WATCH YOUR KIDNEYS!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering impurities from the blood stream. But kidneys get functionally disturbed—lag in their work—fail to remove the poisonous body wastes.

Then you may suffer nagging backache, attacks of dizziness, burning, scanty or too frequent urination, getting up at night, swollen feet and ankles, rheumatic pains; feel "all worn out."

Don't delay! For the quicker you get rid of these poisons, the better your chances of good health.

Use Doan's Pills. Doan's are for the kidneys only. They tend to promote normal functioning of the kidneys; should help them pass off the irritating poisons. Doan's are recommended by users the country over. Get them from any druggist.

THIS WEEK

hour of the day wasted is money lost. After all, "time is money." Every day we "put off" till tomorrow. In some very few cases tomorrow would be better, but they are very few. Today, we look ahead, and if we could gather all our wasted hours and slip them into the future, we would be content. But we cannot do that. Yesterday is just as far away, relatively, as a year ago. None of the mechanical devices yet devised by man can regain lost time. There are many to save time but none that will go back. Why do we waste time? It is just human nature. And since we had nothing to do with man's creation, the only thing we can do is apply ourselves to the task before us to the best of our ability and let human nature take its course.

Feature

The subject of interest in General Science class last Monday was not anything large and important, but instead, an insignificant tick. It had been captured by Mr. Pevey over the week end, and had as its headquarters a small glass bottle located on Mr. Pevey's desk. The little tick seemed totally unconcerned over the fact that it was being passed from hand to hand and for all we know, may have been enjoying the publicity. Occasionally, it was bounced up and down in its glass cage, but the jiggling did not seem to destroy its good humor.
