

Local Happenings

R. B. Ferguson suffered a painful injury last Friday evening when chopping wood at home. A piece of the stick he was chopping flew up and hit him in the eye, shaving off a portion of the covering of the eyeball just over the pupil, and leaving two splinters lodged under the eyelid.

Rev. Joseph Pope, pastor of the Methodist church, attended a sub-district group meeting of Methodist churches at Wasco the middle of last week which considered problems of the church. The discussions centered around the question, "What can the church do to make it more effective in the lives of the people toward helping to lighten the national and world difficulties now confronting it?"

Mr. and Mrs. R. L. Bengie were in town for a short while yesterday from the Clarks Canyon farm. Ralph reports that his grain on the Six Dollar farm is all up and growing fine, and that he has begun operations of weeding and seeding some 800 acres on the lower ranch. These balmy days are doing a lot in bringing along the grain, and the hills are getting green like early springtime.

Mr. and Mrs. Wm. Smethurst of the Alpine district were in the city the first of the week, bringing their small daughter to consult a physician. The child underwent an operation for appendicitis at Pendleton recently, being confined to a hospital there for 20 days, but was sufficiently recovered to return home the end of the week.

John Belenbrock received painful injury Tuesday evening at the Frank S. Parker farm. He was in the field rounding up stock when he was pitched from his horse, striking on his face and one shoulder on the hardpan. Though 75 years of age, Mr. Belenbrock withstood the shock bravely, and apparently no bones were broken.

Art Bibby, former Heppner pastime operator, visited in the city the end of the week. Mr. Bibby, who retains pastime interests in Grass Valley while making the family home in Portland, is the proud father of a baby boy, born to Mr. and Mrs. Bibby in the city about a month ago.

S. J. Devine reports for the north Lexington country Wednesday, and there is no complaint out his way as to weather conditions. Fall seeding, and other farm work is proceeding and the fields are putting on a fine appearance of green as the new grain crop is showing up.

L. R. Stout, Portland, and C. L. Shively, Celilo, were in Heppner a short time this morning, coming up from Lexington where they were called to attend funeral services for their sister-in-law and aunt, the late Mrs. Omar Luttrell.

R. H. Steers was in town Saturday from out Hardman way. There had been no fog out his way. He reported that men were signing up there for the road work on the Rock creek sector of the Heppner-Spray road.

C. D. Huston and son, Miller, were looking after affairs of business in town yesterday. They have finished with the fall seeding and the grain is now coming along for a good start before freezing weather sets in.

Ray Drake represented Sand Hollow in this city Wednesday. Good weather conditions have permitted the farmers out his way to get well along with the fall work.

Charles W. Smith, county agent, R. A. Thompson and Garnet Barrett attended a district meeting on farm finance problems at Spokane the latter part of the week.

James Thomas, Jr., and Jasper Crawford motored Pendleton Tuesday evening to attend the Elks meeting addressed by Walter F. Meier, grand exalted ruler.

'29 Dodge 1-ton truck, closed cab, flat bed, motor and tires excellent condition. Ready for work now. See Frank Shively. A snap. 37

Born to Mr. and Mrs. N. M. Johnson of Dry Fork, on Sunday, Nov. 12, a 7-pound daughter. She has been named Neola Marie.

To trade—John Deere tractor and International 3-bottom plow for anything I can use. E. L. Smith, Lexington.

Wanted—Horses to break to saddle at \$5 per head and board. Write to Heppner or Hardman. Duff McKittrick. 27-30p

Tilman Hogue, who farms in the south Ione district, transacted business here for a few hours yesterday.

J. P. Louy, mayor of Ione, was among folks from that city transacting business in Heppner Monday.

T. J. O'Brien, lower Butter creek sheep operator, was in the city yesterday for a few hours on business.

Negro minstrel and dance, Rhea Creek grand hall, Saturday, Dec. 2. Save the date.—Adv.

Charley Becket was among Eight Mile residents doing business in Heppner on Wednesday.

Mr. and Mrs. Adrian Engelman of the Ione section were in the city Monday on business.

Studebaker light six sedan, looks and runs good, \$95. John Vaughn.

Mrs. Lennie Loudon of Condon made a business and social call in this city yesterday.

Mrs. L. W. Briggs has been confined to her bed at home since Monday by illness.

Walter Jepson was in the city yesterday from the farm home in the Ione district.

DANCE—Arlington, Sat. nite, Kanouse's 5-piece orchestra of Condon.

Highest cash prices paid for livestock. L. J. Huston, The Dalles, Ore. 27-34p.

Arnold Pieper was in town yesterday from down Pieper canyon way.

Hood River apples for sale. Case Furniture Co., H. C. Case. 26-28p.

HARDMAN

At a quiet wedding in Heppner last Sunday afternoon at the home of J. B. Denton who solemnized the ceremony, Jessie McDaniel of Hardman and Victor Lovgren of Eight Mile were joined in the holy bonds of matrimony. Mr. and Mrs. Harlan Adams, sister and brother-in-law of the bride, witnessed the ceremony. Mrs. Lovgren is the youngest daughter of Ed McDaniel of this city and has spent most of her life here, and the bridegroom is the son of Mr. and Mrs. Martin Lovgren, leading Eight Mile citizens. The young couple have many friends here who extend them their best wishes for a happy life together. Sunday evening a large crowd of friends and relatives gathered at the home of Mrs. Owen Leathers, also a sister of the bride, where the newlyweds were guests, for a hilarious charivari. Generous treats of cigars and candy were offered the crowd.

Mrs. Raymond MacDonald (Miss Elvira Bleakman) was the recipient of a wonderful bridal shower given her by friends and relatives of this community at the home of her parents, Mr. and Mrs. Bernard Bleakman. Present were Mesdames Elmer Musgrave, Wm. Greener, C. H. McDaniel, Holly Leathers, Ray Robinson, Nell Knighten, Bill Johnson, Floyd Adams, J. B. Adams, Richard Steers, J. W. Stevens, Harlan Adams, Clair Ashbaugh, Frank McDaniel, Sam McDaniel, Sr., Geo. Samuels, Carey Hastings, Lew Knighten, Max Buschke, Victor Johnson, Irl Clary, James Hams, B. H. Bleakman, Sam McDaniel, Jr., Leola Barlow and the Misses Charlotte and Loes Adams, Mary Sadling, Loes Ashbaugh, Muri Farness, Zetta and Deslie Bleakman and Mr. and Mrs. Raymond MacDonald.

Consolations are extended to Mr. and Mrs. Emil Johnson and son and daughter-in-law, Mr. and Mrs. Victor Johnson upon the passing of Mrs. P. H. Stillwell, mother of Mrs. Johnson who has been ill at her home in Portland for some time. Mrs. Stillwell's funeral was held in Portland Sunday. Mr. Johnson and victor were present at the funeral.

Friends of Loel Ashbaugh are sorry to learn that illness will prevent him from attending school the coming six weeks.

Mr. and Mrs. Perl Howell have moved into the Repass house where they will be domiciled during the winter months. Mrs. Howell taught the summer school at Burton valley the last term.

Preparations are in progress for getting the new road between Hardman and Chapin creek. Those desiring to work on this road have been enlisting at the postoffice. People here are especially anxious about the work as it will not only be a great help to travel but aid greatly the unemployment situation.

The forest work is practically completed in this section and most of the workers from this community have returned to their homes here.

Charles Hastings, aged resident of this community who has been quite ill for some time is now reported to be much better.

Mrs. Holly Leathers and family spent Saturday and Sunday at the home of Mr. and Mrs. Carl Leathers.

Proceeds from the recent dance and supper sponsored by townspeople to raise funds for Christmas treats, amounted to \$30.

Elwood Hastings, who has been working in the Ione country the past few months, has returned to his home here.

Mr. and Mrs. Esle Walker and small daughter Betty were visiting friends and relatives here Sunday. Miss Edith Stevens was visiting friends and relatives here Sunday.

Victor Johnson departed for Portland last Wednesday on matters of business.

Mrs. Irl Clary, Mrs. Bill Johnson and Harvey DeMoss were attending to matters of business in Heppner Monday after school hours.

Mrs. Frank McDaniel was attending to matters of business in Heppner and spent a while visiting her husband who is working near Ione, one day last week.

Adrian Bechtoldt drove his cattle to his father's ranch near Boardman. He was assisted by Elwood Hastings.

Tim Kurth, who is working at the Rietmann ranch near Lexington was visiting friends here Sunday.

sawing wood. A Condon physician dressed the wound.

Honoring the 78th birthday anniversary of Mrs. Dora Kanas, her children, grandchildren and great grandchildren gathered at her home Monday for a birthday party and dinner. Those present were Mr. and Mrs. Ed Case, Joelene Clark, George Madden, and Mr. and Mrs. John Madden and children Myrno and Alma of Lonerock, Mr. and Mrs. Newt Madden and three grandchildren, Mr. and Mrs. Vernon Madden and Arthur Madden of Hermiston.

Miss Marie Mikkalo who teaches in the Buckhorn district spent the week end with friends here.

Wednesday evening the friends of Mr. and Mrs. Lewis LaTrace gathered at the Wick ranch for a charivari party. After the usual tin can serenade they were invited in and treated by the young couple. Among those present were Mr. and Mrs. Ed Case, Mr. and Mrs. Charley Mathews, Mr. and Mrs. King, Juanita and Mary Kirk, Miss Hall, Clarno McLaughlin, Hap Hayes, Mr. and Mrs. Walter Hayes, Lester Wick, Mr. and Mrs. Jim Mathews, Mr. and Mrs. C. A. Wick, Roxie Wick, Mrs. Roy Robinson, Rachel and Clarence Rogers, Mr. Pulliam and Mrs. Roy Orwick.

Mrs. Ora Hawk of Holly, Ore., is visiting at the home of her mother, Mrs. Sarah Bennett. Mrs. Hawk, who was recently operated upon at a Brownsville hospital, is rapidly recovering her health.

Billy Leathers of Hardman is visiting relatives here.

Mr. and Mrs. C. A. Wick and Roxie have moved to their town residence for the winter.

Mr. and Mrs. Roy Robinson and children, Reta, Donald and Creston, attended the dance in Hardman Saturday night. Mrs. Robinson and Reta went over Friday to visit relatives and attended the household shower given in honor of her sister-in-law, Mrs. Raymond MacDonald.

Miss Georgia Pevy and Clarence Edwards of Condon visited friends and relatives in Lonerock this week.

Little Joelene Clark of Portland is visiting with her great grandmother, Mrs. Dora Ranous.

Ray Bailey of Kinzua visited friends in Lonerock Monday and Tuesday.

Mrs. Myrtle Huddleston and J. B. Goff were business visitors in Condon Tuesday.

Harlan McCurdy of Ione was a business visitor in Lonerock Tuesday.

Myrno Madden who is attending high school at Hermiston spent the week end in Lonerock with his mother, Mrs. Alec Madden.

Machinery and equipment for the sawmill which will be started in the spring and will be located at the forks of the creek above Lonerock, are being trucked in. Several loads have been brought in during the past few weeks.

Mr. and Mrs. Lewis Batty of Hardman stopped in Lonerock Sunday on their way to Kinzua. They brought over a load of furniture for Mrs. Kinnard McDaniel.

Mrs. Rose Kirk and daughters and Ira McConkie attended the dance in Hardman Saturday night.

The Pythian Sisters held their regular monthly meeting Wednesday afternoon. During the social hour Ida Hutt and Nora McLaughlin served chicken tamales.

Juanita and Mary Kirk spent the week end with their mother, Mrs. Rose Kirk at Rock creek. They went down with Mrs. Cleo Robinson who spent the week end in Hardman. Maitland Hicks accompanied Mrs. Robinson on to Hardman and attended the dance.

Oregon Honey Great Boon For Kitchen Engineers

Although this state produces more than 2,225,000 pounds of honey annually, this delicious product is not fully appreciated by Oregon homemakers, believes Miss Claribel Nye, state leader of home economics extension. Honey has innumerable uses as a substitute for sugar, candy, jams, and jellies, molasses and other syrups. Being a liquid, honey blends more readily than a dry sweet with many combinations.

In preparing a mixed fruit salad, for example, drizzle the honey over it and top with plain whipped cream. For ice cream sundaes, add the fruit or nuts to honey and pour over the ice cream. For a delicious sandwich that holds together, spread the bread with honey over the butter, and sprinkle with chopped nuts or add cottage cheese.

Honey can be substituted with advantage to flavor for half of the sugar in recipes for breads, gingerbread, muffins, cookies, cakes, baked ham and apples, pies, salad dressings, puddings, candies and confections. When substituting honey for sugar in a recipe, omit one-fourth cup of the liquid called for in the recipe for each cup of honey used.

In measuring honey for baking purposes, measure the fat first in the cup or spoon and then measure the honey before washing the equipment. Honey that has been heated slightly is easier to handle than cold honey. Baked goods keep moist longer when made with honey instead of sugar, as the honey tends to attract moisture to it.

Let's Let George Do It

How many times have you heard that well-known phrase "Let George do it"? How many times have you let "George" do it? When the grade sheets are issued, do you ever give "George" credit for your grade? I should say not. One never does. However, it is admitted that if it were not for "George" there would be many more failures.

Do you ever stop to think just who it really is that you are cheating? It isn't the teacher, and it isn't "George". When examination day comes around, who gets the low grades? It isn't the other fellow, and it isn't "George". It is again yourself who pays the penalty for letting "George" do your work.

Yet, in spite of the aforementioned knowledge, what do most of us do. Why—"Let George do it."

The Ideal Boy

Heppner high school's ideal boy must fulfill the following qualifications: He must have an athletic build like Curtis Thomson's, hair like Johnny Hanna's, eyes like Howard Furlong, nose and chin like Matt Kenny's, and a voice like Bill Cochell's. He also must have a sense of humor like Anson Rugg's, a personality like Paul Phelan's, knowledge like Ed Dick's. He must be able to dance like Francis Nickerson, sing like Matt Kenny, play football like Floyd Jones, play basketball like Roy Gentry, and laugh like Frank Anderson.

Class News

The junior program committee met Tuesday in Miss Staley's room. They discussed the program to be given by the junior class at one of the Friday assemblies.

Mr. Bloom called a special assembly last Friday for the purpose of warning the students against agents from unrecognized correspondence schools.

Mr. Lumley and Armin Wilton entertained the Benzine Ring meeting last Thursday night with the interesting characteristics of electrolysis.

New members initiated into the Benzine Ring were Raymond Drake and Miriam Moyer.

Did you ever—See Bill Schwarz talking in the hall to a certain D. B. from Lexington instead of going to English class? See Don Jones when he had enough school work to keep him busy? Hear who Matt Kenny's new girl friend is? Know why Mr. Mabee is a school teacher instead of a millionaire? See Ed Dick blush? See Claire Phelan get to school on time? Wonder why it takes Frank Anderson and Beth Wright so long to eat lunch? Read Bill McCaleb's poem, "Charlie, the Butter Magnate"?

Play at Lexington Erma Lane and Doris Burchell, Lexington high school girls, were visiting Heppner high Tuesday. The girls were selling tickets for the senior class play which is to be given tomorrow night at the Lexington auditorium.

Instructor to Leave Mr. Lumley, our mathematics

Special Oysters and Shell Fish NOW IN SEASON! For a good meal anytime go to the ELKHORN RESTAURANT ED CHINN, Prop.

CARD OF THANKS.

For the kindly help and sympathy tendered us at the time of our bereavement, and for the many beautiful flowers, we give our sincere thanks. MAURICE E. BALL, WILLIAM Y. BALL, CLARA GRACE FLESHER.

Frank Leicht, Irrigon mayor, took time off to pay the county seat a visit Monday.

and science teacher who has for the past four years been both friend and instructor to the students of the school, is to leave Heppner tomorrow to become a teacher in The Dalles high school.

To many students and townspeople this departure will leave a distinct sense of loss, tempered only by the desire to better himself is the only reason for Mr. Lumley's departure. It is our pleasure to wish for Mr. Lumley and his family, in their new surroundings, all the success and happiness which they so much deserve.

Booster Club Reorganized The Booster club is being reorganized by Miss Coppock and the yell leaders, Frances Rugg and Dick Benton. The membership for the club will be limited to twenty. These members are to be selected by the committee that is organizing the club. The students have to be peppy and be willing to go to all the games in order to be eligible. The club will be fully organized and in action by our first basketball game with Lexington which is to be played here December 8th.

No More Junior Class Rings Every year at this time the various members of the Junior class order their rings. These rings designate the graduates of Heppner high school from graduates of other schools. However, the junior class of last year broke this annual custom, establishing a precedent which the class of this year will follow. From now on the class will not buy class rings until they reach their senior year.

Sports

Basketball practice for Heppner high school's quintet was started in earnest last week at the gym. Coach Mabee has quite a green team this year made up of light, fast boys. Roy Gentry, the only regular back from last year's quintet, will be the nucleus for this year's team.

High school gym classes for boys have been divided into five teams of basketball players. The teams are named A, B, C, D, and E. The schedule for this week is as follows: A vs. E, B vs. C, A vs. D, E vs. B; C draws bye.

Heppner high school's varsity basketball team will receive its first test when it plays the 1932-33 varsity team, Friday night at 4:00 o'clock at the gym. The alumni team is made up for the most part of graduates of last year.

The standing of 7th and 8th grade boys' gym clubs are: Lions 6, Trojans 6, Cougars 5, Bronks 2. The 5th and 6th grade boys' gym club standings are: Bulldogs 6, Elks 5, Beavers 5, Lions 3. The 7th and 8th grade girls' gym club standings: Genevieve Hanna's team 9, Betty Hapold's team 8; Patty Cason's team 6, Helen Cunningham's team 5.

Grade School News

During their language class, the pupils of the second grade are dramatizing the story of the Pilgrims for a Thanksgiving Day program.

The fourth grade is making a scrap book of the different countries. Pictures and stories are used to describe and illustrate the ways of other peoples.

Harlan McCurdy of the Ione section, now working as one of the appraisers for the Federal Land bank of Spokane in this section, was doing business in the city on Monday.

Local ads in the Gazette Times bring results.

The Book

the first line of which reads, "The Holy Bible," and which contains Four Great Treasures.

By BRUCE BARTON

"The Holy Bible"

Here is a book, or more properly a collection of books, which is best compared to the world's best seller. New novels grip the public fancy for a few weeks or months and then disappear, but the Bible stands continuously at the top of the list.

American presses are turning out text-books and literature of every sort. And Bibles, cords of Bibles, literally cords of them. Nearly every home has at least one copy. Millions of copies are given as birthday, graduation and Christmas gifts. It is a book that everybody buys and concerning which almost everybody is ready to engage in debate at the drop of a hat. Yet how many read it? How many know what it really contains?

It is worth knowing. Not all of it, of course. There are long chapters of genealogy which are no more edifying than the pages of the telephone directory. But when you have passed over such passages and everything else that for popular reading is tiresome or useless, what have you left? These four great treasures:

A bird's-eye view of the development of civilization. The story begins with the origin of the earth and for the first eleven chapters it deals with the human race as a unit. Coming down to the time when races were grouped and nations arose, it traces the development of a particular people, the Hebrews—their beginnings as nomadic shepherds, their conquest and settlement of a home, and their emergence into national life; their rise to splendor under Kings David and Solomon; their overthrow and captivity, and the reestablishment of their national cult or worship, though with very limited authority in the matter of government, a cen-

tury later. The recital brings us finally into definite touch with the civilizations of Greece and Rome. Certainly no one can claim to know history who has not read and understood it.

2. Some of the greatest literature of all ages. Here, to mention only a few, are the greatest of all poems, one of the greatest dramas, one of finest love-stories, and a collection of proverbs which in varying phraseology have entered into the common-sense philosophy of nearly every modern nation.

3. The best of all text-books in human nature. For in the Bible we have profound thought beautifully expressed; we have the nature of boys and girls, of men and women, more accurately charted than in the work of any modern novelist or playwright.

4. Finally, we have the story of the most successful life ever lived on this planet, a life that changed the course of human thought and that still is able, after more than nineteen hundred years, to transform individuals, communities and nations.

Surely it is worth while to know the high spots, at least, of a book that contains all this. Let us start at the beginning with the title page of the common version.

Next Week: Development of the Book.

U. O. Chemist Makes Important Discovery

Eugene.—The discovery that acetamide, long familiar to chemists, has a wider range of solvent powers than any other known substance has just been made at the University of Oregon by O. F. Stafford, professor of chemistry and chairman of the science group. Because all life processes occur in solution, and because many important industries are dependent upon solubility relationships, this discovery made by Professor Stafford is regarded as an outstanding contribution in the field of chemistry. Acetamide, Professor Stafford found, is superior to both water and ammonia as a solvent. To test his discovery the approximate solubilities of some 400 organic and 200 inorganic substances were ascertained.
