Editorial
 After five years of incessant labor, toll, and achievement the Heppner school band, under the direction of Harold W. Buhman, is about to reach the zenith of its ambitions.

WATCH YOUR KIDNEYS!

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering impurities from the blood stream. But kidneys get functionally disturbed—lag in their work—fall to remove the poisonous body wastes.

Then you may suffer nagging backache, attacks of dizziness, burning, scanty or too frequent urination, getting up at night, swollen feet, and ankles, rheumatic pains; feel "all worn out."

Don't delay! For the quicker you get rid of these poisons, the better your chances of good health.

Use **Doan's Pills**. Doan's are for the kidneys only. They tend to promote normal functioning of the kidneys; should help them pass off the irritating poisons. Doan's are recommended by users of the country over. Get them from any drugist.

DOAN'S PILLS

tion of Harold W. Buhman, is about to reach the zenith of its ambitions. On April 12 the band, under Mr. Buhman's supervision, will journey to Eugene to participate in a band contest. The local band will compete against the best school bands in Oregon for the championship of the state in Class D, schools of 200 or less enrollment.

When the band was organized five years ago it was looked upon as a mere experiment and as only a benefit to the pupils of the school. When the band became an organization of accomplished musicians it gave concerts in order to buy uniforms for the members.

Later Mr. Buhman organized a pep band which played at basketball and football games. This proved to be a splendid improvement as it increased the attendance of the games and instilled much pep in the players and spectators.

And now they are about to don uniforms and go to Eugene with their 25 piece assemblage of instruments to compete in the state band contest.

Let's wish them the best of luck.

At seven o'clock Friday evening the teachers of the Heppner public schools will exhibit the work of their respective classes and pupils to the public in their annual "open house."

At eight o'clock there will be a program in the gymnasium. After the program the school house will remain open for all late comers who did not have a chance to see the splendid work of the students.

Institute
 At the Teachers' Institute held at Boardman Friday, there were many worthwhile features on the program. Mr. Winter gave a talk—"Appropriate Games Teachers May Use in Playground Supervision." Pamphlets containing the description of some 30 games were distributed among the teachers interested. Mr. Evans gave an address on "Supervised Study."

Dr. Keizer closed the program with an inspiring address touching upon the present-day economic and political situation. He stressed the fact that all teachers should take a keen interest in present-day problems. At the close of his lecture he invited the teachers to ask questions and a most interesting round-table discussion followed. Dr. Keizer told the audience many interesting facts relative to his recent work in Washington, D. C., as a member of the so-called "brain trust."

Teachers Answer "Call to the Wild"
 It is alleged that at the Teachers' Institute three members of the Heppner high school faculty played "hooky" from the banquet at noon. These three members took their lunch with them and went down to

the bank of the Columbia river where they roasted "hot dogs," which were reported to be very delicious.

English Student's Essay on Music.

Music is one of the more difficult arts. It is the playing of the right notes at the right time. Speaking of notes, yesterday my teacher caught a student writing a note and he made the student make up five hours. The word hours reminds me of time. Time has several different meanings. One is the time of day. Another meaning is that of having a good time or a bad time. Of course there are many children who have a bad time when they have to take a music lesson; but music is one of the finer arts, and after all any kind of art is to develop one's appreciation of life. Life is a peculiar thing. It usually lasts for quite a while and then suddenly stops. There was a fellow the other day who didn't stop at a stop sign and he nearly ran over a boy going to band practice. The band is a good place to learn music. Music is a great thing and everyone should learn how to play at least one musical instrument.

Sports

Tomorrow afternoon at rodeo field the Heppner high school baseball team will open its season against Ione. The local talent is untried and with little experience, as this is the first time in some years that Heppner high has sponsored a baseball team. Letters will not be given to the baseball men unless they play at least five different schools.

Last week the juniors won the class basketball championship by defeating the sophomores by two points. The final bracket stood: seniors, won 3, lost 4; juniors, won 5, lost 2; sophomores, won 4, lost 3; frosh, won 0, lost 7.

The juniors also added the horse-shoe tournament championship to their list of victories by defeating the sophomores in two straight matches. The final bracket stood: seniors, won 3, lost 3; juniors, won 5, lost 1; sophomores, won 4, lost 2; frosh, won 0, lost 6.

Class News

This week the Physics class has been studying radio and wave motion, and the chemistry class has been studying calcium compounds. The general science class is studying the relation of plant and animal life to each other and the importance of plant and animal life to man. Some of the general science students have planted seeds in hopes that they will be used in the study of plant life.

Last Thursday Mr. Pevey grafted a bud of a cherry tree to a maple tree. It seems to be growing, but it probably will not bear fruit this year.

Grade School News

Regardless of weather, the first graders are studying about Spring. They have many pictures of birds and are reading stories about them. They have made canaries and put

them in cages for the windows. This week the first graders are having their first spelling lessons. The pupils of the second grade are preparing Indian booklets and are getting their exhibits ready for open house.

HARDMAN

By LUCILLE FARRENS

The board of directors of district 40 met Saturday evening and elected the teachers for the coming term as follows: Mrs. Elmer Muagrave, primary grades; Mr. Genthel of Albany, upper grade room. Mrs. Musgrave, daughter of Mr. and Mrs. J. W. Stevens of this community, has taught many years in this county and several years in The Dalles school system. Mr. Genthel also comes highly recommended and is an accomplished musician. Miss Ruth Nylund who has taught one successful term of school here as primary teacher, has accepted a position in the Lonerock school, her home town. Harvey De Moss, who has been grade school principal here the past two years will, of necessity remain on the farm home near Hermiston to assist his parents due to the illness of his younger brother. Mr. De Moss has taken an active part in the church work of the community as well as all other activities and as a consequence has made many friends here. Both Miss Nylund and Mr. De Moss have the best wishes of the community in their new endeavors.

Mr. and Mrs. Roy Bobison and Mr. and Mrs. Kenneth Bleakman enjoyed a motor trip to Spokane last Thursday, returning Friday. Mr. Bobison was interested in the sale of cattle in the Washington city.

The local teachers were all present at the teachers' institute held at Boardman Friday.

Mrs. Floyd Adams and children spent from Thursday until Sunday at their ranch home near here.

Attending the theater in Heppner Sunday were Mr. and Mrs. Duff McKittrick, Miss Charlotte Adams and Miss Marjoleen Osborn.

Intestinal flu victims last week: Mrs. Ethel McDaniel and children, Delvin McDaniel and Creston Robinson.

Paddy McDaniel who has been ill with a serious case of earache is much improved.

Mrs. Ada Cannon, George Smith, Lew Knighten, Mr. and Mrs. Jim
