Editorial

The time of the year that all students of the school are looking forward to will soon be here, and that is the end of the semester and the beginning of the summer vacation. Some look forward to the end of the semester with dread and some with happiness. Those who dread it are those who are not sure they can pass the examinations, while the others are sure they can. There should be no reason why one cannot pass the exams with high grades if he will settle down and study, so let's see everyone putting forth more effort during the next four weeks of school and end up the year right.

President Peavy Speaks

Last Monday the Heppner student body was honored by a talk by Dean Peavy of Oregon State college. His talk was preceded by two selections by the Heppner school band, and consisted mainly of a comparison of the ways of living and educating in the days of his youth and of today. He also stated that since frontier days have passed, each man is dependent on his fellows. The program was wound up by a selection from the band.

Heppner Wins

The Fighting Irish easily defeated Lex last Thursday by a one-sided score of 23-2. The Irish scored in every inning with the exception of the second and fifth.

Have You Ever Seen—

Don Jones at school in the morning?

Joe Green making eyes at Lola?
A time when everyone didn't look out the window when a car goes by?

Ethyl Hughes gossiping?
The shotgun in the laboratory?

Mr. Peavy's artificial respiration class?
Gay Anderson's newest?
Kate Healy dripping over with satire?

Alice Latourell flirting?
The new band pictures?
Beth Vance initiated?
The overgrown freckles on Belva Bundy's neck?

The actors in the public speaking class?
Ruth Cowins braiding Boyd Redding's hair in the English VI class?

Student's Prayer

Now I sit me down to cram,
And pray the Lord I pass the exam.

But if I fail to get this junk,
I pray the Lord I will not flunk.

Girls' Sports

Several of the high school girls have been hiking, bicycle riding and roller skating. What for? Well you see they have only 4 weeks to complete their 120 points for a letter, and they did not realize until the last minute that they were really going to miss something if they did not earn a letter. In spite of the short time we have left to work about 10 out of 40 will probably get their letter this year.

May Day Festival

Tomorrow is May Day. All the schools of the county will gather at Heppner to participate in programs and athletic events. There

will be programs held in the gymnasium in the morning and evening. The afternoon will be taken up by a baseball game between Heppner and Ione high schools. There will be a grade school track meet before the baseball game.

Romance in the Springtime

In the spring "a young man's fancy lightly turns to thoughts of love." It seems that the hardy upper classmen are little affected, but in the freshman class spring is having a decided effect. Romances are budding quite unexpectedly and seem to be progressing nicely. So far there have been two cases reported in the freshman class. One a brunette romance and the other a blonde romance. After all—they are only freshmen once even though there will be many more springs to come.

Class News

The freshman class is planning a picnic next Thursday. They have not yet decided where it is to be held as some of them want to go to the Hamilton ranch and others to the Sawdust Pile.

Last Thursday the senior class held a picnic near Caldwell grade. While playing baseball with an in-ball someone accidentally knocked the ball into a salad so they had to do without salad for the time being. Each student that went reported a good time had by all.

From the result of the minimum essentials test last six weeks all English classes have formed a habit of review. Five minutes at the beginning of each class is devoted to drill in punctuation and grammar. There will be another minimum essential test given the 20th of May in order to give those who failed a chance to redeem themselves.

The public speaking class, under the direction of Mr. Evans, is busy working up three one-act plays to be given May 17, one week after the operetta. The plays are: "The Boor" and "The Marriage Proposal," both written by Anton Chekhov, and "Spreading the News" by Lady Gregory. All three of the plays are comedies with a serious meaning behind them and a pleasant evening is in store for those who attend.

Club News

The boys and girls glee clubs are ardently practicing several songs for the May Day music festival to be held here. These songs are to be sung by the combined glee clubs

of the county. Besides this they are practicing for the operetta which is to be presented May 10.

WILLOWS GRANGE NEWS.

A very interesting meeting was held at Willows grange last Saturday evening with program committee in charge of entertainment features. Speakers were Mr. Nickerson on "Abstracts and Title Insurance," and County Agent Belanger on "Soil Erosion Control." Other program numbers were a piano solo by Marion Krebs, group number of vocal solos, Donald Heliker, a new chapter of the continued story, "Emadeen," and "elimination" game led by Vida Heliker in which all participated and which all enjoyed.

Interesting reports were made by all committees. Two new 4-H clubs have been organized in this jurisdiction, both in sewing; one in Ione with 13 members taking 1st year sewing and one at Willows having 8 members 3 taking 1st year sewing and 5 third year.

The "tin can" supper brought out a grand array of canned goods which proved a successful change from the regular cake and sandwich lunch. Guests from other granges were Brother and Sister Belanger and Bert Johnson, all of Lexington grange.
