Pay Day's Coming.

THE New Deal is now getting down to brass tacks in its attempt to insure security to everyone. It is at work on its tax program.

We have all been hilariously enjoying the benefits of benevolent government. The huge amounts of government money put into this, that and the other thing have been received as blessed ointment on parched brows.

Even the New Deal has found that spending cannot be continued forever without the wherewithal to spend. It has been so simple, and so easy to borrow against the future; to forestall the day of reckoning.

The answer is more and more bitter taxes, taxes, TAXES. The favorite pastime now will be to swat the rich. Surely, that's the only course—to take from those that have. And how the number has diminished. Horde upon horde of people who once produced sufficient above their own needs to enable them to contribute into tax coffers have either stopped producing entirely or their incomes have shrunk to the point where they no longer meet the necessities of life.

Balanced budgets were forgotten long ago. Long must our people labor to pay for the spending orgy—or—take recourse in cheapening money to a point where the indebtedness may be paid off at a fell swoop, the course of inflation. In either event the headaches will be bad, as they always are when pay day comes.

WARNS OF FIRECRACKERS. Salem, June 24—Hugh H. Earle, state fire marshal, calls attention to the added danger connected with the use of firecrackers this year. One product known as a bomb which is about one inch long and 3-4 inch in diameter is claimed to have contained 43 grains of explosive. The explosive was not gun powder but reacted with much greater violence than gun powder. This is over four times the violence of the customary firecrackers and the hazard connected with them is much greater. Dealers cannot escape their responsibility in selling these high explosives and particularly when selling to minors. Parents should also properly instruct their children, otherwise there may be many serious accidents and disastrous fire losses.

AS A LAST RESORT HE TRIED WILLIAMS S. L. K. FORMULA Unable to Work for Weeks, Sleep Impossible, Indigestion, Nervousness and Weakness Made Life Miserable; Now Feels Fine.

"There is nothing like Williams S.L.K. Formula," says Mr. John Gage, garage man at Highland, Kansas. "For years I had nervous headaches and acute attacks of indigestion. I did not dare eat many foods because they bloated me so much that for weeks I would be unable to work. I was told that I had an ulcerated stomach and gall stones. A good night's sleep was impossible. I was as miserable as I could be, for the medicines I took did me little or no good. I began taking Williams S.L.K. Formula as a last resort. After a few doses of this medicine I was relieved of my former misery and pain; I improved until I enjoyed good health again. Two years have passed since I took a course of this medicine, and I am still enjoying the best of health."
