### Feature Story

Some of the members of the Sociology class have been going from person to person to find out his or her nationality. The purpose of this was to find out what the majority of the school was. It caused no little embarrassment to those concerned. Perhaps they were afraid their Scotch would come out.

It seems as though after the Sociology class finished getting the nationalities that the school is mostly Irish. The English also rank rather high.

### Lose Close Game

In a pitched battle last Saturday night on the local court the Fighting Irish lost their fourth game in twelve starts to the Helix Grizzlies by a score of 23-19. The game was closely contested throughout, but Heppner couldn't seem to hit the basket until the second half. The score at half time stood at 12-4 in favor of Helix. At the opening of the second half Heppner began stealing the ball and cutting down their opponents' lead. Helix is one of the smoothest running quintets the Heppner team has played yet.

### Assembly

A student body meeting was held last Friday for the purpose of voting on an amendment to the Heppner high school constitution. This amendment was discussed by Jennie Swendig who upheld it, and Ervin Perlberg, who pointed out its faults. The amendment seemed to be unsuitable to the student body so it was suggested by Mr. Winter that the amendment be laid before the student council for revision. This will be discussed at the next student body meeting. After the business was completed a short pep rally was held.

### Club News

The Benzine Ring met last Thursday evening. Mr. Winter gave a talk on iron and steel industry. Ervin Perlberg led the discussion on astronomy.

### Girls' League

The Girls' league had a candlelight service Friday morning to install their officers. The officers are President, Frances Rugg; vice-president, Ethyl Hughes, secretary-treasurer, Louise Anderson. They adopted the constitution and are planning on using the old band room in partnership with the Campfire Girls for their club room.

### Honor Roll

Ruth Green led the students on the honor roll for the last semester with four 1's. Those receiving three 1's were: Dora Bailey, James Driscoll, Ervin Perlberg, and La Verne Van Marter. Two 1's were received by Irene Beamer, Neva Bleakman, Chester Christensen, Louis Gilliam, Evelyn Kirk and Kathryn Parker. The following received one 1 each: Marie Barlow, Norma Beckett, Howard Cleveland, Edwin Dick, Donald Drake, Joe Green, Ilene Kilkenny, Alice Latourel, Scott McMurdo, William McRoberts, Francis Rugg, Joseph Stephens, Jennie Swendig, Lorena Wilson, Helen Van Schoick and Dean Goodman.

### From the Office of the County Superintendent

The high school students coming from non-high school districts are urged to cut down their absence list, for the tuition is paid only for the days they attend. Regular attendance not only benefits the student, but the district as well.

It is much easier for the student to maintain interest in his school work when he is present at all classes.

The pupils of the eighth grade will participate in the American Legion Auxiliary Americanism contest again this year.

The subject has not been announced yet, but the boys will write and deliver orations and the girls will write essays.

The teachers are making preparations for the annual County Music Festival to be held some time between May 5th and 12th as this is the time of the nation's Music Festival.

A permanent record is being compiled in the county office at this time. A record of every student enrolled in the elementary schools, containing the age, parentage, health, and a record of the students' achievement in the separate grades is being filed.

### Grade School News

At the end of this week the first graders are going to make their valentine box and valentines. They have also been studying the life of Abraham Lincoln and are going to make silhouettes of him.

The third grade pupils are studying the modes of travel and transportation, taking up the Indians' primitive mode of travel, the prairie schooner, stage coach, pony express, and the first railway, down to the methods of today. They have posters to illustrate each of the above methods of travel.
