Always at Your Service

**Big values now in 1936 laundry equipment!**

**ELECTRIC WASHER**  
The first appliance you need in your all-electric home laundry is a modern electric washer. The new washers are kind to even the most delicate fabrics, yet so efficient that every trace of dirt is quickly flushed away. Sturdy construction insures years of service. Low prices make 1936 models real bargains.

**ELECTRIC IRONER**  
The next appliance you should acquire for your laundry is an electric ironer, which takes the backache out of ironing. All you do is sit and feed your pieces through. The ironer exerts all the pressure—does all the lifting and pushing—not you! And your ironing time is cut in half. Prices on electric ironers are very reasonable—terms convenient.

**ELECTRIC WATER HEATER**  
When you have an automatic electric water heater, you not only have abundant hot water for laundering, but also for every household use... day, night, winter, summer. It's as if you have an ever-flowing hot spring in your home. Plan to install your automatic electric water heater soon. Low heater costs and our low water heating rate make automatic electric hot water service a convenience you can easily afford.
