We Support Landon.

THE GAZETTE TIMES has been I taken to task by some of its readers who do not agree to its supporting the Landon cause editorial-ly. For the benefit of all our readers, we wish to make it clear that the Gazette Times has been and still is a republican newspaper.

We feel that any newspaper is justified in taking a definite stand in politics, and that any paper which does not do so fails to live up to its obligation to the community. The readers of any paper are entitled to know how the paper stands on gov-ernmental matters, so that they may judge whether or not stories appearing in the news columns are handled in a biased manner.

aside for expansion and against a rainy day. That tax took away part One of the first rules in the ethics of good journalism is to publish the of the value of your insurance polnews according to its value regardicy. The gold clause, by which the less of the editor's private opinion. New Deal devalued the dollar to 59 cents, took away 41 cents of its times violated, but certainly the reader is in better position to judge if he knows how the editor stands.

When we argue for the Landon cause, we do so fundamentally because we believe in the American system of government as taught in the principles of the republican We sincerely believe that party. We sincerely believe that depends upon "rugged individualism," so often slurred by orators of the new order who have nothing to offer instead except regimentation of the people under "politicians" who would, in fact, establish a system of state "capitalism"-that is, a system whereby the profits of those gainfully employed are used for the benefit of the politicians who happen at the moment to be dictating the policies of the regimentation. Such is the system now in vogue in Russia, and which has made great strides in the United States under the New Deal.

We sincerely believe there must be a retrenchment in government spending, in government interfer-ence in business, in raids upon a

In taking this stand, and militantly fighting for it, we are not sub-sidized by any campaign fund. We do so because we feel the situation is serious enough to demand it for the preservation of our own business and that of free American institutions generally.

While expressing our own opinions, our columns are open to those who may take exception. An intelligent vote can be cast only by analyzing all sides of every question. Expressions of political opinion are welcome from our readers. We reserve the right, however, to reject any communication not based on reason or which may be too long to be accommodated by available

The Round-Up.

DURING the three days of Round-Up a large percentage of the population of Heppner visited the Pendleton show, and familiar faces could be seen liberally sprinkled throughout the crowd. The premier wild west show of the world at-tracted 24,000 visitors in all, and lived up to all advance notices. Adding to its light under the sun

the Round-Up this year was accorded a nation-wide radio broadcast, further taking it out of the class of purely local shows and giving it a place among the outstanding ma-jor attractions of the nation.

Surely, the Round-Up should be maintained. As Oberamergau de-picts the life of Christ, so Pendle-ton depicts a vital period in the development of the United States. It is a show that appeals to the heart of the nation. It is not just the Round-Up itself, but the combination of Round-Up and Happy Can-yon that gives the Pendleton event its claim to greatness.

As an organization accomplishing results in promoting consumption of wool and lamb, and thus helping to augment the county's income the Morrow County Woolgrowers auxiliary is worthy the support of everyone. The prosperity of Hepp-ner depends upon the prosperity of its basic industries. As the wool industry is one of the larger of these, its success is largely reflected in the general prosperity of the community. It would be a good act of reciprocation for the business this city has enjoyed from the wool industry if one woman out of every business firm in the city would join the local unit in its present membership drive. There is also a matter of pride to be considered. The first county unit of the state organization was established in this county. It is proper that it should stay in the lead. More who are attempting to keep it there.

President Roosevelt himself has blasted the "Wall Street" bogey applied to the republican party. Lest

his chances of carrying New York be jeopardized, he called Governor Lehman of that state into confer-ence and persuaded the governor to change his mind about not running for reelection. Lehman is the governor's good friend. Before the president changed his mind, he had

among the largest on Wall Street.

of toil, study and intelligent plan-ning. It is for the voters to decide

Changing the form of government

does not change economic laws. The profit system prevails under any form of government. The differ-ence lies in who shall benefit from

the profits. In America under democratic constitutional government,

the individual has been permitted

to use profits for expansion of his

own business. In Russia a group of

individuals take the profits and ex-

pend it as they see fit, giving the rest of the people such benefits as

thir conscience dictates. The New Deal copied the Soviet system when

it levied a heavy tax on corporation

surplus funds, which represent the

earnings of the corporation laid
