

Local Happenings

Fred Bock arrived here from Salem Friday and has taken over the management of the Central Market, succeeding Andrew Kelly who has been in charge for the past two years. Mr. Bock was in the butcher business in Heppner a good many years ago and is well remembered by old-timers of the community. He has been living at Salem for a number of years past. He expects Mrs. Bock to arrive here shortly. At this time Mr. Kelly is undecided as to just what he will do.

A. M. Zink, pioneer resident of the Ione section who has resided in California and at Portland for the last ten years, is in the county visiting at the home of his son-in-law and daughter, Mr. and Mrs. Ernest Heiker in the Ione section. He was through Heppner Saturday on his way to assist Mr. Heiker in bringing out the winter's fuel. He is enjoying quite good health at present in spite of a serious illness for which he was treated since leaving the county.

J. S. Carter, who made his home in this community for a number of years, leaving here about 8 years ago for southern Oregon, was a visitor in Heppner over Sunday and Monday as he was returning to his home at Grants Pass from Yakima, Wash. He had been spending several months in the Yakima valley, working during the hay and fruit harvest, and while in Heppner he looked up a number of former friends.

W. T. Gerard and daughter of the north Lexington section were business visitors in the city Monday. Mr. Gerard reports growing conditions slow in his section, with not sufficient moisture hitting there to wet the bottoms of the furrows at the time of the snowfall to the south. Moisture of the last week had put the ground in condition for seeding, however, which he expected would be pushed rapidly now.

Will Clark, of Clark Bros' ranch on Willow creek, was a visitor in Heppner Monday. He reports a fair hay crop this season, but not up to the usual yield owing to lack of water for irrigation, and this shortage can be laid to the washing out of the dam in the creek at the time of the May freshet. Mr. Clark is hoping for heavy rainfall this season to make up for the water shortage.

Mrs. Anna Keithly, Mrs. Walker and Mrs. Lemond were Pendleton women attending the meeting of the Christian Women's Missionary society in Heppner last Friday afternoon, coming over with the two state officers, who were making an official visit to the society here. P. W. Mahoney and Dr. J. H. McCrady motored to Seattle the end of the week to take in the California-Washington football game. They report it was a whale of a game, Phil being especially enthusiastic over the win of his alma mater, the final score being 13-6 in Washington's favor.

Erik Bergstrom, pioneer farmer of Gooseberry, was looking after business matters in this city Saturday, joining the numerous other wheat producers at the county agent's office as they received the balance of the 1933 allotment payment and the first payment for 1934.

Laxton McMurray was a visitor in the city on Saturday from the farm near Ione. Mr. McMurray raised quite a lot of cane again this season, and he has made up a large quantity of sorghum, besides using much of the fodder in his silo.

Mr. and Mrs. Bert Palmateer and W. F. Palmateer of Morgan were visitors in the city for a few hours Monday. They are getting along well with the fall seeding and will soon be finished, then Bert says it can turn loose and rain.

Mr. and Mrs. J. O. Turner motored to Portland on Sunday, and on Monday attended the recital of Fritz Kreiser, noted violinist. They returned home Tuesday.

Mr. and Mrs. Lester Wheelhouse and the Misses Louise and Alta Wheelhouse of Arlington were week-end visitors at the home of Mr. and Mrs. J. G. Barratt.

Mr. and Mrs. N. M. Johnson were people in the city on Saturday from their farm on lower Dry Fork. Seeding is quite well done in that vicinity and the grain is coming along well.

including competitive meats, turkey prices might exceed those of a year ago but for the fact that growers seem inclined to sell unfinished birds at any price rather than finish them on high priced feeds.

The report indicates that only twice in the last 6 years has the mid-December farm price in Oregon been higher than that of mid-November. The average Oregon farm price on November 15, 1933, was 16.7 cents a pound, dressed, and on December 15 it was 21 cents lower.
