 As everyone knows, the actions and manners of a person or group of persons greatly determine their popularity and reputation. Thru all the past years Heppner high school has been noted for its courtesy of one student to another and of the members of the student body to the visitors. Also, several remarks have been made as to how courteous the Heppner football boys are to the visiting teams. This reputation is something to be very proud of and something to live up to. Why can't the students further their good reputation by cooperating with the Hehisch committee and staying in the grandstand during football games? It is very unpleasant to have half of the students running up and down the sidelines, stirring up a great deal of dust, and obstructing the view of the spectators in the grandstand. Won't everyone please cooperate in this way and stay in the grandstand? It is possible to see just as well, if not better, from there. Also, the yelling section needs the support of everyone up there with them. So this coming Friday, let's everyone stay in the grandstand. —Come to the Game Friday—

Class News
 The Biology class is at present being kept busy by gathering leaves for their note books. The Home Economics I class is busy this week making aprons to use while cooking. Home Economics II is cooking dinners and learning how to serve them in an attractive manner. The Art & Design class has been helping out by making posters to advertise the football games. The Smith-Hughes class has just received some new tools and have been busy fitting up their work shop. —Let's Take Condon Again—

School Spirit
 Some people were wondering about the noise they heard last Friday coming from the school. If those people only knew we played a game of football with Condon that day, they would have known it was a pep assembly. The assembly was held just before the football boys started for the game, and it was one of the peppiest ones of the school year. Much pep and enthusiasm were shown both in the songs and yells. This display indicates that there is plenty of school spirit in gold of Heppner high. —Help Support the Team—

Humor
 Have you ever seen: Mr. Grimes pheasant hunting? Homer Hayes in pursuit of certain high school students? Fred Hoskins chasing the girls at Condon? Andy Shoun on his way to Condon with a load of players? (If found, tell him the game's over and he may return.) The Coach leading the assembly in song? Typewriters with knee action? Absent-minded Bill? (Forgot to take his shoes to Condon.) The beautifully colored football? The laughing team in science? Mr. Pevey: Marvin, give me a sentence using "defeat" and "de-tail." Marvin: The cow jumped over the fence, and de-faunt went over before de-tail. . . . Do you know why the girls of the gay nineties were not as good athletes as the girls of today? Ans: They were "bustle-bound."

Imagine (if possible) a student body president getting two demerits for riding bicycles. —Last Home Game; Come On Out—

Interview With Mr. Tetz
 In reference to the game this Friday, Mr. Tetz, coach of the high school football team, said that the outcome of this game would indicate whether or not the team was going to click the rest of the season as it did last Friday against Condon. Up to the game with Condon, the team was meeting with much disappointment, but after their victory over Condon, a win this Friday would be a good indication that the team is headed for an excellent season.

Hampered by a small turnout, much time will be spent this week on the fundamentals, blocking and tackling, where Coach Tetz sees room for much improvement. There will also be much drill work in the perfection of the execution of the plays, as deception will be one of the main factors in winning the game, due to the fact that the team is so light. Some changes will be made in the center of the line, as some new centers are being broken in to the position. The team as a whole is in fairly good condition and ought to be in top shape for Friday's clash.

Mr. Tetz is pleased with the rising enthusiasm and spirit of the student body and urges everyone to come to the game, as it means a lot to our team to have a large crowd out to cheer them on. —Let's Everybody Go!—

Assembly
 Last Thursday two men from the Soil Conservation corps gave a picture show in the assembly showing how soil conservation was carried on in the great plains area. Several of the grades downstairs were invited to see this picture. It gave a very good account of the great plains during the World war up until today. The picture was followed by an excellent comedy. Later that evening at 8:00 o'clock these two boys gave the picture "Show Boat" at the gym. This was also good. —H.H.S.—

Grade News
 There have been several first grade pupils absent from school this week due to severe colds. The second is beginning work on their Halloween unit. They are making attractive decorations for their room. The second grade has received nine new library books for its library. The fourth grade is planning to make a Pilgrim scene on the table in back of their room. The sixth grade pupils presented a program Friday in their room, consisting of: Song, "Beautiful Blue Danube," James Kenny, James Barratt; poem, "Break, Break, Break," Dick Edmondson; Play, "The Lark and Her Young Ones," characters: Lois Blackburn, Dorothy Wilson, Eunice Gamin, Helen Knowles, Bobby Ball; song, "By the Old Mill Stream," Kingsley Chapin and Wilma Beymer. The eighth grade had a class meeting Friday. At this time Donald Bennett, class president, announced the committees for the Halloween party which is to be held Friday night at the gymnasium, as follows: Entertainment, Jack Vaughn, chairman, Peggy Tamblin; refreshments, Lorraine Bothwell, chairman, Kathryn Nys, Lucille Barlow; clean-up, Jack Morton, chairman, Hugh Crawford, Kay Ferguson.

Ritner Advocates Lower Producer Freight Rates
 In Heppner last week end, Roy W. Ritner, republican candidate for congress, was renewing old acquaintances in Morrow county and discussing ways and means of reducing freight rates for local shippers. Ritner visions a sharp reduction in rates as the Columbia river is opened up for greater shipping and is actively campaigning on this issue. Ritner was one of a group of men who many years ago saw the advantages water transportation held for farmers and the livestock industry. Probably best known in his capacity as manager of the Pendleton Round-Up, Ritner is a wheat raiser and stockman in the Pendleton district, and is a director of the North Pacific Grain Growers Assn. He also has been actively identified with the Inland Empire Waterways association and is one of its directors.
