

Local Happenings

Out-of-town folks in the city Saturday evening for the Elks celebration were Mr. and Mrs. Clinton Sharp, Mr. and Mrs. Lee Sharp, John Sharp and Robert Collins, Condon; Harlan T. Barnes, A. R. Barnes, George Combs, Jack F. Combs, Howard Moore, Francis Pete Flisk, Dale Benner, Wayne Hannon and James Hannon, Kinzua; Fred Stewart, Fossil; Carl L. Allyn, Arthur Ritchie, C. W. Swanson, Bert Mason, Mr. and Mrs. Louis Bergvin, Mr. and Mrs. Lee Beckner, Mr. and Mrs. Werner Rietmann, Vernon Troedson, Garland Swanson, E. R. Lundell, Richard Lundell, Ione; Earl Warner, Chas. Marquardt, Mr. and Mrs. Clyde Swift, Wm. Doherty, Lexington.

George Hayden came to town Tuesday from the Hardman farm. He reported the nicest winter he ever experienced in the mountains, with the weather not too cold and an abundance of moisture. Though the snow had drifted too much to tell just how deep it might average on the level, he estimated about a foot and a half before it started melting. It was the wettest snow he ever saw.

Mr. and Mrs. Clinton Rohrer motored up from Portland Saturday morning to take in the Elks annual ball. They were house guests of Mr. and Mrs. Andrew Baldwin while here. Mr. Rohrer, assistant in the local postoffice for several years, now has a position in the Portland office. They came up the north bank highway, crossing the bridge at Hood River.

Foster Collins, in town yesterday from Camas prairie, reported that new snow arrives there almost daily. A warm rain hit Friday morning and continued most of the day, melting the snow considerably, but there had been little thawing since. Eight degrees below zero was the coldest temperature recorded there.

Mr. and Mrs. W. P. Mahoney and Miss Vera Mahoney took the train at Arlington Monday evening. Mr. and Mrs. Mahoney going to Portland and Miss Mahoney returning to her home at Seattle after a two weeks visit here. Mr. and Mrs. P. W. Mahoney took them to Arlington by car.

Paul Hiesler, in town Saturday from the ranch on Big Butter creek, said the south slopes of the mountain foothills were almost barren of snow as a result of the thaw which started there two days before it hit town. The creek was swollen considerably as a result.

Fred Pigg of Pendleton, representing the department of internal revenue, was in the city Monday assisting local people in making out their income tax returns. There was not a heavy demand on Mr. Pigg's services.

Tim Rippee, Rhea creek egg merchant, estimated about as much water present in his vicinity as a result of the week-end thaw as visited there in the cloudburst of May 29, 1934. Bottom fields resembled lakes, he said.

Frank Fraters and Joe Batty were in town yesterday from out Eight Mile way. They were pleased to see the moderate break in the cold snap that is giving their country a good wetting from the thawing snow.

Lester Green, traveling salesman who makes this city regularly from his home at Pendleton, was in the city Tuesday calling on local trade. He found the lower route via Echo to be quite passable in making the trip over.

Harry Turner came to town Saturday from San Joaquin farm, reporting snow in his section thawing gently in the desired manner.

Want Ads

Wanted—Male hog old enough for service. Prefer Berkshire or Pole. The Swaggart Ranch, G. B. Swaggart. 51-52

FOR SALE—Hay; 3 miles down Rhea creek from Ruggs, J. A. Wetzel, Heppner. 50-52p

HEMSTITCHING—At Frances Shop. 50-2

Well improved 40 acres near Silverton, Ore., to trade for partly irrigated sheep ranch and pay cash difference. Write Homeseekers Agency, Silverton, Ore.

For Sale—16-in. dry wood, near highway, \$3.50 cord. Harry French, Hardman. 431f.

Maternity and convalescent cases cared for in my home. Mrs. J. B. Casen. 96f.

Chris P. Brown has been suffering for several days with an infected hand. After undergoing treatment at the hospital, he is about again. He was having the member dressed at a doctor's office yesterday.

Jack Gorham, Boardman merchant, was transacting business in the city Saturday. The thaw prevalent here at the time, had not reached the north end when he left home that morning.

Rev. Joseph Pope, accompanied by Mrs. Pope and Joan and Mrs. Anton Lindstrom and baby daughter, Mrs. Helen Duff and Miss Naomi Van Cleave, motored to Portland Monday.

J. R. Farrington of The Dalles, district manager Pacific Telephone & Telegraph company, and Harry Higgs, lineman from Arlington, were business visitors in Heppner Tuesday.

R. B. Rice was in town Monday from the north-Lexington farm home for the first time in several weeks. Moisture conditions have improved in his section with recent snows.

Mrs. Frances Meyer and son Dickie took the train at Arlington Monday evening for Portland to visit for a week with Mrs. Meyer's father, A. T. King.

Mr. and Mrs. Harlan Devin of Condon were guests at the Andrew Baldwin home Saturday evening, and attended the Elks annual ball.

Lawrence Redding reported new snow drifted in the roads from his place at Eight Mile center while in town Tuesday morning.

Dr. J. P. Stewart, Eye-Sight Specialist of Pendleton, will be at the HEPPNER HOTEL on WEDNESDAY, MARCH 4th.

Born, to Mr. and Mrs. Harold Hill at the home of Mrs. Corda Saling in this city, Saturday, a 7½-pound son.

Loyal Parek was in town Monday from the Justus ranch where he is assisting with lambing.

Mr. and Mrs. Lee Beckner were trading in town yesterday from the farm home south of Ione.

Mr. and Mrs. S. J. Devine were in the city Monday from their farm north of Lexington.

LaMoyné Cox, son of Mr. and Mrs. Elbert Cox, is suffering with an infected hand.

Editorial

The dark hours seem to have scattered among the pupils these last few days and weeks. One reason for these dark hours may be that the six weeks is drawing near with examinations, book reports, notebooks, and back work to be made up. It seems that even though examination week is very much dreaded it is bringing us closer to the end of school. We should not want to have the days fly like minutes. Do we realize that when we are praying for school to be out we are praying another day of our life away? We should try to live a long life and accomplish as much as we can while we are here.

The cold weather has caused many a gloomy hour. People are kept at home by illness, or do not care to venture out into the cold. It seems it will never come to an end, but if the groundhog is right we will have only two more weeks of winter. We should therefore try to make the best of these dark days and think of the old saying.

"There are no clouds so dark,
But sunlight's piercing ray
Tells us that the darkest hours,
Are just before the day."

—H.H.S.—
Personals

Mrs. Bloom is substituting for Miss Peterson, who is ill.

Due to illness several students have been absent from school. Those returning to school Monday were: Buddy Batty, Jimmy Farley, Ellis Williams, Norton King, and Emery Coxen.

Betty Doherty, Helen Van Schoiack, Howard Cleveland and Bob Scribner are still unable to attend school.

Marjorie Parker and Hazel Adams are ill with flu at their respective homes.

Frank Anderson, alumnus of this school, was visiting at his home last week end.

Larry Forgey, former student of this school, was in Heppner during the week end.

Girls' Sports
A practice game was played by the girls' basketball teams Friday afternoon at 3:30. Although the team was short two of the required number of players, a very interesting game was played. Due to the fact of the changing positions of the players the score was not kept. LaMoyné Cox referred the game.

Boys' Sports
The boys' physical education class has been playing intramural bas-

ketball for the last three weeks. This will finish their league games and starting next week, they will all take the basketball fundamentals, skills and rules test. The results of these tests plus the individual's improvement will be used as a basis for awarding the twelve highest basketball awards.

—H.H.S.—
Club News

In the absence of Betty Doherty, president of the Girls' league, the vice-president, Norma Jean Beckett, has taken over the carnival project. The appointing of more committees and making them active has proved to be a big responsibility. It has not been decided, as yet, when the carnival is to be given.

Harriet Hager was initiated into the Benzine ing last Thursday. Mr. Earl Gordon gave an interesting talk on the different kinds of gold fish and tropical fish, also the care of them.

—H.H.S.—
Washington Day Assembly

Last Friday, February 21, at 3 o'clock, the grade and high schools held a joint assembly in the gymnasium. The program opened with the group singing "Dixie" and "America," led by Miss Leathers. Then came the following program: "The Aviator," a song by the seventh and eighth grades; "Salute the Flag," a song by the first grade; "My Country," a story of Washington, by the sixth grade; "Away, Away, the Track is White," a song by the fifth and sixth grades; "Minuet" by the fourth grade; and "Sing a Little Song When You Are Happy," a song by the fifth and sixth grade girls.

The program was closed by the group singing "First in War, First in Peace" and "The Battle Hymn of the Republic," again led by Miss Leathers.

—H.H.S.—
Grade News

The monitors of the fifth grade Citizenship club elected Monday are as follows: blackboard-cleaner, Raymond Parrish; pencil-sharpeners, Eugene Massey; waste-paper, Kingsley Chapin.

The sixth graders are studying good teeth in Health. They are making posters to show how to build good teeth.

Kay Ferguson has returned to school after a long absence.

Mrs. Beckett substituted Monday for Miss Leathers, who was ill.

The seventh grade elected new class officers. The new officers chosen are: President, Hugh Crawford; vice-president, Warren Blakeley; secretary-treasurer, Jack Vaughn; inner watch, Anna Marie Johnston, outer watch, Norval Osborne. Those going out of office are: President, Donald Bennett; vice-president, Frances Wilkinson; secretary-treasurer, Loraine Bothwell; inner watch, Kathryn Thompson; outer watch, Harry O'Donnell. Stuart and Allan Watts enrolled in the grade school Tuesday. They came from the Beach school in Oakland, Calif. Their father is the captain at the CCC camp.

Engineering Jobs Exceed Grads

Corvallis—The problem around the school of engineering at Oregon State college these days is not how to get jobs for the graduates but how to get graduates for the jobs. In civil engineering especially and to a considerable extent in other departments, calls for men are piling up faster than they can be supplied. Most of the demand is coming from private industry, the department heads say. Graduates of the school who may have lost contact with the school and are looking for new positions are urged to get in touch at once.

NO UPSETS

The proper treatment for a bilious child

A cleansing dose today; a smaller quantity tomorrow; less each time, until bowels need no help at all.

ANY mother knows the reason when her child stops playing, eats little, is hard to manage, constipated. But what a pity so few know the sensible way to set things right!

The ordinary laxatives, of even ordinary strength, destroy all hopes of restoring regularity.

A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help.

This treatment will succeed with any child and with any adult.

Doctors use a liquid laxative. Hospitals use the liquid form. If it is best for their use, it is best for home use. The liquid laxative they generally use is Dr. Caldwell's Syrup Pepsin. Any druggist has it.

Favorable Future Seen In Farm Business Trend

Despite some counter-seasonal decline in several lines of industry from December to January, partly owing to exceptionally cold weather, indications are that business conditions will continue relatively favorable through 1936, says the monthly review of farm price, cost and demand conditions just released by the OSC Extension Service. Industrial output made an unusually sharp advance during the last part of 1935, the increase in factory payrolls being over 15 per cent from July to December.

The U. S. index of factory payrolls stood at 76 per cent of the 1926-1930 average in December.

At mid-February, the general level of farm prices was practically unchanged in Oregon compared with January 15, when the Oregon index of average farm prices was at 72 per cent of the 1926-1930 average, against 72 a month previous and 66 in January, 1935. This advance in farm prices in Oregon has been accompanied by a sharp rise in the income of industrial workers.

Although farm prices in Oregon average 95 per cent of the 1910-1914 average, the present level is about 31 points below the prewar "parity" exchange value.

This is indicated because the government index of the cost of commodities bought by farmers, interest and taxes payable, is 26 per cent above the 1910-1914 average.

Each change of one point on the thermometer of the general level of farm prices in Oregon indicates a gain or loss of approximately 1 1/2 million dollars in the annual cash farm income for the state.

compared with 68 for the whole year 1935, 61 for 1934, 48 for 1933, and 46 for 1932. The strength of consumer purchasing power is an important factor in the trend of farm prices, although the supply of the various products and other factors also influence farm price trends.

The report contains considerable data on price trends of various farm commodities produced in Oregon, listing in this way altogether more than 60 products. Horses and hogs are shown to be above or near the 1926-1930 average; butterfat, lambs, wool, potatoes and hay from 20 to 25 per cent below it, and wain hops, dried prunes and apples at the lower end of the scale.

Index numbers of January farm prices of representative commodities in Oregon in percentage of the 1926-1930 average given in the report include eggs 64, chickens 73, butterfat 81, milk cows 65, hogs 93, sheep 57, lambs 79, wool 78, beef cattle 63, veal calves 72, horses 132, wheat 70, oats 66, barley 65, hay 75, potatoes 79, hops 45, apples 57, and dried prunes 56.

Bad Winter Hits Student Jobs
Corvallis—Severe winter weather since the first of the year has been particularly hard on self-supporting students at OSC who depend on odd jobs for regular income, the college employment service reports.

Don't Guess But Know

Whether the "Pain" Remedy You Use is SAFE?

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

THE person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about Genuine BAYER ASPIRIN.

He will tell you that before the discovery of Bayer Aspirin most "pain" remedies were advised against by physicians as bad for the stomach and, often, for the heart. Which is food for thought if you seek quick, safe relief.

Scientists rate Bayer Aspirin among the fastest methods yet discovered for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it safe for the average person to use regularly. In your own interest remember this.

You can get Genuine Bayer Aspirin at any drug store—simply by asking for it by its full name, BAYER ASPIRIN. Make it a point to do this—and see that you get what you want.

Bayer Aspirin

Several women's organizations of the college and city have helped in the emergency by collecting and donating groceries and used clothing which has been distributed to men who are batching and whose supplies and money run dangerously low. There are 2141 men to 960 women in college.

1/2 doz. purebred Bourbon Red gobblers, \$5 each. Frank Swaggart, Lena.

Society is Shock Absorber
Corvallis—Economic progress through betterment of machinery and organization always had and probably always will bring suffering to individuals and groups dislodged from past employment, Dr. C. M. Thompson, dean of com-

merce at University of Illinois, said while visiting OSC campus recently. As society makes a clear profit from all such advances, however,

John C. McElhatre, prominent abolitionist, died at his home on Skinner creek, Friday. Round crew digs up long-buried skeleton in clay bank on Franklin St. Road. His annual dance will be held at Condon, Friday, March 12. Miss Maurine Cason married to Mr. Paul Alken, Saturday. Three hundred attend P. T. A. dinner in hotel dining room. Word received B. P. R. that work on Heppner-Hardman road will start at once.

Make laundering one of your Easiest household tasks

... by making your home laundry all-electric!

Decide now to banish laundering drudgery from your home. You can, if you make up your mind to have an electric washer, an electric ironer and an automatic electric water heater correctly placed in a carefully planned laundry. You will know maximum efficiency with a minimum of labor. Your clothes will last longer and be more attractively finished. And your laundering time will be greatly reduced.

That prominent home service advisor, Jeannette Cramer, has designed laundries for 6 typical locations to serve as a basis for your planning. These plans are available without charge at your nearest P. P. & L. Co. office, and we are glad to have you ask for them. No matter if you must buy your electric ironer, washer and water heater one appliance at a time. The important thing is to have a plan and to work toward the completion of that plan as you buy equipment.

These 3 appliances belong in every home laundry

ELECTRIC WASHER
Modern electric washers are kind to even the most delicate fabrics. Yet so efficient is their washing action that every trace of dirt is swished away in 5 to 7 minutes. The wringers are remarkable, too. From paper-thin pieces, from bulky pieces, water is extracted equally well without your having to adjust the wringers in any way. Both washers and wringers are built to give years of trouble-free service.

ELECTRIC IRONER
The electric ironer was designed to take the backache out of ironing. And it certainly does that! You sit comfortably and feed your dampened pieces through so easily. The ironer exerts all the pressure from lifting and pushing. Your pieces are finished with a truly professional look. Best of all, your ironing is completed in half the time formerly required.

ELECTRIC WATER HEATER
When you have an automatic electric water heater, you not only have abundant hot water for laundering, but also have it for any use whenever you turn a faucet—day or night, winter or summer. No waiting—no firing up—no heating water on top of the stove—no holding a fire just for hot water—in fact, no bother at all! It's just as if you had an ever-flowing hot spring in your home. Investigate this service.
