

Local Happenings

E. E. Rugg, Rhea creek merchant, reported hay and wheat fields developing nicely in his section, when in town Monday.

J. H. Peters and John Harbke were transacting business in the city Saturday from their homes in Portland.

C. J. D. Bauman, his niece, Miss Norma Christenson, and S. E. Notson made a round-trip to Portland Tuesday in the Bauman car.

Bert Johnson, candidate for county judge, was in the city yesterday. He had just returned from a trip to Portland where he addressed a meeting of the Farm Hands club.

Mrs. W. M. Hayes is visiting this week at the home of her parents, Mr. and Mrs. F. B. Nickerson, coming up from Portland where her husband is employed as construction engineer on the new Montgomery Ward building with the Guy C. Atkinson company.

Al Troedson made a business trip to town Saturday from Morgan, bringing Mrs. Troedson and Frances who took in sessions of the Epworth league conference.

John Parker and Miss Ilene Kilkeny are among University of Oregon students spending the spring vacation with home folks.

Charles W. Smith, assistant state county agent leader, visited friends in this city Sunday evening, taking the opportunity to drop in on them while assisting with holding farm economic conferences at points in this part of the state.

W. H. Instone, in town Monday from Butter creek, reported lambing over with excellent results. Very little scours occurred in his lambs, but he had good results from the use of paragoric in treating those affected.

O. E. Peterson, south Ione wheat raiser, reported the necessity of re-seeding some of his fall sown wheat which was hit by the freeze last October. The work of re-seeding was reported to be progressing well.

J. E. Swanson of Ione, manager Morrow County Grain Growers, was a business visitor in the city Saturday, being interested in the sale of property of the former Heppner Farmers Elevator company.

Patricia Anne was born to Captain and Mrs. W. R. Reynolds at the Heppner hospital at 3 o'clock Tuesday afternoon. Captain Reynolds is commandant of the local CCC camp.

Ralph Scott was in the city Saturday from the Blackhorse district where the new grain is reported to be making good headway.

Would like to know whereabouts of Tracie Lichtenhal, Lizzie Lichtenhal, and Mrs. George Hahm as they are heirs to insurance of Robert Wall, formerly Andy Lichtenhal, of 2625 East Slauson Ave., Huntington Park, Cal. Direct Replies to Robert Wall at this address. 48-22p

For Sale—16-in. dry wood, near highway, \$3.50 cord. Harry French, Hardman. 43ft.

Maternity and convalescent cases cared for in my home. Mrs. J. B. Cason. 5ft.

James O'Conner was in the city Monday from the Rhea creek farm. He reported lambing just getting well under way with good results to date.

Louie Gates, veteran representative of the Sperry Flouring mills, was calling on the local trade yesterday. He reported improving business conditions.

Miss Anabel Turner arrived home Sunday from Corvallis to spend the spring vacation from her studies at O. S. C. with her parents, Mr. and Mrs. F. W. Turner.

Mrs. Rubina Chrisman is reported making good recovery from an illness for which she was confined at Heppner hospital this week.

David Hynd, secretary of Hynd Bros. company, was a business visitor in the city Saturday from Rose Lawn ranch, Sand Hollow.

Miss Ilene Kenny visited home folks over St. Patrick's day from Pendleton where she is taking nurse's training.

Jim Hayes was in town Saturday from the farm on Rhea creek, reporting conditions favorable at this season.

Harry Duval, who operates the Bell ranch north of Lexington, was a business visitor in the city Saturday.

Ed Bristow, Ione merchant, took time off Saturday for a business visit to the county seat.

Ted McMurdo is home from Oregon State college for spring vacation, arriving Monday.

Mr. and Mrs. J. C. Swift were business visitors in the city yesterday from Lexington.

Wm. Smithurst was trading in the city yesterday from the Alpine district.

James H. Cox has been confined to his home with an attack of pneumonia.

Roy Feeley was among folks from Ione in the city, Saturday.

To the Editor: In the recent mention in the Gazette Times of the CCC gopher poisoning campaign it was stated that 100 percent of the farmers of the county cooperated. This was hardly true as several small farmers on lower Willow creek were not given the opportunity to cooperate. RALPH BUTLER.

State Board to Meet at O. S. C. Corvallis—A regular meeting of the state board of higher education will be held on the campus of Oregon State college Monday, March 9. This is in keeping with the announced plan of the board to meet at least once a year on each campus.

The college will hold a special student-faculty convocation in honor of the board members, with student musical organizations supplying part of the program.

Elmer Ball, whose 7-year-old son Shirley died Sunday at the home in the Ione vicinity, was in the city Monday making arrangements for the funeral held in Ione Tuesday afternoon. The lad was a victim of cerebral meningitis.

Surprise Speaker Makes Hit
Students of Heppner high enjoyed one of the greatest treats in the history of the school when Dr. Alfred Cookman, the world famous scientist, who gave up teaching in order to become an adventurer and naturalist, entertained the assembly on Wednesday, March 11. Dr. Cookman spoke on several phases of wild life, but depicted most vividly the habits and habitats of various species of wild birds.

Fascinated, all present were transported from pole to pole, from desert to desert, across the dark jungles of Borneo Island, and into the wilds of tropical America and Hollywood on the winged words of Dr. Cookman. Sprinkling his travel talks generously with much witty and well directed humor, Dr. Cookman kept the audience roaring with laughter.

Of special interest were the stuffed specimens of rare birds and the flag of the International Adventurer of the World, Admiral Richard E. Byrd carried this same flag over both north and south poles. Before him the world famous explorers and adventurers Zane Grey, Sir Kingsford Smith, and Dr. Torrance had borne the flag to the far corners of the globe. Dr. Cookman was the last to carry the flag, and Heppner was the last town in which it was displayed. From here it was sent to the Smithsonian Institute in Washington, D. C., where it now resides.

Dr. Cookman was accorded a tremendous ovation of enthusiastic applause at the end of his discourse.

Class News
The junior class held a meeting Friday after school. The main topic of discussion was the play which is to be presented before the student body in the near future. They also brought up the subject of where to go on Flunk Day. This topic aroused such a heated argument that the meeting was soon closed.

Next Thursday, March 26th, all the members of the senior class will have their pictures taken for their Memory books. This class has been very busy selecting announcements and cards in preparation for graduation.
The Home Economics classes are taking lessons in patching. During the next few days they will repair the boys' baseball uniforms.
—H.H.S.—
Personals
Irene Padberg returned to school Monday after being ill with the flu for a month.
Marie Barlow, Ethyl Hughes and Arlene Morton motored to Portland for the week end with Mr. and Mrs. E. L. Morton.
—H.H.S.—
Heppner Team Third
The Heppner high debate team under the direction of Mr. Evans, made a very creditable showing at the debate tournament held in Pendleton last Saturday. The scores were figured on a point basis with each judge's vote counting as one point. In this way, it was possible for the two sides of one team to make six points in each debate, there being three judges hearing each side. The affirmative side of the Heppner team, Ernest Clark and Irene Beamer, won a three to nothing decision over Condon's negative. Heppner's negative, Scott McMurdo and William McCaleb, received one vote for their debate against Condon's affirmative. This gave Heppner four points and put them in a tie for first place with the Hermiston team. In the second debate, Heppner was not so fortunate and dropped to third place. The final standings were, Hermiston first, Pendleton second, Heppner third, Condon fourth, and Umatilla fifth.

The subject for debate was, "Resolved: That the several states should enact legislation providing for a system of complete medical service available to all citizens at State expense."
—H.H.S.—
Girls' Sports
Although no definite information has yet been received concerning the girls' sports tournament which is to be held this spring the girls will sign up for their choice of volleyball or baseball and start practice this week.

The tournament will be held among the schools of the county and as it is something new and entirely different it promises to be very interesting.
As soon as the weather permits most of the time will be spent playing outside. Until then, however, the girls will continue playing basketball and other games inside.
—H.H.S.—
League Entertainments
The Girls' League entertained the student body with a musical program Friday afternoon at three o'clock. Nonie McLaughlin as master of ceremonies introduced the program with a humorous idea for

a program we would like to give in the future. We know this program would be interesting but embarrassing for the entertainers.
Nonie then introduced the following numbers: Piano duet by Irene Beamer and Betty Adkins; two songs, "An Old Refrain" and "Shut Yo' Eyes," were sung by the girls' sextette; two songs by the girls' trio and a tap dance by Dora Bailey.
After the program the students sang the school songs.
—H.H.S.—
Baseball
Baseball practice was officially started Monday at the Rodeo field. The coach was greeted by a large group of baseball artists. The group was headed by six men of last year's team. These men are Howard Bryant, catcher; Leonard Gilman, pitcher; Don Turner, second base; Bill McRoberts, third base; Riley Munkers, shortstop, and Charles Cox, left field. There are three vacancies. The men lost were LaVerne Van Marter, first base; Louis Gilman, center field, and Don Drake, right field. The former was lost because of an attack of spinal meningitis during the first semester; the latter were lost through graduation.

Heppner high school has reason to believe that they will have a better team than last year's team, which was undefeated in six starts. With proper support the team will soar to greater heights this year. It is hoped that many townspeople will attend the games to watch a good team play good baseball.
—H.H.S.—
Boys' Sports
In a special assembly last Friday morning awards were presented to the twelve boys who have the high-

est scores in the intramural basketball for the past few weeks and the tests given at the end of that period. The boys receiving the small bronze basketball pins were Gerald Cason, William Lee McCaleb, Jr., Floyd Williams, Norton King, Lloyd Burkenbine, Donald Fell, Scott McMurdo, Paul McCarty, Wilfred Stone, Donald Fredrickson, Bernard McMurdo and Joe Stephens.
—H.H.S.—
Humor
Miss Rockhold (in art class): Has anyone a compass?
Buddy B.: Heck, she doesn't need a compass. I can tell her which is north or south.

Steve W.: Is your dog intelligent?
Andy S.: Very. When I say to him, "Come here or don't come here, just as you please," he comes or he doesn't come, as he pleases.

Arlene M.: How did you like the party?
Don T.: Awful; you said I could eat as much as I liked, and I couldn't.

Louise A. (playing the piano): One, two, three, four.
Kay F.: I wish you would count to six. I can't keep up with you.

Betty D.: Remember that "he who laughs last, laughs best."
Mr. Pevey: Maybe, but he soon gets a reputation of being dumb.

Have you ever wondered: Who brought Lola Osborn a dozen daffodils from Pendleton?
Kay Parker's Ideal Boy Friend has: Blue eyes, football ability, Chevrolet car, ability to play a guitar, long curly eyelashes and light hair.

Jimmy Farley's Ideal Girl Friend has: Blue eyes, musical ability, blonde hair, Chevrolet coupe, part in the operetta.
—H.H.S.—
Benzine Ring Club
The Benzine Ring club held a

meeting last Thursday evening in the laboratory. William McRoberts gave a report on synthetic rubber, and Mr. Blankenship gave an interesting talk about Alaska. Lola Osborn was initiated into the club and will be expected to give a report at the next meeting, March 19. Each member of the club is to choose a partner and work together on a project for open house.

Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains . . . and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

Learn how to LAUNDRY... with the greatest of ease!

MODERNIZE YOUR LAUNDRY WITH OUR FREE PLANS!

Laundering isn't drudgery when your home laundry is all-electric. With an electric washer, electric ironer and automatic electric water heater to help you, all the hard work is banished. Your job becomes the direction of your appliances. And what an efficient job these willing workers do. Your finished work is so attractive. Your clothes wear longer. And you're through in almost half your usual time.

You may have to acquire your electric washer, ironer and water heater one appliance at a time. But meantime plan your all-electric laundry to meet your requirements and work toward the completion of your plan as you buy equipment. To serve as a basis for your plan, Jeannette Cramer, famed home service advisor, has designed 6 typical home laundries. Copies of these are available free of charge at your nearest P. P. & L. Co. office. Get your copy today.

These 3 appliances belong in every home laundry

ELECTRIC WASHER
Modern electric washers are kind to even the most delicate fabrics. Yet so efficient is their washing action that every trace of dirt is swished away in 5 to 7 minutes. And they are built to give years of trouble-free service.

ELECTRIC IRONER
The electric ironer was designed to take the backache out of ironing. And it certainly does that! The ironer exerts all the pressure—not you. It frees you from lifting and pushing. And your ironing is finished in half the time formerly required.

AUTOMATIC ELECTRIC WATER HEATER
When you have an automatic electric water heater, you not only have abundant hot water for laundering, but also have it for any use whenever you turn a faucet—day, night, winter, summer. It's like having an ever-flowing hot spring in your home.

For electric washers, ironers and water heaters SEE ANY DEALER IN ELECTRICAL EQUIPMENT or PACIFIC POWER & LIGHT COMPANY Always at Your Service

For a limited time only . . . at P. P. & L. Co. TWO FACTORY SPECIALS at lowest prices ever quoted on these models Thor Washer \$64.50 • Thor Ironer \$39.95 (Convenient Terms)
