Official Paper for Morrow County

NOW FOR A PUSSYWILLOW.

WHEN news is short, the weather is always good for a story. That's an old newspaper axiom based upon the fact that nothing else so affects human existence.

But when Morrow county is treated to balmy spring zephyrs and copious April showers in the middle of January, all complaints vanish.

For those with an eye to the beauties of Nature, along the banks of the creeks near town may be found pussywillows budding forth.

There is stimulus for the poet in the present aspect, so much of Nature reflecting considerateness, gentleness, kindness and all those things that add to happy, temperate living.

Senator Sam Brown of Marion county, first to announce his candidacy for governor, days wealthy men who get into office through the use of big "slush funds."

ATTENDS EXECUTIVE MEET.

Spencer Crawford, commander sixth district, American Legion, was in Portland over the week end to attend a meeting of the state executive committee. Important business of the session included passing of resolutions setting out the recommendations of the state organization affecting the employment of ex-service men on government projects. The resolutions asked for a uniform definition of "ex-service man" in order to clarify

muddles which have occurred because of different interpretations given by various administrators in charge of different parts of the government work. It is not the idea of the Legion to try to obtain an advantage for its members in the allotment of employment, Mr. Crawford said, but to see that ex-service men generally are given the benefit of legislation in their behalf which has been incorporated in the recovery acts.
