

Local Happenings

Garnet Barratt and Jap Crawford motored to Baker the end of the week, returning via Dooley mountain and the John Day highway. Mr. Barratt had business at Baker in connection with his sheep range in the high mountains, and also inspected the range located near Austin where he will take two bands of sheep next week. At Baker a visit was enjoyed with Emery Slocum, former Heppner boy and member of the Heppner high school class of 1912, who has been in the service station business there for the last eleven years. John Farley and Art Miller were seen at John Day. Johnnie has charge of the Wilson mens clothing store there and is doing nicely. Art, who was with a local party for a couple of years, has a similar position at John Day which he took two months ago, and says he likes it fine. At Mt. Vernon, Mr. and Mrs. Art Minor were found to be enjoying one of the nicest general stores in the valley. Mr. Minor has recovered quite well from his recent serious illness and enjoys an occasional fishing trip. Their son-in-law and daughter, Mr. and Mrs. Phil Brady, are in the store with them, and Brady's young son, Minor, is general manager and as such, spends a lot of time fishing—successfully. A visit was also enjoyed at Canyon City with Messrs. Chandler and Haight, pioneer editors of the Blue Mountain Eagle, and Mr. Haight, whose "Cock-Eyed World" has many readers near and far, was beaming over receiving more than 300 votes for the democratic nomination to the legislature from his district, the votes being the result of a write-in campaign conducted by his friends. The John Day valley, generally a thing of beauty, is far from being an exception at this season. But while lots of water is in evidence in the valley, streams in the mountains are generally short for the season, and aside from the snow capped peaks of the Powder River and Wallowa mountains, no snow was in evidence anywhere.

Lewis A. McArthur, general manager of the Pacific Power & Light company, visited the local office yesterday. Aside from his official duties with the utilities company, Mr. McArthur finds considerable time for a unique hobby, that of collecting data on geographical names. He has published a book on geographical names in Oregon that is much used for reference, and expects to publish a revised edition.

Mr. and Mrs. John Brosnan were in the city Monday from the ranch above Lena. Johnnie is getting ready for the hay harvest and was taking out a new mower. They were accompanied by Mrs. Belle LeFort, who has been visiting at the home of her daughter for a few weeks past. During the winter Mrs. LeFort was at Tucson, Arizona, where her other daughter, Mrs. Paul Correll, resides.

Charley Bartholomew of Butter creek is shipping his sheep this week end to his allotment of summer range in Montana. The sheep left the ranch on Wednesday and would reach their destination in a little less than 36 hours after being entrained. Charley was in town on Tuesday and reports pretty dry weather in the Pine City vicinity and but little water in Butter creek.

Mr. and Mrs. Walter Lyons of Portland and Mrs. Esther Writer of Olympia, Wash., were in Heppner yesterday to attend funeral services for the late J. D. Bauman, father of Mrs. Lyons and Mrs. Writer. Mr. Lyons had the distinction of being chauffeur of the car which carried Queen Marie of Rumania to Maryhill when she visited the United States a few years ago.

O. T. Ferguson returned Monday from Montana where he went with the shipment of his sheep to the summer range. Tom Beymer, Hinton creek sheepman, also made shipment of his flocks at the same time and has remained with the sheep now on summer range. The shipment was delivered at its destination just 32 hours from Heppner.

Mr. and Mrs. Eugene Rohrer of Camas, Wash., have been visiting for several days at the home of Mr. Rohrer's brother, Clinton Rohrer. "Gene" spent the spring and summer at Heppner three years ago and played third base on the local ball team.

For Sale—3 wagons, 1 3-bottom gang plow, 1 14-ft. Acme header, 2 grain drills, 2 harrows, 1 Pontiac car, 1 set blacksmith tools. Can be seen on the uBrehl ranch, 3 1/2 miles northeast of Lexington. H. N. Burchell, Sheridan, Ore. 11-13

Clyde Wright, who was in town on Saturday from the McKinney creek ranch, will not start cutting hay for some time yet. He reports lots of good feed on the hills, and thinks feed in the timber was never better than this season.

For Sale—2 second-hand John Deere high lift mowers, 1 McCormick Bib 6 mower, 1 10-ft. sulkey rake suitable for cutting right-of-ways on wheat allotment—at bargain prices. L. Van Marter, Heppner. 711.

Marcellus Morgan spent a day or so in town from the sheep ranch of R. A. Thompson, taking a little vacation before leaving with the herds for the summer range in the high mountains.

Mr. and Mrs. Leonard Carlson were Gooseberry residents doing some shopping in this city Friday. More rain is the need out there way to insure proper maturity of crops.

Oscar Peterson was in town Saturday from his farm in lower Eight Mile, accompanied by members of his family.

Why Doctors Favor a Liquid Laxative

A doctor will tell you that the careless use of strong laxatives may do more harm than good. Harsh laxatives often drain the system, weaken the bowel muscles, and even affect the liver and kidneys. Fortunately the public is fast returning to laxatives in liquid form. The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you needn't take a "double dose" a day or two later. Dr. Caldwell's Syrup Pepsin gently helps the average person's bowels back to regularity. Why not try it? Some pill or tablet may be more convenient to carry. But there is little "convenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go! Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. All druggists, ready for use, in big bottles. Member N. R. A.
