Martin Lovgren was in the city a short while on Monday while looking after some business affairs. He reported some 5 inches of snow over his part of the country and weather conditions had become quite winterish. Preceding the snow was a heavy rain, so Mr. Lovgren is hoping for more snow as it will prove a boon to the crops.

**The New Year**  
With the opening of the new year, each one of us can make a new start, both in school and out. Each one should make his own resolutions and strive to keep them; but there are a few which everyone can make. One of these is: I resolve to try to give more than I receive during the coming year.

If a person were to give more than he receives, his main thoughts would be diverted to the happiness of other people. Often we do not realize that we cannot make other people happy without making ourselves happy, too. Our lives will be more complete.  
Too many folks would rather be on the receiving end instead of the giving. We are content to have

things done for us, but do not think of doing something for someone else in return.

Another resolution worthy of much consideration is: I resolve to be honest with myself and other people during the coming year. Until we try to keep this resolution for one day, we don't realize how difficult it is to live up to. Everyone, it seems, is dishonest at least once during the day. This resolution would include the common "go-sipping."

If New Year's resolutions are made, they should be made seriously with the intention of keeping them. Each one of us can very easily find something to overcome during the coming year.

Mr. Bloom, superintendent of schools in Heppner, was recently elected to the athletic commission for the state of Oregon. He was elected at an assembly of representatives of all the high schools in the state at the O. S. T. A. in Portland Christmas week.

This committee serves as a court for all disputes regarding eligibility of students to compete in athletic contests. It also lays plans for state tournaments and other state athletic events. The policy has been to have one representative each from southern Oregon, the Willamette valley, and eastern Oregon. Mr. Bloom is succeeding Mr. Landreth of Pendleton, who has represented eastern Oregon for the past 12 years. Other members of the committee are Paul Jackson, principal of the high school, Klamath Falls, and John L. Gary, superintendent of schools, West Linn.

During the Christmas vacation everybody was enjoying his rest except the high school basketball club.

The first game was with the Griswold high school of Helix. Helix is said to have the best team in the history of their school, eight seniors and three juniors making up their traveling squad. In the first half of the game Heppner seemed to be in a trance, scoring only six points to the smooth-running Grizzlys' twenty-six. Heppner came back fighting in the next half to score twenty-four counters to their opponent's fourteen. The final score was 30-40 in favor of Helix.

Two weeks ago tomorrow the Heppner Fighting Irish journeyed to Echo to overwhelm a slightly favored Echo high squad by a score of 22-12.

In the final game of the holidays, the high school boys set the town team back on its heels to the tune of 40 to 16, thus ending the holidays with a fairly successful 2 out of 3 percentage.

James Shoun, Joe Stephens and Ernest Clark were absent from school before the Christmas vacation, and have now returned to classes.

The school band, under direction of Mr. Buhman, will play at the Wool Growers' convention.

If you see any of Mr. Pevey's general science students out stargazing at night, don't blame them; he is having them write a paper on the stars.

**Chatter**  
Boyd Redding: Matt, how long were you in the fifth grade?  
Matt Kenny: Oh, about six years.  
Boyd: Why didn't they promote you?  
Matt: Because the teacher was so old they didn't want to leave her alone.
