every section of Oregon to aid him in this work. The university for many years has maintained an herbarium, in which have been preserved thousands of plants, with accurate records of when they were taken. By using information obtained from these records Professor Henderson was able to point out the extreme earliness of this spring. Now he wants to make as complete as possible the collection of early flowers and plants for this year, so that in years to come this material may be used by research students and others.

(Continued on Page Three) ference in the brand of patriotism displayed. Mr. Pearson declared in laying his premise for the kind of patriotism needed in America. By comparison he cited Hitlerism as a brand of false patriotism. "Hitler, whose own blood is largely Jewish, will some day pay for his persecution of the Jews in Germany under the name of patriotism," the speaker predicted.

Early Plant Samples Wanted for U. of O.

Eugene.—The early spring which Oregon has enjoyed, a season advanced at least two months over the average, has not only been a source of enjoyment to lovers of the out-of-doors, but is a matter of great scientific importance as well. It was declared here by L. F. Henderson, curator of the University of Oregon herbarium. It is of utmost importance that data as complete as possible on all forms of vegetation in all sections of the state be compiled, and Professor Henderson has called on interested people in
