

Local Happenings

Mr. and Mrs. J. O. Turner departed on Wednesday for McMinnville to spend a couple of days while Mr. Turner attends the celebration of the 40th anniversary of the Oregon Mutual Fire Insurance company of which he is the local agent. The celebration is to continue over today and Friday and will be attended by the representatives of the company from all over the northwest.

Mr. and Mrs. Vawter Crawford were visitors on Tuesday at the home of Mr. and Mrs. John M. Spencer of near Stanfield. A heavy rain visited that portion of Umatilla county and will be of much benefit to the new alfalfa that is coming up. Irrigation water on the project is expected to be pretty scarce this season because of lack of snow in the mountains.

W. A. McClintock was in town today from the west side of the county and reports the outlook for crops as discouraging. Weeds have been choking out the grain, and there has as yet been no rain to revive the situation. He thinks the weeks have been the worst this season of any year in his experience as a farmer in Morrow county, and this has covered many years.

Dwight Mines was looking after some business in the city on Monday. He was not too happy over his crop outlook, fearing that the rains, which have been badly needed, are delaying their coming a bit too long. Weeds have grown prolifically among the wheat this season, and a great amount of moisture has been taken from the growing grain.

Orville Cutsforth, extensive wheatraiser of the Lexington section, reports his crops as progressing well. The rain of Tuesday was pretty heavy over his part of the county and it will benefit the growing grain a lot. Mr. Cutsforth was attending to business affairs in Heppner the first of the week.

Mrs. Henrietta Cohn and her daughter, Mrs. Eleanor Page, arrived from their Portland home on Sunday and are visiting this week at the homes of Harold and Henry Cohn. Mrs. Harold Cohn, who spent a few days in the city the past week accompanied the ladies to Heppner.

All delegates and others attending the State Christian Endeavor meeting at Salem the past week end, returned home on Monday. The sessions of the convention were greatly enjoyed by the Heppner folks, who report the Golden Jubilee celebration a great success.

For Sale—Nearly new 6-horse Van Brunt drill \$50; one side-hill plow \$25; three-horse drill, four-horse disc \$20; wagon, hay rack and wood rack \$25; rake \$10; mower \$50. Property in or near Heppner. Address Arthur W. Dykstra, Lebanon, Ore., R. 3.

Mr. and Mrs. Chas. McDaniel were in town Saturday from Hardman. Mr. McDaniel gave an indication of the game situation, saying he counted 65 deer and three elk since the latter part of March while working on the Five Mile drift fence in the vicinity of Ukiah.

Leonard Carlson, who was in town a short time on Wednesday, reports that light rains out in the Gooseberry country Tuesday, but hopes these showers are the harbingers of more abundant rains to follow as the grain is needing the moisture badly.

R. E. Rice, who was in town from the Artesian Well ranch on Saturday, was hoping for some good rains. His wish was gratified to some extent by the showers of Tuesday which were quite abundant over that part of the county.

Wanted—Paper hanging, \$3.50 per room; kalsomining \$2; interior decorating. Let us estimate your work. Myers Paint Shop, 202 E. Webb, Pendleton, phone 108. Drop us a card; ask to see our wall paper book.

For Sale—2 second-hand John Deere high lift mowers, 1 McCormick Bib 6 mower, 1 10-ft. sulky rake suitable for cutting right-of-ways on wheat allotment—at bargain prices. L. Van Marter, Heppner.

Fred Rood and Fred Deshon, executors of the estate of Fannie O. Rood, were looking after their interests here on Friday and Saturday. They returned to their homes at Hillsboro and Portland Sunday.

Archie Padberg, in town yesterday, said Mrs. Padberg is now in Portland for the removal of her teeth, made necessary by injuries she received in an automobile accident some four months ago.

Roy Campbell of the Social Ridge district returned home Monday from Banks, accompanied by Mrs. Campbell. Mrs. Campbell is reported to be making some progress from her recent severe illness.

J. D. Cash and family were in Walla Walla Saturday to attend the funeral services for Charles Myers, a long-time friend of the family, who died suddenly last week.

Alonzo Edmondson, in town yesterday from the Eight Mile farm, said good rains out that way this week had brightened crop prospects materially.

Mrs. Blanche Watkins of Iririgon who has been confined at a local hospital with illness for some time, is reported by friends to be improving.

For Sale or Trade—A No. 7 16-ft. Hillside International Combine Harvester. See J. O. Turner.

Mrs. Frank Cramer of Boardman was received at a local hospital on Tuesday, being quite ill.

Born—To Mr. and Mrs. Fred Rauch of Alpine at the maternity home of Mrs. Pat Mollahan in Heppner on April 20, a six pound boy.

Custom Hatching, 2c per egg. See us or write for particulars. Book early. No charge. Salter Poultry Yards, Ione, Ore. 51-7

O. T. Ferguson arrived in Heppner Tuesday from Gold Beach to look after business matters here for a while.

For Sale—International Hillside Combine, 16-ft. cut, \$245, worth much more. Orville Cutsforth, Lexington.

Tomato and cabbage plants for sale. Mrs. L. G. Rumble, 106 Water St., city. 7p.

Chevrolet 4-door sedan, fine condition, at a bargain. Call at 6 Church St. 6tf.

Gold fish and aquariums for sale at Gordon's.

What Is Time?
How many times a day do we hear the expression, "What time is it?" "I haven't time," or "My, how time flies!" What is this thing we called time that caused us to scurry to keep in sight of it?

The scientists tell us that time is a dimension not unlike distance. Distance is divided into miles, as time is divided into days. Although hard to realize mentally, time is endless. To measure the length of time would be like measuring the distance to the eternal blue of a summer sky. Then, if time is so bountiful, shouldn't there be some to waste? The fact is, to each of us is given only a very small portion of time space; even less than a word among the ever turning pages of the book of "eternity."

In reality time stands still. We move in time. When we walk to the postoffice, the distance to the post office doesn't move, yet we get nearer to the post office at each step. The same is true of time, except that whether we walk or stand still we are steadily nearing the termination of our portion. So it is, do today, or never; for tomorrow never comes.

Magazine to be Published
As the English V class has nearly finished the text, a portion of the remainder of the term will be spent in publishing a class magazine. The magazine will be made up of short stories, poetry, jokes, and other articles of school interest. The articles will be written by those students who have the "knack" of writing. The remainder of the class will copy-read and correct grammatical mistakes. It is generally believed this work in journalism will be very beneficial, as the students who can write well will have a chance to develop their talent; while the copy readers practice in the correct use of punctuation and grammar.

Wanted—Paper hanging, \$3.50 per room; kalsomining \$2; interior decorating. Let us estimate your work. Myers Paint Shop, 202 E. Webb, Pendleton, phone 108. Drop us a card; ask to see our wall paper book.

Mrs. Frank Cramer of Boardman was received at a local hospital on Tuesday, being quite ill.

Snake of Interest
A small snake caught for the Biology class and kept in Mr. Pevey's room has created quite a number of arguments among the students as to what species the snake belongs. This snake has been classified as every type from a water snake to a cobra.

Junior Flunk Day
The junior "flunkers" motored deep into the mountains for an all day picnic at the "French Resort" near Opal mountain, Tuesday. There were five car loads of enthusiastic juniors running up one mountain road after another in quest of the opal mines. These mines were found by only the more ambitious and persistent members of the party. Indoor baseball was the chief diversion, next to the actual picnic dinner; it was reported that the mountain air served to enliven the appetites. Miss Staley, class advisor, capably chaperoned the party.

Assembly Friday
Students of the high school were entertained by the first grade which sang a number of folk songs at the school assembly held last Friday. In addition to the program given by the first grade, the advanced and beginners' typing classes typed for five minutes each so that they may become accustomed to typing before a crowd. They are preparing for the annual typing contest to be held in Heppner May day. Two members from each class will compete in this contest. Those who competed before the assembly were: Jessie French, Edna Crump, Chet Christenson, Ervin Periberg, Don Drake, Cliff Yarnell, Louis Gilliam, Claire Phelan, Alice Peterson, Miriam Moyer and Bill Thomson.

"H" Club to Officiate
The "H" club will be in charge of the May Day annual track meet, which will be held at the Rodeo field next Tuesday afternoon. All of the schools in the county will participate in the track meet.

Club Meeting Postponed
The Benzine Ring meeting for last Thursday was postponed, due to the absence of Mr. Pevey who attended the Christian Endeavor meeting at Salem.

Class Notes
The biology class is studying specimens that were brought by members of the class. The snake and lizard have been the center of most of the discussion.

High school memory books are having their season now, and the seniors are busy exchanging books to get all the signatures of their

classmates, teachers, and friends. The memory books were presented to each member of the senior class by the Behnke-Walker Business college of Portland.

The senior picnic will take place next Wednesday evening after school.

The music class, or high school chorus classes, are working on songs for commencement.

The shorthand class is going to take straight dictation from now on. The annual junior-senior banquet which will be held in the basement of the Christian church on the evening of May fifth, has aroused great enthusiasm among the students of these classes.

Mr. Buhman attended the state band contest in Corvallis last Friday and Saturday, and related to the Heppner band some of the accomplishments of the various other Oregon school bands.

The Heppner and Iririgon school bands are to appear ensemble in the music festival which is to be held next Tuesday.

NOTICE OF SALE OF ANIMALS.
Notice is hereby given by virtue of the laws of the State of Oregon that I have taken up at my farm 5 miles SW of Hardman on Rock creek in Morrow County, Oregon, the following described animals, and that I will at said place, on Saturday, May 12, 1934, at 10 o'clock A. M., sell said animals for cash in hand to the highest bidder, subject to the right of redemption of the owners thereof. Said animals are described as follows:

1 Black cow, branded figure 2 on right hip, crop off left ear.
1 red yearling heifer, same mark and brand.
1 red and white yearling steer, same mark and brand.
LOTUS ROBISON, Hardman, Oregon, 7-9

BROWN TO ADDRESS GRANGE.
Sam H. Brown, state senator from Marion county and republican candidate for governor, is slated to address Willows Grange, Cecil, at its regular business meeting Saturday evening. Senator Brown's talk will be given at the lecturer's program, beginning at 8:30. The business meeting is called for 7:30. Several good numbers are being arranged for the lecturer's hour, which will be open to the public. Senator Brown's talk will be on political questions of the day. He has been

a member of the legislature for many years, and is a granger, holding membership in North Howell Grange, Marion county. Mary Lundell, president, hopes for a large attendance.

ATTEND BAND CONTEST.
Mr. and Mrs. Harold Buhman were in Corvallis last week end to attend the annual high school band contest held on the state college campus. Mr. Buhman, director of

the local band, took pointers on the contest, expecting if possible, to enter the local band next year. He believed the band would have made a favorable showing this year had it been possible for it to participate.

Why Hospitals Use a Liquid Laxative
Hospitals and doctors have always used liquid laxatives. And the public is fast returning to laxatives in liquid form. Do you know the reasons?
The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.
The right dose of a liquid laxative brings a perfect movement, and there is no discomfort at the time, or after.
The wrong cathartic may often do more harm than good.
A properly prepared liquid laxative like Dr. Caldwell's Syrup Pepsin brings safe relief from constipation. It gently helps the average person's bowels back to regularity. Dr. Caldwell's Syrup Pepsin is an approved liquid laxative which all druggists keep ready for use. It makes an ideal family laxative; effective for all ages, and may be given the youngest child.
