PINE CITY

By LENNA NEILL

Mr. and Mrs. Jasper Myers visited at the Charles Bartholomew home Saturday.

Misses Neva and Oleta Neill who are attending the Eastern Oregon Normal school spent the week end visiting their mother, Mrs. Ollie Neill.

Lloyd Baldrige visited at the A. E. Wattenburger home Saturday and Sunday.

Those from Pine City attending the show in Hermiston Sunday evening were Mr. and Mrs. A. E. Wattenburger, Misses Cecelia Brennan, Eleanor Barth and Lenna Neill, and Earle Wattenburger and Ray Hardman.

Mrs. J. J. Chisholm and daughters Barbara and Marjean and Mrs. Roy Conser spent the week end with their aunt, Mrs. Ollie Neill.

Miss Eleanor Barth, primary teacher, sprained her ankle Sunday and was unable to teach school Monday. Miss Lenna Neill substituted for her.

Miss Betty Finch who has been absent for the past two weeks with chickenpox returned to school on Tuesday.

A family reunion was held at the A. E. Wattenburger home Sunday. Those present were Wiley Wattenburger, Floyd Wattenburger, Mr. and Mrs. Frank Ayers, Mr. and Mrs. Earl Esselton, Mr. and Mrs. J. J. Chisholm and daughters Barbara and Marjean, Mr. and Mrs. Roy Conser, Mr. and Mrs. Harry Andrews and daughters Marian and Florence, Mrs. Ollie Neill and daughters Neva, Oleta and Lenna, Earle Wattenburger, Mr. and Mrs. E. B. Wattenburger and daughters Lucille and Darlene and son Junior, Misses Cecelia Brennan and Ray Hardman.

T. J. O'Brien and son Pat were business visitors in Heppner Saturday.

Mrs. Roy Omohundro and daughter Iris and son Raymond and Mrs. E. B. Wattenburger and children were business visitors in Hermiston Saturday.

Mr. and Mrs. Julian Rauch and family spent Sunday visiting at the Fred Rauch home.

Mr. and Mrs. L. D. Neill were business visitors in Hermiston Monday.

Mr. and Mrs. Frank Ayers attended a card party at Westland Saturday evening.

Misses Bernice Neill and Oplad Stockard and Hugh Neill and Floyd Mathers were dinner guests at the Charles Plourd home Sunday.

Fred Rauch was a business visitor in Hermiston Sunday.

Mrs. Ollie Neill and Wiley Wattenburger visited at the Joe Foley home Saturday afternoon.

Miss Gertrude Tichenor visited at the L. D. Neill home Tuesday.

Mrs. Jim Omohundro and Mrs. Carson of Hermiston visited Miss Frankie Neal at the L. D. Neill home Sunday afternoon.

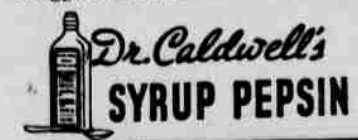

Frank Ayers visited at the Mrs. Ollie Neill home Thursday.

Miss Cecelia Brennan, teacher at the Pine City school, was taken to Heppner Tuesday morning for medical treatment. The ailment was undetermined.

Oysters and Shell Fish

CONSTIPATION Can be Helped!

Why do the bowels usually move regularly and thoroughly, long after a physician has given you treatment for constipation? Because the doctor gives a liquid laxative that can always be taken in the right amount. You can gradually reduce the dose. Reduced dosage is the secret of real and safe relief from constipation.

THE Hehisch

Feature Story

Sometime within the past two or three weeks you may have noticed the Shoun brothers riding around on a two-wheeled vehicle generally classified under the heading of motorcycle but which in this case could well be classified as a Danglecycle.

It is indeed a rare treat to see these boys start this Danglecycle. One of them jumps upon the starter pedal as many as twenty-five times before he is greeted with one loud bang, and with this encouragement he keeps up the good work and is finally rewarded for his toil. Upon releasing the clutch they bound away like some frightened deer, amid such cries as, "Get a horse," whereupon mothers keep their children safely inside until they have passed from sight.

Club News

The Benzine Ring held a meeting last Thursday evening for the purpose of adopting the constitution as it was rewritten. At this meeting the newly elected officers were active. They are as follows: President, Edwin Dick; vice-president, Chester Christenson; secretary-treasurer, Betty Doherty. Ervin Perlberg was leading a discussion for the last few weeks on astronomy. Donald Drake and Ed Dick gave talks on this subject at the meeting.

The Girls' League held their second business meeting on February 22nd in the main assembly. Mrs. Harold Case gave the girls an interesting and instructive talk on the contents of cosmetics. The furniture and decorations committee reported on the progress they have made so far in furnishing the old band room. The meetings are to be held in that room hereafter.

Open House

It is the plan of the school to hold open house some time during the last of March or the first of April. A most hearty invitation is extended to all patrons and anyone interested in the progress of the school. All of the class rooms, both grade and high school, will be open for visitation and inspection by visitors. Projects and exhibits prepared by the pupils will be on display in various rooms. In the afternoon there will also be a program of grades and high school combined in the gym auditorium. Admission will, of course, be free. It is the hope of students and teachers alike that this will be a happy and interesting event. Watch for further articles.

Wins Game

Last Friday evening at the local gym Heppner won its final game of the season from Boardman. The Fighting Irish, bidding by usual

form, were slow in starting, giving Boardman two field goals before the locals scored. After the first quarter Heppner played more than their share of the ball game. Although the Boardman team was much improved, they were no match for the Irish. Heppner came back with a strong counter-attack to capture a two-point lead before the end of the half. The score at half time was 11-9.

Heppner played a much better brand of ball during the last half. They scored 18 points to Boardman's 8. The Irish made practically all of their free shots during the game.

One of the features of the game was that there was both a referee and an umpire whereas most of the games have only had a referee.

Humor Ethyl—Do you like tea? Ed—Yes, (looking into her eyes) but I like the next letter best.

Last week Mr. Bloom showed that a loaf of bread is the mother of a steam engine. He reasoned thus: Necessity is mother of invention; bread is a necessity; the steam engine is an invention; therefore, a loaf of bread is the mother of a steam engine.

Have you ever— Seen Nonie McLaughlin look like a rabbit? Seen Juanita Morgan, Irene and Matt Kenny laughing in English VII? Wondered who Shorty Bundy received a birthday card from? Seen Olivia Baldwin's latest? Noticed that Frances Rugg gets letters from Lex. and Ione in the same week? Noticed that Lexington picks on the Irish? Seen Mr. Evans chin himself?

Class News The geometry class is engaged in making geometric designs to be displayed at "open house" that is to be held at the schoolhouse some time in the near future.

The bookkeeping class has finished its practice sets, much to the relief of the members. The neatest will be displayed in the "open house."

The typing II class have been working on art, or rather pictures, on the typewriter. Among some of the pictures are typewriter drawings of Lincoln, Franklin D. Roosevelt and many others just as interesting.

The home economics class is saving the garments they have made for display at "open house."

The students of the public speaking class are undergoing many "hearty" experiences in the way of speeches. The class has been divided into two groups, labeled I and II and every other day each group presents its speeches to be considered by a serious-looking judge—no other than Mr. Evans, the class instructor. The speeches are being sternly graded and when Mr. Evans runs out of criticisms the class, if they are able, disclose a few. If the speeches are not satisfactory the presenters are asked to give them again when their turn comes. Sometimes it takes several attempts before the speeches are accepted—such are speeches.

Grade News The first grade pupils are busy reading about a circus. They are busy collecting circus pictures and circus poems.

Pauline Rasmussen has returned to school after being absent for over a week.

The fourth graders are building a town such as the Spaniards made in early Mexico.

Bonnie Bookman has enrolled in the sixth grade. She recently attended school here.

The eighth graders have started their work on the American Legion

Auxiliary contest for this year. Both boys and girls are writing essays. The topic assigned the girls is "America for Americans," and the boys are writing on "National Defense." There are prizes given to the three boys who write the best essays and also prizes for the best three essays by girls. The first prize for girl is a beautiful bronze medal and the winner also gets her name added to the list of winners in the framed honor roll which hangs in the eighth grade room. The other prizes are kept a secret until the winners are announced at graduation time. The Legion has been sponsoring this contest every year since 1926. It is a good way of arousing enthusiasm as well as giving the students something to work for.

Assembly In honor of George Washington's birthday an assembly was held in the gymnasium.

After the Oregon State song, by the entire assembly, a program which was announced by Jack Morton was as follows: "Minuet" and "Katy Did" by fifth and sixth grade girls; "Salute to Washington," by the first and second grades; skit by the third grade; song by fifth and sixth grade boys; "Swing Low Sweet Chariot" by seventh and eighth grade boys; "Yankee Doodle," dance by fourth grade; "Deep River," sung by seventh and eighth grade girls; address by Spencer Crawford on "George Washington and Americanism"; two selections by the American Legion Auxiliary trio, Mrs. E. L. Morton, Mrs. R. E. Ferguson and Miss Juanita Leathers, accompanied by Mrs. Virginia Turner; and in conclusion the assembly sang "Father of the Land We Love."

Foresters Honor Peavy, For 25 Years OSC Dean Corvallis.—Completion of 25 years of continuous service as dean of the school of forestry at Oregon State college by George W. Peavy, now president of the entire institution, was celebrated here at the annual Fernhoppers' banquet attended by more than 500 federal and state forestry officials, alumni and students and other friends.

The group surprised the dean, as he is still known to many, with one of the most unusual silver anniversary gifts on record. Represented by Lynn Crumiller, his friends and former students presented him with a "log cabin in the hills" to be built on any site approved by President Peavy and to which he may retreat to "hole in" when he needs to get away from the press of his present executive duties.

The plan is to build a real old-time forester's log cabin in some out-of-the-way spot, and equip it with fireplace, cookstove and bunks, combining comfort with authentic rustic reproductions.

President Peavy was the principal speaker at the banquet and re-

viewed the progress of forestry in the 30 years with which he has been actively connected with the profession. The five most significant achievements he listed as follows: 1. Creation of immense forest reserves. 2. Routing of "timber predators" even at the cost of some tarnished names. 3. Creation of a national forest consciousness which insures against any serious backward steps. 4. Carrying out of a vast forest improvement program as a by-pro-

duct of depression relief through the CCC camps, which will turn millions of recreation seekers to the forests and make them supporters of forestry. 5. Adoption of sustained yield management by commercial timber owners as well as by the federal government on the reserves. W. F. Pigg of Pendleton, deputy collector of internal revenue, was in the city Monday assisting local people with their income tax returns.
