

Local Happenings

Garnet Barratt, Ray Ferguson and Jap Crawford arrived home on Tuesday evening from Browning, Montana, where they went the past week with a shipment of the Barratt sheep. Some pretty warm weather was experienced on the journey but the sheep arrived at their destination in good shape. Crawford had a little real experience in getting a tap on the head by a sand spout chain suspended over the tracks while viewing the scenery from the top of a car. Fortunately he was not entirely knocked out and saved himself from going over the edge of the car. A few miles farther on he was met by a physician and a few stitches taken in the cut on his forehead. The boys report an enjoyable trip and left the sheep on abundant pasturage.

Mr. and Mrs. Frank Miller and Mrs. Miller's mother, Mrs. M. C. Fredrickson, all of Portland, were visitors in this city over the week end, being guests at the home of Mrs. J. B. Natter. Mrs. Miller will be remembered as Miss Mary Behrens, and with her mother and family left Heppner 28 years ago. This being her first visit to Heppner since that time, she noted many changes had taken place, but enjoyed meeting a large number of former friends and acquaintances.

Mrs. Belle McCullough, Mrs. Nina Brix and Mrs. Stella Conner of Seattle, Wash., sisters of the late Mrs. Polly Church, were in Heppner on Tuesday to attend the funeral of their sister. Chas. Church and family of Graton, Calif., were here also and were compelled to start on their return journey home immediately after the burial of his mother. Mr. Church has been making his home in California for the past two years or so, living about ten miles out from Santa Rosa.

Ralph Harris of Park hotel, Ione, was looking after some business matters here on Tuesday. While it showered heavily in the south and east portions of the county Monday afternoon, Mr. Harris stated that the rain was very light over the Ione section. It is his opinion that much good would yet result to crops if visited by some abundant showers of rain right soon; crops over much of that area, however, are too far advanced for rains to be of any benefit.

Mrs. E. W. Rhea of Redmond and her cousin, Jesse Stout of Mt. Shasta, Calif., were visitors in Heppner for a short time on Friday, being on their way down to Standfield for a visit with members of Mrs. Rhea's family. They looked up a number of relatives and friends in Heppner, Mrs. Rhea stating it had been about fifteen years since she was in Heppner last. Mr. Stout formerly resided here and visited here at Rodeo time three years ago.

D. O. Justus states that the storm of Tuesday evening did not strike at their place on upper Hinton creek, but they were treated to a fine rain. At the ranch of Mrs. Uzz French below the forks of the creek, however, the downpour was very heavy and a lot of damage was done to fences, besides a lot of rock was washed in on the premises. The water almost reached the house and some damage is reported to outbuildings.

E. F. Bloom, superintendent of Heppner schools, departed for Corvallis and Eugene on Wednesday to interview applicants for positions in the high school. Mr. and Mrs. George Mabee accompanied Mr. Bloom as far as Portland. Mr. Mabee, who had been re-elected to the position of high school principal, tendered his resignation, and other applicants for the place are now under consideration by the school board.

T. J. Humphreys, accompanied by his daughter, Miss Evelyn Humphreys, departed on Friday morning for Hillsboro where they expected to be over Memorial Day. Miss Humphreys, who is president of the Business and Professional Womens club of Heppner, and Mrs. Lucy Rodgers represented the local club at the state convention of the clubs held in Portland Saturday.

Mrs. Raymond Ferguson and children and Mrs. Richard Lawrence motored to Pendleton Saturday for a short visit with friends. Mrs. Garnett Barratt and sons drove over also and visited at the home of her mother. Saturday evening Mrs. Ferguson and Mrs. Barratt drove on to La Grande and were guests over night at the home of Mr. and Mrs. Hugh Snider.

Manager Anglin of the local Safeway Stores has been busy this week installing in his large display window the latest type of vegetable spraying device. With this new equipment water is put on fresh green goods in a delicate spray and they are kept fresh. John thinks it will help in keeping down the temperature of the store room as well.

MAN—Wanted to take care of an established business in the sale of McConnon Products in Morrow and Gilliam counties. Good living right now with increasing profits as you become acquainted with customers and business. We finance responsible persons. Experience not necessary. Apply by letter to McConnon and Company, Dept. WB2765, Winona, Minnesota. 10-11.

Mr. and Mrs. H. C. Githens who visited for ten days at the home of their son-in-law and daughter, Mr. and Mrs. Spencer Crawford, departed on Monday for the Willamette valley. They expected to visit for a while with relatives and friends in Clackamas county.

Harold Cohn returned home on Sunday night from Browning, Montana, after delivering his sheep to his summer range allotment.

Members of the Methodist church attended a district missionary meeting in Walla Walla on Friday last. Those going were Rev. and Mrs. Joseph Pope and daughters Loraine and Joan, Mrs. Alice Adkins, Mrs. S. E. Notson, Mrs. H. C. Case, Mrs. Gustaf Nikander, Mrs. Alex Gibb, Miss Opal Briggs and Miss Lucille Moyer.

Mrs. Maggie Hunt returned on Friday evening from Hood River where she had been with her sister, Mrs. Polly Church, who was ill at the hospital there. Upon leaving Hood River Friday, Mrs. Church appeared to be much better, but Saturday morning word reached Mrs. Hunt of the passing of her sister.

We are in receipt of a kindly letter from our old-time friend, J. W. Vaughan of Spokane, who wrote us under date of May 28, the occasion being his 86th birthday. The many friends of Mr. Vaughan in and around Heppner will be glad to know that he is still hale and hearty, enjoying the best of health.

L. Van Marter holds the lead for sales of J. I. Case farm implements over all dealers in the states of Washington, Oregon and Idaho, according to word from headquarters of the company. Much new machinery is being taken out by farmers and ranchers of this county this season.

Walter Moore, manager of the Production Credit corporation at Pendleton, was in Heppner over the week end for a visit with his family, and also looking after some field work in connection with his position. He contemplates moving his family to Pendleton before long.

Miss Juanita Crawford and Miss Miriam McDonald, teachers the past year in the Heppner school, departed for their homes Sunday, Miss Crawford going to Athena and Miss McDonald to Spokane. Miss McDonald will teach here again next year.

For Sale—3 wagons, 1 3-bottom gang plow, 1 14-ft. Acme header, 2 grain drills, 2 harrows, 1 Pontiac car, 1 set blacksmith tools. Can be seen on the uBurchell ranch, 3 1/2 miles northeast of Lexington. H. N. Burchell, Sheridan, Ore. 11-13

J. R. Volle, who was in the city on Friday, informed this paper that he is moving down to Irrigon from the Volle mill on Rhea creek, and will make his home with his family on a tract of irrigated land he has leased on the project.

Earl Warner was in town Saturday from Lexington. The drouth has struck that section pretty hard and he is doubtful if the yield will be more than 50 per cent normal. Rains this week may help a lot, however.

For Sale—2 second-hand John Deere high lift mowers, 1 McCormick Bib 6 mower, 1 10-ft. sulky rake suitable for cutting right-of-ways on wheat allotment—at bargain prices. L. Van Marter, Heppner. 7tf.

D. A. Wilson, Burl Coken, W. L. Blakely and Gay M. Anderson, Jr., formed a party of fishermen going to Paulina lake south of Bend for a few days of angling for the big trout. They departed Monday.

J. M. Crawford, H. E. Crawford and John G. Odell of the Walla Walla office of Tum-A-Lum Lumber company arrived in Heppner yesterday to check up on the company's loss in Tuesday's flood.

Doug Gurdane, who makes his home at Umatilla, was in Heppner yesterday for Memorial Day, and greeting numerous old-time friends. He is always glad of a chance to get back to the old home town.

Mr. and Mrs. Walter Becket, in town Tuesday from their Eight Mile home, were compelled to remain over in the city on account of the washout of the approach of the bridge crossing Rhea creek.

Friars for sale. Mrs. Harvey Bauman. 12tf

New Industrial Engineer Appointed by P. P. & L.

To aid in the industrial development of the communities served by Pacific Power & Light company, B. P. Baily has been promoted to the position of industrial engineer for the utility, it is announced by Lewis A. McArthur, vice-president and general manager. Baily will carry forward the business development activities formerly handled by Geo. H. Wisting, whose entire time is to be devoted to the sales problems of Northwestern Electric company.

"It is believed that one of the results of the present economic situation will be the decentralization of industries, and it is possible that many manufacturing units will be looking for new locations in smaller communities close to the field of consumption," said McArthur in commenting on the change. "It will be part of our program to see that the communities we serve get their share of the results that follow such changes, it being understood, of course, that the Pacific company expects to benefit through the securing of increased load."

One of the activities contemplated by Baily is a survey of each district served by the company. Purpose of the survey will be to make available as complete information as can be obtained regarding the natural resources, existing industries and development possibilities of each community.

Baily is thoroughly familiar with the territory served by Pacific Power & Light company. He has been with the company since 1910, starting as manager of the Pasco district. From 1911 to 1918 he was manager of The Dalles district, from 1918 to 1925 he was manager of the Astoria district, and from 1925 to 1929 he had charge of the Yakima district. Since 1929 he has been in the operating department of the company, with headquarters at Portland.

H. E. C. met at the hall and quilted on the flower quilt, and Mae Doherty invited all to come and eat dinner and ice cream with her school. It was very much enjoyed by all. Miss Doherty will be a teacher in the Heppner school next fall. Wright Brothers have finished shearing and haying on Rhea and McKinney creeks is well started now.

SUPPORT IS APPRECIATED.
I wish to express my sincere appreciation to the democratic voters of Morrow county for their support in writing in my name on the primary nominating ballot for the office of county treasurer. I assure

you one and all that if I am successful at the polls in the general election in November, I will serve you to the very best of my ability and render a full and strict accounting of my stewardship of all funds coming into my care and keeping. I thank you.
RAYMOND H. TURNER
Ione, Oregon.

Enlistments Desired to Fill U. S. Marine Corps

The United States Marine Corps desires young men for enlistment to fill vacancies which will occur during the months of June, July, and August, 1934. Requirements for enlistment pro-

vide that accepted applicants must be American citizens, unmarried, at least eighteen (18) years of age, of good habits and character, sixty-six inches tall or over, and able to furnish at least three letters of reference from reputable people.

Information, literature and application blanks may be obtained from the postmaster or from the United States Marine Corps recruiting station, 208 U. S. court house, S. W. Broadway and Main street, Portland, Oregon. Applicants residing at remote distances from Portland will be given preference in filling existing vacancies.
