

## Local Happenings

Mr. and Mrs. F. B. Nickerson departed by auto Wednesday to go to the bay region in California. They will pick up their son, Francis, at Corvallis who will accompany them on south. Mrs. Nickerson is called to the bedside of her father, P. A. Finne, at Suisun-Fairfield, and her stay there will be governed by the condition of Mr. Finne, who is very ill. Their daughter, Mrs. Adele Hayes, has been with her grandfather for some time. Mr. Nickerson will also visit with his mother at Berkeley before he returns home.

Mr. and Mrs. Le Scrivner and sons were in town on Saturday from the farm at Democrat Gulch. The west side of the county had both snow and rain the past week and this put the roads in pretty bad shape, while doing a lot of good to growing grain. The road condition made it harder to get to town, and this is a part of the bitter that has to be taken with the sweet, for moisture is what is greatly needed the county over.

Mr. and Mrs. Fred Mankin and small son of Ione were in the city Friday. They spent Thanksgiving at the home of Mrs. Mankin's parents, Mr. and Mrs. Dwight Misner, near Thornton, Wash., and report them getting nicely settled in their new location. Snow and rain prevailed while they were there, so they hardly got out of the house. Mr. Mankin reports wheat coming along well in his section.

The Nakomis Camp Fire troop met Monday evening after school. They plan to go carolling Thursday evening if the weather permits. They also talked about making a basket for relief. There were only 11 of the 15 members of the troop present, and the next meeting will be after the Christmas holidays.

Miss Catherine Peterson, formerly in charge of the young peoples' work of All Saints Episcopal church parish, is here to remain until after Christmas. She is preparing and will conduct the pageant in commemoration of the Christmas season to be presented at the church next Sunday afternoon.

Mr. and Mrs. J. A. Troedson and daughter, Francis, were in town yesterday from the Morgan district. Mr. Troedson reports a good supply of moisture in his district, with the fall crops coming along well. The only drawback right now is that the tar weed is keeping up with the wheat.

August Anderson, Gooseberry farmer, was looking after business here Tuesday. Grain out his way is pretty rank and it would be grand to have it covered right now with a foot or two of wet snow as a protection against freezing and to insure a better moisture content in the soil.

Mr. and Mrs. Rhea Luper are visiting this week at the home of Mrs. Luper's brother, Emil Groshens, on Rhea creek. They have been located for the last year in Colorado where Mr. Luper has been employed on the Gila river project with the U. S. bureau of reclamation.

Mr. and Mrs. O. T. Ferguson left Friday for a visit with relatives at Willets, Calif. They had been here for more than a month from their home at Gold Beach. Mrs. Ferguson's health has been quite poor and it was hoped a change of climate might prove beneficial.

Mr. and Mrs. W. F. McCling, recently of Nyssa where they were engaged in the newspaper business, visited the end of the week at the E. L. Morton home. They disposed of their newspaper recently and were on their way to California to spend a couple of months.

Mrs. Anna Keithley returned to her home at Pendleton Monday after a visit of a couple of weeks in Heppner, a guest at the home of Mr. and Mrs. Jeff Jones. She accompanied Crockett Sprouls who was called to the Umatilla city on matters of business.

Floyd Tolleson, a former telegraph operator at the local depot, and family are located at Boulder City, where Mr. Tolleson has employment on the big government dam under construction there, according to word recently received by Mr. Darbee, depot agent.

Jess Main, recently of Pendleton, has taken the place of Anderson Hayes at the Safeway store. With his wife and 10-month-old son, Mr. Main will make his home at the apartments of Mrs. Gemmel. He has been with Safeway stores for a year and a half.

L. W. Bajjgs, treasurer, Frank S. Parker and Geo. N. Peck, commissioners, and H. A. Tamblin, county engineer, departed Monday for Portland to attend the sessions of state organizations of county officers meeting there this week.

Mr. and Mrs. Noel Dobyns of Eight Mile were among Christmas shoppers in the city Tuesday.

Want to buy, 3-bottom, 14-in. Oliver tractor plow. Fred Mankin, Ione.

Rev. Ralph V. Hinkle, rector of the Episcopal church at Pendleton, is to be in Heppner over next Sunday and will hold services in the church here, with holy communion at 11:00 o'clock a. m.

Henry Peterson was among those from the Eight Mile district doing some shopping in town Tuesday. Good growing conditions have so far prevailed for the new wheat crop in his vicinity.

Mr. and Mrs. Joel R. Benton, son Dick and Mrs. Mahala Minor motored to Portland Monday. Mrs. Minor expects to be in the city for several weeks receiving medical treatment.

Lucy E. Rodgers, county school superintendent, was called to Spokane the end of the week by the death of her brother-in-law. She departed by train Friday night.

Gay M. Anderson, county clerk, motored to Portland Monday to attend sessions of the state organization of county clerks meeting there this week.

C. Darbee, O.-W. R. & N. agent, expects to spend Christmas at the home of his son-in-law and daughter, Mr. and Mrs. Ray Rogers, at Redmond.

Mr. and Mrs. Joseph Belanger left Saturday for Corvallis, where Mr. Belanger attended a conference of county agents of the state.

Frank Ayers and wife of Pine City were visitors in Heppner on Saturday, being guests at the home of Mr. and Mrs. Buri Coxen.

Mr. and Mrs. S. J. Devine of the Lexington district were doing business in the city Tuesday.

Delbert Wright and Ray Wright were among folks from Rhea creek in the city Tuesday.

Emil Johnson, Hardman garage keeper, was transacting business in town Tuesday.

## WATCH YOUR KIDNEYS!

Be Sure They Properly Cleanse the Blood

Your kidneys are constantly filtering impurities from the blood stream. But kidneys get functionally disturbed—lag in their work—fail to remove the poisonous body wastes.

Then you may suffer nagging backache, attacks of dizziness, burning, scanty or too frequent urination, getting up at night, swollen feet and ankles, rheumatic pains: feel "all worn out."

Don't delay! For the quicker you get rid of these poisons, the better your chances of good health.

Use Doan's Pills. Doan's are for the kidneys only. They tend to promote normal functioning of the kidneys; should help them pass off the irritating poisons. Doan's are recommended by users the country over. Get them from any druggist.

football games; why can't we have that same support for the basketball games? Forgetting about athletics, other activities of the school are also neglected. If the members of the school work hard to produce something worthwhile, the townspeople should show some cooperation. We do our part when there is anything going on outside of school work. We give our best cooperation. We would like to have the same done to us.

### Class Notes

The members of the senior class received their class rings and pins last Friday.

A musical program and skit is to be given by the senior class Friday, before the Christmas vacation.

The senior class sold candy the night of the junior play and it was very successful, more candy being needed.

Miss Staley-Boyd, what would you say to a woman who gave you a penny for carrying her bundles? Boyd—I'm too polite to say, ma'am.

Mrs. Fell-Marshall, if you had two pieces of cake, would you tell Chet to take the largest one? Marshall—No, I wouldn't have to.

Mr. Winter—Paul, what are you going to be when you get out of school? Paul P.—An old man.

Mr. Pevey—Leave the room, Don. Don J.—Certainly, I can't take it with me.

### Christmas Party

The seniors are in charge of the Christmas party to be held Friday afternoon. It has been decided by the student body to have a white Christmas instead of the usual drawing of names. The seniors will give a Christmas program consisting of Christmas music and a skit.

### Club News

The Benzine Ring held a banquet last Thursday night. The members of the Ring were to invite someone to come with them. There were about twenty-six present. All of the members, except three, brought someone with them.

The banquet was a grand success, noise making being the main part

of the entertainment. There were several talks and toasts given by the members.

Those who didn't bring anyone were Chet Stevenson, Jimmy Driscoll and Steve Wehmeyer. These members did the dishes. Chet washing them, Jimmy and Steve drying them.

Fully Protected Against Wear—Accessible—Easy to Service

STOP at our store and we'll take you on an exploration trip over, under, and through the McCormick-Deering Tractor. When we are finished you will know why so many farmers have turned to the Tractor for efficient, low-cost, crawler power. If you have operated crawlers you know that easy accessibility and protection against wear are extremely essential. Tractor designers have stepped out years ahead of the field in these two major matters—they have succeeded in keeping dust and other abrasives out and lubricants in. They have produced a line of crawler tractors which can be serviced on short notice without wasting time or tying up equipment needlessly.

We are ready to give you full details concerning equipment, prices, terms, etc.
