Official Paper for Morrow County

A GOOD TIME TO GO FISHING.

ONE of numerous business houses in San Francisco closed by the general strike hung out a sign, "I've Gone Fishing. Why Don't You?"

It would be fine if everyone could go fishing. There is nothing more conducive to calm, sober thought, than the shady banks of a refreshing stream with the music of its rippling waters to lull one into dreamy repose.

The San Francisco business man and the president have each recognized a philosophical truth, but their fortunate position in being able to live out their philosophy is not such as can be generally attained.

To those who cannot go fishing, especially those in the centers of population directly affected, the strike situation has an ominous portent.

There is only one sane course for the solution of labor difficulties. That is arbitration. One of two things is bound to happen shortly in the strike area.

What is needed in the crisis are men with the wisdom and courage to step into the breach and see that the sane course is followed.
