Farm Prices Improve as Inventory Time Arrives

Opening the 1936 Oregon farm inventory campaign, the OSC extension service has just issued in its monthly agricultural situation report its current information on farm inventories, credit statements and farm operation budget plans. The eight-page circular also reveals that the Oregon farm price situation is continuing to improve even faster than in the country as a whole.

It is time to get the 1935 farm records closed up and new ones started, say the extension agricultural economists. County agricultural agents are prepared to assist any farmer who needs help, either to obtain satisfactory record books and forms or in getting his books started. Some recommended forms for making the annual farm inventory and net worth record are given in the circular which is the December issue of the Oregon Agricultural Situation report.

The section on the trend of farm prices, demand and costs, indicates that farm prices in Oregon have made some further general advance during the past few weeks, although the general level of farm prices in the whole country has stood practically unchanged. This has resulted in reducing the disparity between the farm price level in Oregon and that of the whole country. Farm prices in the country as a whole have been rather high in relation to the purchasing power of consumers, owing to reduced supplies of farm products in the drought areas. Consequently the improvement in demand, as factory payrolls increase, is showing more effect on farm prices in Oregon than in the country generally. Here the supply of farm products was not curtailed much by drought and prices have never been far out of line with demand conditions.

Walnuts Good Every-Day Food, Circular Reveals

Oregon homemakers who feel that walnuts are a luxury to be used only in holiday goodies and other special-occasion dishes are overlooking an opportunity to add variety and interest to every day meals and do it economically, believes Mrs. Sara Wertz, home demonstration agent-at-large of the Oregon State college extension service. Incidentally, Oregon and the Pacific coast have their largest walnut crop this year.

Walnuts are excellent cold weather food, Mrs. Wertz points out. Being rich in fat, one pound of walnuts is equal in calories—energy value—to about four pounds of meat, and in addition they are valuable sources of Vitamins A and B, both essential to the health of children and adults.

The ways in which Oregon walnuts may be used in dressing up everyday meals are limited only by the homemakers' imagination, says Mrs. Wertz. Cream soup, for instance, however good it may be, is improved in flavor and food value by a sprinkling of finely chopped nuts. Cream of corn soup and cream of tomato soup are especially good this way.

If the meat supply is low, or perhaps only for variety's sake, Mrs. Wertz suggests making rice croquettes with one cup of ground nut meats to two cups cooked rice.

Walnuts make a delicious addition to innumerable salads. They add zest to the well-known apple and celery combination, and one-half cup of chopped walnuts combined with the usual ingredients put perfection salad or tomato aspic on an entirely different plane.

Oregon walnuts and Oregon prunes put through a food chopper, and moistened with lemon juice and cream make a delightful and nutritious sandwich spread for whole wheat bread.

A mimeographed circular on "The Value and Use of Walnuts," recently prepared by Mrs. Wertz, is available free at county extension offices or at the college. It contains recipes for various kinds of meat and walnut and walnut and vegetable loaves, salads, desserts, and other dishes in which Oregon walnuts play an important part.

OSC Students Petition For Fee Bill Approval

Corvallis—Students of Oregon State college, before leaving for their Christmas vacation, left a record of their support of the student activity fee bill in the form of a sheaf of petitions asking voters to approve the bill to be voted on January 31.

The petitions are being checked name by name to eliminate duplications or non-students. With many lists yet to count, 2945 names had been checked and verified, reports Jack Graham, president of the Associated Students.

Meanwhile Graham joined with Jack Blais, president of the University of Oregon student body, in appointing 50 student committees to do personal contact work in their home towns during the holidays in advocating approval of the measure which puts control of the activity fee question in the hands of the state board of higher education.

Wrex Langdon, who has been with the forest service at Zigzag station, is spending the holidays with his parents, Mr. and Mrs. Ross Langdon.

Mrs. Lewis Cason and daughter from Medford are visiting with Mr. Cason during the holidays. Mrs. Cason teaches in the Medford schools.

Born, to Mr. and Mrs. Henry Peck of Lexington, last Friday, a 9 1/4-pound son.

Oscar Davis came over from the Toiglate CCC camp for Christmas.
