented by the youngsters of the Bible school and the sermon by Mr. Sias was enjoyed by all. Another feature of the day's entertainment was the basket dinner at the noon hour. Out of town visitors for the occasion were Mr. and Mrs. John Moore and son and Miss Alma Nell of Pine City and Mr. and Mrs. F. E. Parker and daughter Marjorie of Heppner.

Mr. and Mrs. Bittner and family have moved onto one of the Marjorie ranches and their daughter, Jacqueline, has entered school here.

Miss Tillie Nelson is staying with Mrs. Beulah Nichols.

Lexington School Notes

The financial condition of District 12 is much better than that of the average school, as warrants have now been called in up to September of last year. Lexington warrants are therefore more desirable than has been commonly supposed.

On Wednesday the high school executive board held a special meeting at 8:30 in Supt. Williams' office. The following members were present, Faye Luttrell, chairman; Jack McMillan, Doris Burchell, Alma Van Winkle, Bernice Martin, Erma Lane, Alfred Van Winkle.

A standing committee was appointed to arrange assembly programs. The first committee appointed consists of Erma Lane and Bernice Martin who have worked out a peppy program for Thursday.

The teachers and parents spent an enjoyable evening together at the P. T. A. teachers' reception on Wednesday. Mrs. Schriever introduced the teachers and Mrs. White and Mrs. Wilcox directed some lively games and entertainment. Other members of the committee in charge were Mrs. Harry Dinges, Mrs. J. E. Gentry, Mrs. L. A. Palmer, Mrs. Carolyn Kuns and Mrs. Roy Johnson.

IRISH TROUNCE ATHENA HI, 7-6

Thomson's Spectacular Return of Punt for Touchdown, Followed by Jones' Buck Features.

Heppner high school's "Fighting Irish" eleven invaded Athena territory and pounded out a 7 to 6 victory over the hard fighting Athena high school squad Saturday afternoon.

Heppner scored in the first quarter when Athena punted from her own 10-yard line to Curtis Thomson, halfback and captain of the "Irish," who caught the punt on Athena's 35-yard line and made a spectacular run over the goal for a touchdown. Floyd Jones, fullback, carried the ball over the goal line for the extra point.

Athena scored in the second quarter with a series of line bucks and tackle smashes, but failed in their place kick for the extra point.

The second half was hard fought and though both teams threatened often, neither was able to score. The Heppner starting line-up: Ends, Phelan and Morgan. Tackles, Reid and Dick. Guards, Burkenbine and Bryant. Center, Ayers.

Halfbacks, Thomson and Gilliam. Fullback, Jones. Quarter, Hiatt. Substitutes, Kenny, Hanna, D. Drake and R. Drake.

Heppner's "Fighting Irish" will again test their strength when they meet Echo and Lexington in a double header football game on the home field Friday afternoon. These games are practice games and will not count toward letters.

Coach Mabee hopes that all promising material will come to light in these games so the cream of the squad can be put into the regular eleven.

Arlington Will be Host At Armistice Celebration

Arlington post, American Legion, is completing plans for a big celebration on Armistice Day, November 11, in which it is expected the towns and posts of Milton-Freewater, Pendleton, Hermiston, Fossil, Condon, Ione and Heppner will join. The program will include parade at 9 in the morning, followed by speaking and music at 10. An air circus in which several planes will participate is scheduled for 11 to 1:30, and a gala from 4 to 5 in the afternoon. The annual football battle between Hermiston and Heppner high schools will be held at 2 o'clock, and this feature is expected to draw large crowds from the two towns represented. A special picture show will be held starting at 6, preceded by dinner at 5 o'clock. The day's festivities will end with Happy Canyon from 7:30 to 9 and the big dance starting at 9. The Heppner school band will have a prominent part in the activities of the day, with an attempt being made to secure also the Irigun school band and the Hermiston school orchestra.

Those in charge of the celebration extend an invitation to everyone to attend and promise a full day of pleasing entertainment.

CAR TURNS TURTLE.

On their way to Heppner Tuesday evening to attend the installation ceremonies of Heppner post, American Legion, J. D. Todd, Garnet Best and O. K. Mudge of Hermiston were the victims of an automobile accident. They encountered a small bunch of sheep on the Lexington-Jarmon market road about six miles from Lexington and in trying to avoid hitting the sheep struck the soft shoulder of the road, the car turning over. While the occupants received slight injuries, the body of the car was quite badly smashed up. With assistance from nearby farmers they were able to right the car and proceed to Heppner where their injuries were treated.

TO UNDERGO OPERATION.

Vawter Crawford, the Gazette Times editor, left for Portland at noon today to undergo a stomach operation for an affliction revealed at a clinic in the city last week end. He was accompanied by Mrs. Crawford, Mr. and Mrs. R. B. Ferguson, Jasper Crawford and Mrs. Leonard Schwarz of Prineville. He will be confined at Emanuel hospital, and the services of Dr. W. H. Bueerman have been retained. After returning from the city Mr. Crawford rested quite well at home in the Jones apartments. The exact time of the operation has not been set.

YOUNG HUNTER GETS BUCK.

Bernard McMurdy, young son of Dr. and Mrs. A. D. McMurdy, is numbered among the successful nimrods this week, bringing in a 140-pound buck. While Bernard was having his first experience of this kind, George Bleakman, Heppner night watchman and a veteran hunter, was having his nth. Mr. Bleakman bagged a nice buck also.

DISTRICT GOVERNOR VISITS.

Ed Shea of Portland, district governor for Oregon, Lions International, was a visitor in Heppner last Thursday and that evening met with the board of directors of the local club at a luncheon at the Elk-horn restaurant.

CAMP BULL PRAIRIE TO BREAK UP SOON

Contingent Leaves for Baker Monday, Then On to the East.

WORK RECORD CITED

Mess Hall to be Left for Use of Forest Service; Local Boys May Go to Frog Heaven.

In the past few days Camp Bull Prairie has been a hotbed of rumors concerning the future of the reenlisted men, but most of the rumors were without responsible basis, writes the camp correspondent.

Capt. Hugh C. Parker gives definite information as follows: An advance squad made up of the officers and enlisted men from the east will entrain next Monday night for Baker. Included will be Captain Parker, Lieutenant Parody, Lieut. Crerar, Sergeant Schmitz, Sergeant Gysling and Dr. McCrall, all members of the U. S. army, and the following C. C. C. men: Sanders, company clerk; Lopez, Messina, Rouse, Jack A. Bernstein, Frank E. Wise, I. Klopoff and Jerry Joyce. These men will form a nucleus for a new C. C. C. camp to be recruited from the east. They will remain at Baker until Tuesday night when they will leave for Camp Dix, N. J. The two army trucks will be taken on flat cars to the east.

Saturday and Sunday will be spent in tearing down and packing the various camp equipment. The only remaining structure will be the present mess hall which will be used in the future by the forest service.

The few local C. C. C. boys who did not reenlist will be discharged today. Those who reenlisted will probably be sent to Frog Heaven. The remainder of the boys who were recruited in the east will probably be collected together and made into one company.

It is anticipated that practically all camps will be removed to a milder climate where it will be possible to still carry on the conservation and construction work without interference from extreme weather conditions and snow.

In an interview with Charles Davis, camp superintendent, the camp correspondent obtained the following information concerning the work accomplished by the 1245th company at Bull Prairie.

Although the camp was ready for occupancy when the main body containing 152 New York boys arrived, several weeks were spent in organizing the various crews, making additions to the camp, such as a mess hall, pipe lines, showers, tent foundations, garage, tool sheds, etc.

Actual work outside the camp started late in July. The boys from the east and the local men joined hands and worked willingly and efficiently. Among those responsible for the good progress were Max Buschke, Buck James, Charles McDaniel, John Arbogast, Charles Hiatt, Charles Steinmeier, Bert Bleakman, C. Ross Langford, Neilson Bailey, Donald Neely, V. L. Lowden, Harold Fredenberg and Frank Raeborg.

The following is a list of the work accomplished: New construction: telephone lines 35 miles; truck trails, 17 1-2 miles; horse trails, 6 miles; lookout towers, 3 (2 partially completed); one ranger station; one barn; other structures, 3; one reservoir; public camp ground clearing, 3 acres; public camp ground buildings, 2; range barbed wire fence, 5 1-2 miles; springs developed for livestock, 5; corral, 1; surveyed land, 15,020 acres; driveway shelters, 7.

Maintenance work; truck trails 82 miles; fencing around camp, 2 miles.

In addition to this work the C. C. C. workers improved the forests by building fire breaks, clearing fire hazards, and posting road signs and markers.

SEES WORLD FAIR.

Garnet Barratt returned home Tuesday night from Montana where he had been for several weeks looking after his sheep there on summer range. While away Mr. Barratt made a shipment of fat lambs to St. Paul and part to Chicago. He did not hit the market very favorably, Mr. Barratt said, though he did get to enjoy about ten hours at the world fair. He left Chicago last Thursday evening and preparations were then being made to receive the American Legion, now in convention there, and also to welcome President Roosevelt. Mr. Barratt made the trip from Kallispe, Mont., to Heppner, a distance of 648 miles, in 15 hours. It will be about November first before all the sheep are removed from the summer range near Browning, and Mr. Barratt expected to return there shortly.

Kate J. Young lodge Degree of Honor Protective Assn. meets Tuesday, Oct. 10, at 8 o'clock in Odd Fellows hall. All members are urged to be present. The Sunshine Division of Juveniles meet at 4 o'clock in afternoon.—Clara Beamer, Sec.
