David B. hill \$7,838.75. Simpson, Portland real estate man, and Mark Weatherford, Albany au-torney, were named to fill the va-cancies caused by the earlier resig-nations of E. R. Bryson of Eugene and Miss Celia Gavin of The Dalles.

> Present indications are that Oregon will collect more than \$10,000,-000 in gasoline taxes during the current year. Collections for the first five months of 1936 total \$3,727,389 with the biggest motoring months still to come.

Two minor political parties will have served notice on Secretary of State Snell of their intention to en-

ter the Oregon political arena.

The "Union" party of which William Lemke of Minneapolis is the national standard bearer, expects to put a full state ticket into the field. Peter Zimmerman of Yamhill county, former state senator and independent candidate for governor in 1934, heads the new party's state central committee. Other members of the committee are practically unknown to Oregon politics. They include G. W. Thiessen of financed by the state. The third of this group of measures is a proposed constitutional amendment authorizing the board of this group of measures is a proposed constitutional amendment authorizing the board of this group of this proposed constitutional amendment authorizing the board of this proposed constitution and Frank Snallfel of German authorizing the board of this proposed constitution and Frank Snallfel of German authorizing the board of this proposed constitution and Frank Snallfel or this proposed constitution and the proposed con control to administer the power act until the three-member commission can be elected.

The other five measures can be the state department by September

Oregon Socialists have also announced their intention of getting behind Norman Thomas, their presidential candidate, in a big way this fall. A state convention will be held in Salem next Sunday to other fixed appliances in fishing on Columbia river. Sponsored by E. A. Storvik and George H. A. Roden of Asteria

Noncompulsory Military training bill aimed at military drill at state university and college. Sponsored by Oregon Committee for Peace and Freedom.

Now you can do away with the hot job of summer cooking -yet never do without a hot meal. Incredible? It's true. Science now gives you a new miracle of electricity-"Absent Cooking".

You place your entire meal-from meat to dessert-in a cold oven, set the time and temperature controls, and leave the house if you wish. Return just before dinner and your meal is ready. Even if your electric range doesn't have a time control, its temperature control will free you from all oven watching while your meal is cooking.

Another astonishing fact is that kitchen temperature is raised only about 1° during the cooking of an entire meal. Electric cooking is cool cooking!

Visit any dealer's or our nearest office today and see the wonderful new electric ranges on display.

Electric ranges are very reasonably priced. And you may purchase yours on convenient terms. The operating cost is very reasonable, too, with low-cost Pacific Power & Light Company electricity.

GEE...it's swell to have bot water all the time!

Plentiful hot water whenever you turn a faucet, day or night, winter or summer, certainly is a joy. And you can have it by installing an automatic electric water heater. Then you won't be dependent on range or furnace coils. You won't have to heat up your kitchen or your house every time you need hot water for baths, laundering or any other purpose. Ask about our attractive water heating rate today.
