MARTIN OPPOSES SPECIAL SESSION

Extra Meeting of Solons Out; New Taxes Also to Get the Axe.

RELIEF PLAN CITED

Governor Would Tap General Fund for \$2,000,000; Rural Electrification Bill Passes House

By A. L. LINDBECK

(State Capital News Bureau) Salem.-Prospect of a special ses sion of the legislature to enact unemployment relief and old age pension measures now seems to have been entirely dissipated. So also does the prospect of new reves or any other kind of taxes.

Governor Martin has come out flat-footed against both sugges-tions. He is opposed to a special session. He is also opposed to any An appropriate and well g new taxes. At the same time he has program was presented at unfolded a program which, it is believed, will adequately meet the emergency confronting the state and at the same time satisfy the de-mands of the federal relief admin-

Briefly the governor's program involves a direct appropriation of \$2,000,000 out of the general fund for old age pensions and relief of the unempioyables. This fund in her recovery from her recent would be used to supplement counserious operation at the Hood River ty funds for these purposes and would be available to match any federal funds that might be made available for this purpose. For the state's share of unemployment relief, \$4,500,000 is to be appropriated out of liquor profits. The liquor commission estimates that profits during the biennium will total \$3,-000,000. That means an additional \$1,500,000 will have to be raised through the sale of certificates of indebtedness.

The appropriation for old age pensions and relief of unemploy-ables, it is pointed out, will prevent wiping out of the general fund deficit during the biennium and will necessitate a full levy for state purposes in 1936. On the other hand, with other appropriations held down to a very low level it is hoped that the biennium will see no appreciable increase in the present deficit total.

The grange school cost equalization bill passed the senate Monday but was recalled on Tuesday and sent back to the committee on education for further consideration. The measure is the grange substitute for the county unit system of school administration.

The measure embodies the principal features of the state grange power bill, providing for a power commission with authority to borrow money, set up transmission lines and otherwise develop the use of electricity throughout the state.

Lexington Woman Wins Endorsement for Recipe

Mrs. James L. Leach, Lexington, has just been awarded a Certificate of Recipe Endorsement by Better Homes & Gardens for her recipe, Italian Spaghetti."

This certificate, which brings national recognition to Mrs. Leach, is given by Better Homes & Gardens only to distinguished recipes which pass its testing kitchen's tests for dependability, excellence of taste, and family usefulness.

In addition to the signed certificate, Mrs. Leach also received six copies of her endorsed recipe, each bearing the Better Homes & Gardens stamp of recipe endorsement, which she can give to her friends.
In awarding these certificates, it is the magazine's aim to provide proper recognition for the creative work done by women in their own kitchens, and also to raise the standard of accuracy and dependability magazine or institution gives this personal recognition and service to its subscribeds.

Mrs. Leach's endorsed recipe follows:

Italian Spaghetti

cupful of broken spaghetti 2 medium size onions, cut fine 3 tablespoonfuls of butter can of tomate hot sauce 4 teaspoonful of cavene pepper

1 cupful grated cheese Cook the spaghetti in salted boiling water until tender, then drain, rinse and drain again. Meanwhile cook the onion in the butter until soft and yellow. Add the hot sauce, cayenne pepper and salt to taste, simmer gently while the spaghetti is cooking. When ready to serve, place the spaghetti on a large deep platter, pour over the tomato sauce and sprinkle with the grated cheese.

What to do about your income tax was the theme of W. F. Pigg, deputy collector of internal revenue, who spoke before the Lions club making out their returns, that they might have them in readiness be-

fore the deadline date of March 15. He called attention to several hanges in the law this year, one of which raises the exemptions for individuals, both married and single. Anyone whose income exceeds the exemptions must make a return, he said.

Another change in the law this year requires that both husband and wife sign a joint return where any part of the income reported was earned by the one other than him making the return, or where
