### Beymer-Hanna Nuptials

Solemnized at Dufur (Dufur Dispatch)

The marriage of Miss Audrey Mae Beymer, daughter of Mr. and Mrs. Thomas Beymer, Heppner, and Walter Verne Hanna, Dufur, was performed Sunday, May 26, at high noon, at a very charming ceremony at the home of the groom's parents, Mr. and Mrs. Walter C. Hanna, with Rev. C. Adrian Sias officiating.

The bride wore a lovely white lace dress over a taffeta slip and her long tulle veil was held in place with a wreath of orange blossoms and lilies of the valley. Her bouquet was fashioned of white calla lilies.

Her sister, Miss Hazel Beymer, her only attendant, wore a becoming dress of baby blue crepe back satin, and carried a bouquet of pink roses and sweetpeas. The groom was attended by Frank Ingels of Dufur.

The house was lovely with spring flowers.

Miss Maxine Fraley, wearing a long peach net dress with a harmonizing corsage of pansies and lilies of the valley, sang "At Dawning," followed by the wedding march, played by Miss Geraldine Smith, who wore a black and ecru lace dress with a corsage of pansies and lilies of the valley.

A reception immediately followed the ceremony at the home of the groom's parents, to which a small group of relatives and friends had been bidden. The bride's mother wore a midnight blue crepe dress and a corsage of lavender sweet peas. Mrs. Hanna, mother of the groom, wore a dress of electric blue taffeta and a corsage of pink sweet peas. Mrs. William Massey, sister of the bride, presided at the coffee urn and wore a nine green rough crepe dress with a corsage of pansies and lilies of the valley. Miss Geraldine Smith served the wedding cake. Mrs. Beymer cut the ices.

Assisting about the rooms were Misses Ethyl and Maxine Fraley, the former wearing a long dotted organdie with a corsage of pansies and lilies of the valley.

Other guests who attended were

### Mr. and Mrs. Ralph Johnson, The Dalles; Mr. James Ingels and Mr. and Mrs. Frank Stark, all of Dufur, the latter making the 3-tier angel food cake which was decorated by Miss Hazel Beymer, sister of the bride.

Mr. Hanna surprised the young couple by presenting them a new coupe at the close of the ceremony in which they left immediately for points south.

For the going away the bride chose a powder blue sports dress with white accessories. She wore a corsage of pink rosebuds.

The bride is a graduate of Eastern Oregon normal school and attended the University of Oregon where she was affiliated with the Zeta Tau Alpha sorority. The groom is a graduate of Dufur high school.

After returning from their honeymoon they will be at home to their many friends on their ranch near Dufur.

### Roosevelt and Wallace Say AAA Will Continue

Assurances that the work of the agricultural adjustment administration will be continued, with necessary amendments to safeguard it against difficulties encountered by the NRA, have been given by Henry A. Wallace, secretary of agriculture. A statement made by him early in June with the approval of President Roosevelt is as follows:

"In cooperation with leaders of Congress, amendments to the Agricultural Adjustment act are being perfected which are intended to bring the act's provisions as to marketing agreements and licenses into line with the Schechter case decision and also safeguard the farmers' voluntary programs on basic commodities."

"Those voluntary adjustment programs were not in the path of the Schechter case decision and in no event could there be any question of the government's ability to fulfill its contracts with farmers."

"Nevertheless, we have taken advantage of the decision to seek perfection in the law which will make certain the government's authority

to continue processing tax rates in accordance with amended provisions of the act."

Instead of being wasteful, the livestock purchase plan of the AAA is described in a Washington dispatch as "the most extensive meat conservation program in the history of the United States." Nearly a billion pounds of meat have been conserved and made available for relief distribution, the report states.

"The primary purpose of the sow and pig purchase program was to reduce the enormous surplus of these animals on farms, but because a large percentage of these purchases were made in the areas that suffered from drought, the action developed into a drouth relief program as well. Inedible animals were converted into fertilizer and those fit for human consumption furnish-

ed 100 million pounds of pork for relief."
