

# Local Happenings

Mr. and Mrs. Henry F. Blahm and daughter motored over from their home at Walla Walla Tuesday, spending several hours transacting business and visiting friends. Mr. Blahm is just getting well over a recent severe illness, having been confined for five months in which time he underwent a major operation.

Antone Cunha, Butter creek rancher, was in the city Wednesday disposing of his wool which had been removed from the wools. He said the season is quite backward on the creek and the first cutting of alfalfa will be late.

John J. Kelly, wool and sheep buyer of Pendleton, has been in Heppner for the last week.

Noah Pettyjohn was transacting business in the city yesterday from the farm home at Morgau.

A. T. King, local barber, motored to Portland Saturday night, returning home Monday.

Wm. Huebner, who farms the old Her place, was a business visitor in the city Saturday.

John Kilkenny, Jr., Pendleton attorney, was transacting business in the city Tuesday.

W. A. Leith of Portland was a business visitor in the city yesterday morning.

Mrs. R. C. Lawrence departed this week to visit friends in California.

**High and Low Herds Compared**  
McMinnville—The advantage of building up a herd of high producing cows is well illustrated by the last annual report of the Yamhill-Washington dairy herd improvement association. The average production of the two high herds in this association was 474 pounds of fat, and the returns above feed costs were \$116.79 per cow, as compared with an average production of 239 pounds of fat and returns per cow above feed costs of \$52.27 for the two low producing herds. The total feed costs per cow for the high herds was \$69.50 per cow and \$37.77 for the low herds.

Canyon City—Farmers of the John Day valley are watching with considerable interest the results of the seeding of approximately 90 acres of wheat grass on sage brush land on the Oliver Brothers' ranch, reports R. E. Brooks, county agent. The seed was drilled in on land that had sufficient top soil to insure moisture and a stand, he says. Several acres were also seeded in this manner by John Silvers below John Day.

Johan Troedson and sons, Carl and Vernor, were business visitors in the city Saturday from the farm home in the Morgan section. Crop prospects in their district are fair.

Albert Nelson, wheat farmer of the north Lexington section, was in the city Saturday on business. Mr. Nelson expects to harvest a good wheat crop this year.

Mrs. Emmett Ayers and Mr. Claude Graham are in Roseburg this week attending sessions of the state Rebekah assembly as delegates from the local lodge.

Frank Clark, veteran wool buyer representing the Boston firm of Hollowell, Jones and Donald, was among outside buyers in the city the first of the week.

Emil Carlson was a business visitor in the city Tuesday from the farm home in the Gooseberry section. Crop conditions in that section continue good.

Mrs. H. O. Ely of Ione underwent a major operation at Heppner hospital Monday. Mr. Ely has been with her since the operation.

Mr. and Mrs. John Farley visited with relatives and friends in this city Sunday, coming over from their home at John Day.

The ladies auxiliary of the Episcopal church will hold a window sale at Dix's store, Sat., May 23, beginning at 11 o'clock.

Mrs. C. Chadburne and daughter of Seattle are visiting at the home of Mrs. Chadburne's sister, Mrs. Henry Cohn.

Born, to Mr. and Mrs. R. D. Allstott, Jr., at the family home in Eight Mile Sunday, a 7-pound daughter.

dent, Don Turner; vice-president, Leonard Gilman; secretary, Louise Anderson; treasurer, La Verne Van Marter; sergeant-at-arms, Emmet Kenny; yell queen, Frances McCarty; yell king, Joe Aiken; Hehisch committee: senators, Dora Bailey, Gerald Caban; juniors, Paul McCarty, Ruth Green; sophomores, Billy Barratt, Betty Happold. —H.H.S.—

**Teachers' Summer Plans**  
Most of the teachers are planning to attend summer school this summer. Mrs. Dix, Mr. Buhman and Miss Dale are planning to go but have not decided where they will go. Miss Doherty plans to go to Washington State normal, Miss Leathers to the University Extension in Portland, Miss Peterson to Oregon State college, and Mr. Blankenship to University of Washington. Miss Case is to be married in June, and Miss Rockhold in November. They will spend most of the summer preparing for the events.

Mr. Evans will go to Klamath Falls to work.

Mr. Bloom and Mrs. Dix will attend the N. E. A. in Portland from June 26 to July 4. Mr. Bloom will also attend the superintendents' conference in Seattle in July. He will be here part of the summer preparing for the Smith-Hughes department.

Mr. Pevey will go to Gray's Harbor for two weeks. He has not made further plans for the summer. —H.H.S.—

**Class and Club News**  
As their last project of the year, the Home Economics class entertained the high school faculty at a luncheon last Thursday. Louise Anderson acted as hostess. Lola Coxen and Patty Pason were waitresses.

Those present were Ruth Furlong, Lillian Peterson, Leone Rockhold, Bertrand Evans, Claude Pevey, Edward Bloom and Alden Blankenship.

The "H" club and "Pep" club enjoyed a picnic at the sawdust pile Saturday. Refreshments of weiners, buns, salad, and cake were enjoyed by all who attended. —H.H.S.—

**Attends Track Meet**  
Last Saturday Mr. Bloom had the pleasure of attending the State Track meet which was held at Corvallis. Perfect lanning and management made things go over very smoothly. There were very few records broken. A very unusual occurrence happened when two boys tried to break the state record in the pole vault. Most of the honors were taken by Portland schools. —H.H.S.—

**Humor**  
Can You Imagine—  
Howard not gazing at Beth?  
Don Turner without a perfect wave?  
How the wall in the bookkeeping room got dirty?  
Marjorie Parker not rolling her eyes?  
Who Floyd Williams' girl is?  
That school is practically out?  
Who passed the Minimum Essentials?  
Ruth Green having a tall, dark and handsome in her life?  
—H.H.S.—

**Juniors Entertain at Assembly**  
Last Friday the juniors presented to the assembly a court scene from the play "Merchant of Venice," by William Shakespeare. The cast consisted of Shylock, William McCaleb; Duke of Venice, Ellis Williams; Bassanio, Don Turner; Gratiano, Norton King; Salario, Marvin Casebeer Portia, Dora Bailey; Nerissa, Marjorie Parker; Antonio, Paul Brown. —H.H.S.—

**Band to Play**  
The last appearance of the band in connection with this year's school

work will be made Friday night when the band will play for graduation. This advancement will mean more to the whole band than an opportunity to play, for it takes with it Irene Beamer, Ethyl Hughes, James Driscoll, Ray Coblanitz and Boyd Redding. These members have been with the band for a number of years, some since the beginning. —H.H.S.—

**Grade News**  
All of the classes of the grade school are going on their respective picnics this week.  
The seventh and eighth grades are going to the sawdust pile, the fifth and sixth grades are going to the artesian well, and the third and fourth grades are going to the Monahan ranch on Willow creek.  
This poem is a fitting selection for the last week of school:  
Our school is nearly over,  
And we're truly glad  
To free ourselves of lessons;  
Of fear of being "bad"?  
Summer is before us,  
Will we profit from her days,  
Of happiness and sunshine,  
Of cloudiness and haze?  
Shall our lives be better moulded;  
Our hearts more sorrow known?  
Shall we grow more sympathetic  
As onward, now, we go?  
Let us try to make this summer  
A joyous one for all,  
To be refreshed and happy  
When 'tis time for school next fall.  
By Betty Marie Adkins,  
Eighth Grade.  
—H.H.S.—

**Acknowledgment**  
The students of the English VI Journalism class of Heppner high school wish to take this opportunity to thank the Heppner Gazette Times for publishing our school paper, The Hehisch. The editing of the Hehisch has afforded us a wonderful opportunity to put into practical use that which we had learned about journalism. It has also given us a little pride when we were able to see our work in print which was made possible only by the publishing of the Hehisch. —H.H.S.—

**Safety First**  
As we all know, there has been a great deal of work done to decrease the number of car accidents and the number of deaths caused by this. The schools play a rather important part in this work. The high school and grade school of Heppner have been doing a great deal toward this aim.  
The sixth grade has been giving safety plays and making a safety code and rules for children. The fifth grade has been working hard

at making original safety rhymes. In the seventh and eighth grades it was required that each student write an essay, entitled, "A Definite Program for My Community to Prevent Highway Accidents and Promote Highway Safety." Two of these essays were chosen and sent to enter the state contest. An assembly was held on Friday, May 15, for the purpose of demonstrating the safety rules.  
The grade school is not alone in this work. An assembly was held on Monday, May 18, for the purpose of the Safety Driving project. A ten minute test was given to the students. After this several talks were given. A longer test was then given.

**Electric Cooking gives LUXURY FLAVOR TO ECONOMY MEALS**

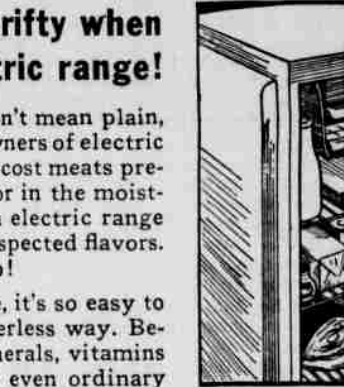

**It's easy to be thrifty when you have an electric range!**

Inexpensive meals don't mean plain, unappetizing meals to owners of electric ranges. Far from it! Low-cost meats prepared in the cooker pot or in the moist-heat, no-draft oven of an electric range reveal thrilling and unsuspected flavors. And such tenderness, too!

With an electric range, it's so easy to cook vegetables the waterless way. Because all the natural minerals, vitamins and flavors are retained, even ordinary vegetables become so delicious that they provoke praise from vegetable-shy youngsters.

If you aren't profiting from the savings and economies electric cooking affords—if you don't know its cleanliness, speed and convenience—determine to find out now. Visit any dealer's or our nearest office add see the displays of 1936 model electric ranges. You'll find a style that will fit your needs and be easy on your pocketbook—one that will fit perfectly in an all-electric kitchen.

**A 1936 Electric Refrigerator Saves More... Costs Less**

This is the year to buy an Electric Refrigerator. The 1936 models are the best yet in value, beauty of design and efficiency. The small amount of current used will surprise you—yet at low PP&L rates, electric refrigeration never has been expensive. Thousands of women have paid for their electric refrigerators out of their regular budgets, by the food savings they have made. Any dealer in electric refrigerators will be glad to show you how you can do the same.

Maternity and convalescent cases cared for in my home. Mrs. J. E. Olson. 9f.

**The Year Closes**  
The school year of 1935 and 1936 has been very successful for both teachers and students. There have been several disappointments, but we always came through smiling.  
The cooperation of the teachers and students has made everyone happy during the year and surely there are many who are wishing that this is the first week of school instead of the last week.  
Heppner had a very successful year in the athletic world. They won nearly all of the games they participated in. They were defeated by any other school in football and baseball although the basketball season was not so successful due to a continued run of illness and tough luck. The baseball season will be completed this Friday when they play Fossil for the championship of Gilliam, Morrow and Wheeler counties.  
All of the students are very busy, especially the seniors. The seniors are trying to finish their work and are getting ready for the graduation exercises.  
Let us all hope that next year is as successful as this year in every respect. —H.H.S.—

**Junior-Senior Banquet**  
Tonight, May 21, is the night for the annual junior-senior banquet to be given in the Parish House with the aid of the Episcopal women of the church. Following the banquet there will be a junior-senior prom, exclusively for high school students, in the school gymnasium, with music by Kaufman's orchestra. —H.H.S.—

**Boys' Sports**  
Last Saturday a track meet was held on the local field with the CCC camp and our high school. The CCC camp won first place in the shot put, and the Heppner boys won all of the rest with a score of 66-13 to 16.  
Friday, May 22, the high school baseball team will go to Fossil to play for a three-county championship. Wheeler, Grant and Morrow counties. This will be the toughest team the boys have run up against, but we think they will win.  
One night this week the Frosh boys will play the grade school boys a game of baseball. —H.H.S.—

**Election of Student Body Officers**  
The following students were elected to student body offices at the election held last week: Pres-
