NOTICE OF FARM ALLOTMENTS AND OF MAXIMUM ACREAGES OF WHEAT FOR 1934 UNDER CONTRACTS FOR MEMBERS OF THE WHEAT PRODUCTION CONTROL ASSOCIATION OF MORROW COUNTY, STATE OF OREGON.

OF MORROW COUNTY, STATE OF OREGON.

Listed below are statements of the allotments which have been determined for members of the Morrow County Wheat Production Control Association. These allotments are to hold for the duration of the present wheat contracts, and they are the basis upon which adjustment payments are to be made. They have been determined by the County Allotment Committee after careful consideration of the application statements. Every effort has been made to have these allotments as accurate as possible. The maximum acreage which may be sown to wheat for the 1934 crop on each farm, under the reduction requirements of the countract, is also listed.

The Morrow County allotment, which has been calculated from records of the United States Department of Agriculture, is 1,650,665 bushels. This is the total number of bushels allotted to the county under the wheat plan. The total of the individual allotments, including those allotments which could have been assigned to farms which could have been assigned to farms ual allotments, including those allotments which could have been assigned to farms which could have been assigned to farms which are not participating under the wheat program, must be in line with the county allotment figure. The number of nonparticipating farmers in the county is 44; the average total wheat acreage for those nonparticipating farms during the base period is 11,435 acres; the total average wheat production on these nonparticipating farms during the base period is 140,177 bushels.
