INFLATION.

ALL of the discussion over the money question, as far as we understand it—and that isn't very far—seems to come down to this:

There are a great many sincere persons who believe that the only economic salvation of the nation lies in increasing the volume of money in circulation. That, broadly, is called "inflation."

These two groups probably are both wrong. It does not seem to us that what is needed is more actual currency, but a more rapid circulation of the currency already available.

We do not think that either the Administration or the Federal Reserve Board is so unpatriotic, so deaf to the distress of the people of the United States as to withhold its hand if there were any way untried of getting more currency into the hands of the public short of outright gifts.

As for the rabid anti-inflationists, who see in every move to make the dollar cheaper in terms of commodities and services, a threat to the investments of the creditor class we think they have very shaky ground to stand on.

RURALIZATION OF INDUSTRY.

WE WERE impressed by what Secretary Wallace said in a speech in Chicago not long ago. He remarked that the President's land policy "may in time be recognized as the most important since the Homestead Act."

As Mr. Wallace interprets the program of the Administration—and he ought to be in the best position to do so—the definite aim is to restore rural life to millions who have been herded into the cities.

Such a program as that will take time and a lot of it. It ought not to take so long to get industries established in agricultural regions where the raw materials are the product of annual crops, like cotton, corn or wheat.

We hope this general idea will be stimulated and encouraged. It seems at the moment doubtful whether many of the big industries will regard it as economical to manufacture their products in thousands of scattered plants; yet Henry Ford does just that, and does it successfully.

Editorial

What is temper? This question often arises when we see some individual "lose his head" and do things which under normal conditions he wouldn't think of doing.

Many persons who have investigated this subject say that temper is a form of temporary insanity. One thing is certain, temper, when displayed, shows definite lack of mental control.

In spite of this, however, we continually find people who actually brag about how hot-tempered they are. It is wondered how many hot-tempered persons would fly into a fury if they knew that each time their temper was lost they would get an outward display of temper which is childish in that it shows a decided lack of mental control and of natural dignity.

It is when considering such human failings as this that we realize the basic primitiveness of man.

The Proposed Amendment

Will the new amendment to the high school constitution pass or not? The amendment states that any student who does not pay his student body fees will be excluded from participating in athletic contests or from attending any activities of the student body.

Since athletic contests and assemblies are the only kind of amusement furnished by the school, the amendment is believed by the student council a good way to force the students to pay their fees.

Heppner Defeats Lexington

In one of the most thrilling games ever witnessed on the new gym floor, Heppner high school's "Fighting Irish" basketball quintet defeated the speedy Lexington hoopers 26 to 23.

Student Body Meets

At the student body meeting last Friday a new amendment was proposed for the constitution. It stated that all students who failed to pay their student body dues would be excluded from student body activities.

Play Postponed.

"The Yellow Shadow," a play which was to have been presented Friday by the junior class has been postponed until after Christmas.

Class News

Mr. Pevey's spare time has been occupied in relabeling the chemicals in the laboratory. The race is on! For the next two weeks the members of the typing classes will strive to attain the fastest speed rates.

class was an ice cream feed which was given them by Mr. Cox. Mr. Pevey was initiated into the Benzine Ring at the regular meeting last Thursday evening.

Grade School News

The second grade is beginning its Christmas projects this week. The pupils are now doing work in art and they will later read stories and poetry that have to do with Christmas.

Wilma Beymer, a pupil in the fourth grade, wrote a letter to her cousin who teaches in St. Paul. Her cousin's pupils answered Wilma's letter. The boys and girls in St. Paul were very interested in her rodeo and in the Pendleton Round-Up.

There are quite a few pupils absent in the grade school. Most of the absentees have measles. There is a banner given to the one of the four upper grades that is the best in spirit, attitude, cooperation, memorization, and voice in music.

CIVIC OFFICIALS TO MEET.

Eugene.—The second regional conference of the League of Oregon Cities will be held December 15 at Baker, it was announced here by Herman Kehrl, executive secretary of the organization.

Municipal revenue, federal aid, public works, civil works, and municipal liquor control will be chief topics for discussion at Baker. Since the adjournment of the state legislature is set prior to the meeting, those present are expected to consider steps to be taken by municipalities in controlling liquor in accordance with state laws.

Russell Miller of Lexington was a Boardman visitor last Monday. George Wicklander and his brother Charles, state grange deputy, spent several days last week visiting granges and attended Ponom

BOARDMAN

By RACHEL J. BARLOW

Mr. and Mrs. Lee Mead and family of Arlington were guests during the week end at the Bryce Dillabough home. The Meads are moving to Wallowa soon where Mr. Mead will have an agent's position at the depot there.

Mr. and Mrs. J. R. Johnson of Wasco spent several days here last week at the A. R. Barlow home. Mrs. M. L. Morgan left Sunday for Portland where she will again work during the Christmas season in the postoffice as a postal clerk.

Stanton Hadley celebrated his eighth birthday last Saturday by having the members of the second grade in school to his party. Games were played during the afternoon and refreshments were served.

The Ladies Aid Silver tea was held last Wednesday at the home of Mrs. Eva Warner. The society gave Mrs. J. R. Johnson, one of their early members, a lovely hooked rug which the ladies had made.

Mr. and Mrs. Charles Nickerson and Edith have moved into the home of Grandma Nickerson and will be with her this winter. Mrs. Sarah Wilbanks was a business visitor in Heppner last Saturday.

M. L. Morgan was home during the week end. He is employed at Hardman on the relief crew. A large crowd attended the Ladies Aid bazaar last Friday evening and a neat sum of money was cleared by the organization.

A lovely chicken dinner was served after which the fancy work, candy, fish pond and other booths were opened. The Humanophone side show attracted many of the people.

Mrs. Shell is staying at the Morgan home during Mrs. Morgan's absence. Erik Bergstrom, pioneer wheat-raiser of Gooseberry, was looking after business here Saturday.

George Wicklander and his brother Charles, state grange deputy, spent several days last week visiting granges and attended Ponom

grange meetings of Hood River and Wasco counties.

Remember the turkey shoot on Sunday, December 17. This is sponsored by the Alumni society and lunch will be served during the day.

The community Christmas tree program will be given in the school auditorium Thursday evening, December 21. An interesting program is being prepared and Santa Claus is expected to be present and give a treat to each one present.

The Home Economics club's dinner given in Root's hall last Monday evening was well attended and a wonderful dinner which included turkey, was served. The evening was spent in playing cards.

A Christmas cantata will be given in the community church Saturday evening, December 23. All are invited to attend.

Mrs. Albin Sundsten gave a birthday party for her daughter Lillian last Saturday afternoon. The grades, high school and town basketball teams will play their first game at Umatilla Saturday evening.

4-H Corn-Hog Contests To be Held at 1934 P. I.

Announcement that 4-H club boys and girls may begin planning now with definite assurance that the Portland Union Stock Yards pig feeding and corn growing contest will be sponsored at the Pacific International Livestock exposition in Portland again in 1934 was made during the 4-H club hour over KOAC recently by George A. Pierson, president of that company.

Each year for several years the sum of \$1,075 for the pig feeding contest and \$450 for the corn growing contest, a total of \$1,525, has been awarded to club members at the Pacific International by the Portland Union Stock Yards company.

Each year interest has been greater, the number of entries higher, and the quality of exhibits better, Mr. Pierson says. Announcement of next year's contest was made early so that clubbers might get off to a good start.

Erik Bergstrom, pioneer wheat-raiser of Gooseberry, was looking after business here Saturday. He is well pleased with the crop conditions, and reports work on the farm progressing, everything being just right for winter plowing.

NEW FORD V-8 for 1934 THE UNIVERSAL CAR

The New Ford V-8 for 1934 is now on display at the showrooms of Ford dealers. Surpassing even the great Ford of 1933 in economy, beauty and comfort, it is truly the car of this modern age—the culmination of thirty years Ford progress. It combines the proved performance of the V-8 cylinder engine with two important new features—Dual Carburetion and perfected Clear-vision Ventilation. See this car today and drive it at the first opportunity.

OUTSTANDING IMPROVEMENTS IN THE NEW FORD V-8

BETTER PERFORMANCE. Greater power, new speed, quicker acceleration, smoother performance, more miles per gallon especially at higher speeds, and quicker starting in cold weather—all these result from the new dual carburetor and dual intake manifold. New water-line thermostats enable the engine to warm up more quickly and to maintain an efficient operating temperature. Added engine refinements reduce oil consumption, further improve operating economy and reduce maintenance costs.

NEW VENTILATION SYSTEM permits clear vision, prevents drafts and provides desired amount of fresh air in any weather. Individual control for front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half-turn. This slides the glass back horizontally to form a narrow slot. Through

this slot air is drawn out by the forward motion of the car. This simple ventilation system maintains draft-free circulation, insures passenger comfort, prevents fogging windshield in cold or stormy weather. Both windshield and cowl ventilator can be opened to supply additional air needed for comfortable warm-weather driving.

DISTINCTIVE NEW APPEARANCE enhanced by the newly designed chromium-plated radiator shell and grille, new hood louvres, new hub caps. Interiors are attractive, with new tufted upholstery, new mouldings, new cover-type headlining, new instrument panel, new arm rests, new hardware. Swivel-type sun visors in De Luxe bodies prevent glare from front or side.

FENDERS IN COLOR. On De Luxe cars fenders are in color to harmonize with body colors—wheel colors optional. New enamel finish on

all bodies and fenders has greater wearing quality and more enduring luster.

GREATER RIDING COMFORT results from increased spring flexibility. The spring leaves are newly designed for quieter and easier action. Shock absorbers are improved. Seat cushions are deeper, with new, softer springs. New type, individual bucket seats provide increased comfort for front-seat passengers in the Tudor Sedan. Adding to comfort is the new driving ease of the 15-to-1 steering gear ratio.
