**The "liquid test"**

...it ENDS bowel worries for many people

This is a test that tells you whether the system needs a cathartic charge. If you have constant sluggish spells or bilious attacks, and laxatives seem to make things worse, it would be wise to try this:

Stop all use of any laxative that does not encourage variation from a "fixed dose" (which may be entirely too large a dose for your individual need). Use instead, a liquid laxative that you can measure and regulate as to dose. As necessary to repeat, take smaller doses, less and less often, until the bowels are moving without any help at all.

Doctors use liquid laxatives, and a properly prepared liquid laxative, containing natural laxative agents like senna and cascara is a joy and a comfort; a real help in establishing regularity. Ask your doctor about this! (Doctors use liquid laxatives.) You can get Dr. Caldwell's Syrup Pepsin, which is a most dependable liquid laxative, at any drug store.

**Editorial**

On the 14th of April the Heppner school band will journey to Eugene where it will compete against school bands from all over the state. In the fact that there are few towns our size that can boast a band and fewer yet that can boast a good band, this is an important happening. The band has taken an active part in our rodeos, our football and basketball games, and many of our public activities and we know everyone in Heppner is well acquainted with it. Of late, the band members, under the tireless leadership of Mr. Buhman, have been practicing very diligently, for what band member does not wish to go to Eugene?

Let's get behind the band! We boost all football and basketball games. Why not turn a little of our boosting to the band? A little cooperation from the people is all that is needed to carry them thru. "Three cheers for the band!"

**Feature Story**

"Hi, Nick! Hello, Anabel! Well, Pauline, this is quite a surprise!"

Such remarks as these were plentiful in the halls of Heppner high school during the past week. It was just the students' way of greeting Francis Nickerson, Anabel Turner and Pauline Piercey and welcoming them back to this high school for a visit. Francis and Anabel are enrolled in college and Pauline has been going to The Dalles school for several years. The college students are home for their Easter vacation and Pauline is visiting friends in Heppner for a few days. It is indeed a pleasure to know that former students enjoy returning to this school for a visit and the students here are always glad to welcome them back again.

**Class News**

The junior class held a meeting last week for the purpose of making plans for the junior-senior banquet to be held in May. The president, Jimmy Driscoll, appointed committees who are to take charge of the plans.

The physics students, under the direction of Mr. Pevey, have perfected a mechanism, similar to a commercial machine, for sending wireless telegraphs. It consists of a model T Ford coil and batteries together with another coil that picks up the signals. These signals are reproduced on a telephone receiver.

The juniors took to the lead in a series of horseshoe games played last week. The following are the class standings: Junior, won 5, lost 1; sophomores, won 4, lost 2; seniors, won 3, lost 3; freshmen, won

**Assembly**

An assembly was held last Friday afternoon in the study hall. The amendment before the student body concerning charters for the clubs was passed. It was also passed that 60c be paid for the school annual instead of the original 50c so that the annual can be commercially covered and bound.

Two members of the faculty, Miss Peregrine and Mr. Evans, entertained with a short preview of the play, "The Valiant."

**Makes Trip**

Mr. Bloom recently made a trip to Salem where he discussed with the State School Superintendent the proposition of installing Smith-Hughes work in this school. This would mean that both home economics and agriculture would be offered to the students here.

**Annual**

Pictures were taken of each class, clubs and progressive groups of the high school, March 19 and 20. The seniors had individual pictures taken. The pictures are for the school annual which will be sold at a later date, 60c for the members of the student body and 75c for anyone outside.
