Mr. Fasnacht was a teacher in the local school in 1926-27.

corner. Therefore the writer went to a government functionary and told him, in probably the worst Italian ever spoken by human lips, that the people of Oregon would probably like to see some pictures of what Italy is doing with the new style, now about to make its first notable appearance in our own state. He appeared quite complimented, and promised to have pictures taken in all parts of Italy and send them to Berlin to be forwarded to me within seven days. He made a list of about twenty buildings but I told him to ship along what he had as soon as five or six good ones turned up.

In all the countries visited—except Germany—all the new buildings are in the new style. This is particularly noticeable to a traveler in the new hotels. They are undoubtedly convenient to use and pleasing to the eye and the imagination of seven people out of ten. In Italy the new style is particularly pleasing because it seems to fit in well with the older buildings in the so-called Mediterranean style. As to Germany, it is possible that Hitler is right, too. Certainly the new style does not match well with

OCTOBER 3-10, VISIT THE 4-H Club Exhibits AT PACIFIC INTERNATIONAL LIVESTOCK EXPOSITION

25,000 4-H CLUB MEMBERSHIPS provide character insurance for Oregon Youth

17,628 Oregon boys and girls, who completed 4-H Club projects last year, need no four-leaf clover "for luck". They have one in the insignia of the 4-H Clubs which is a symbol for "good living". This year, 25,000 will work for this award of merit.
Character, not chance, controls the destinies of these heirs-to-Oregon-agriculture, who add to the three R's their 4-H's—for clear Heads, loyal Hearts, useful Hands and better Health.
Oregon's prosperity will be safe in the hands of these 4-H Club workers. Last year they showed \$84,000 profit on projects involving \$228,000 worth of livestock and goods. Oregon's social system is soundly based upon this "younger generation" now being trained to earn while they learn the most modern methods of farming, livestock-raising, and homemaking, who early begin the practice of working in cooperation with their neighbors, in the 2030 Oregon 4-H Clubs.
Since 1911 when the state-wide 4-H Club movement was inaugurated, some of the most interesting and valued customers of The First National Bank of Portland have been 4-H Club members who can transact business like "old timers". Many years banking experience with 4-H Club workers has convinced us that membership in this great organization is real character-insurance and a sound foundation for credit.
